

ORDINANCE NO. 2014-21

AN ORDINANCE AMENDING THE BASTROP CITY CODE OF ORDINANCES, APPENDIX A, FEE SCHEDULE, ARTICLE A13.02 "WATER AND WASTEWATER RATES AND CHARGES"; REPEALING CONFLICTING PROVISIONS; PROVIDING FOR SEVERABILITY; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, as a result of study and evaluation undertaken by the City of Bastrop, Texas, the City Council has determined that aging municipal water and wastewater infrastructure exists in some areas of the Bastrop community, with the majority of such infrastructure generally located in the central portions of the City, and further, that portions of the City's aging infrastructure does/will need to be updated and/or replaced in order to increase service reliability to the City's customers, as well as to improve the appearance and taste of water provided to the public; and

WHEREAS, after careful engineering and technical analysis, the City has determined that, due to increased demands resulting from population growth within the City, there is a potential that both the City's water and wastewater facilities and related infrastructure may not have the capacity to adequately handle the current or future demands for water and wastewater service placed upon such facilities and infrastructure; and

WHEREAS, the Council has determined that the City's past and present water and wastewater rates have not kept pace with the escalating funding requirements that are necessary for the City to provide routine and necessary water and wastewater infrastructure and facility upgrades and replacements; and

WHEREAS, projected City growth indicates a near-future need for construction and installation of new water and wastewater facilities and related infrastructure, which need is reflected and discussed in detail in the "City of Bastrop's Five Year Capital Improvements Program, dated April 15, 2014; and

WHEREAS, in order to address these critical needs, City Staff and the City's professional consultants have developed a multi-year program to finance the needed water and wastewater facility and infrastructure improvements, with the objectives of providing for the health, safety and welfare of Bastrop's citizens and providing for the orderly and equitable funding of these utility improvements which are necessary for the ongoing and future provision of water and wastewater services to the citizens of Bastrop; and

WHEREAS, the City Council of the City of Bastrop, Texas has determined that in order to continue the approved Capital Improvement and to properly provide water and wastewater service within the City, it is necessary to amend the City Code of Ordinances Chapter 13, and Appendix A: Fee Schedule Article A13.02 Water and Wastewater Rates and Charges, as noted below.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF BASTROP, TEXAS:

PART 1: That Appendix A: of the Code of Ordinances, entitled Fee Schedule Article A13.02 "Water and Wastewater Rates and Charges", shall be amended as follows:
