EXHIBIT "A"

Legal Description

BEING A 90.93 ACRE TRACT SITUATED IN THE TOWN TRACT OF BASTROP, ABSTRACT 11, BASTROP COUNTY, TEXAS, AND BEING ALL OF THAT CALLED 90.91 ACRE TRACT CONVEYED TO RON HEALY AS RECORDED IN VOLUME 1766, PAGE 165 OF THE OFFICIAL PUBLIC RECORDS OF BASTROP COUNTY, TEXAS (OPRBC), SAID 90.93 ACRES, AS SHOWN ON THE ACCOMPANYING SKETCH (PAGE 4 OF 4), BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

BEGINNING at a ½-inch iron rod found on the north line of the Missouri, Kansas, Texas Railroad, right-of-way conveyed in Book 13, Page 626 of the Deed Records of Bastrop County, Texas (DRBC), and being at the intersection of the north right-of-way line of Hawthorn Street with the west right-of-way line of Carter Street, both referred to as a 20 vara wide right-of-way on the Map of Bastrop, Texas recorded in Cabinet 1, Page 23A of the Plat Records of Bastrop County, Texas, said iron rod marking the southeast corner of said 90.91 acre tract;

THENCE S 86°44'48" W, with the north line of said railroad, same being the north line of said Hawthorn Street and the south line of said 90.91 acre tract, at 1113.59’ pass a ½” iron rod found and continuing 75.93’ for a total distance of 1189.52’ to a calculated point in the center of Piney Creek, same being the west terminal point of Hawthorn Street according to said Map of Bastrop same being an angle point in the north line of said railroad, as recorded in Volume 9, Page 53, DRBC, and being an angle point in the south line of said 90.91 acre tract;

THENCE N 18°06'58" W with the centerline of Piney Creek and with the north line of said railroad, same being the south line of said 90.91 acre tract, 22.99’ to a calculated angle point;

THENCE S 86°44'48" W, with the north line of said railroad, same being the south line of said 90.91 acre tract, at 96.35’ pass a ½” iron rod found and continuing 481.21’ for a total distance of 577.56’ to a ½” iron rod with SURVTEx plastic cap set on the north line of said railroad and the called east line of a called 58.74 acre tract conveyed to Kermit W. Fox in Volume 153, Page 249, DRBC, and being the southwest corner of said 90.91 acre tract, from which a concrete monument found marking the called southeast corner of said 58.74 acre tract bears S 02°24'00" E, 1.50’ for reference;

THENCE N 02°24'00" W, with the common line of said 90.91 acre tract and said 58.74 acre tract, 2249.26’ to a ½” iron rod found at a disturbed concrete monument at the base of a railroad tie fence corner post, said ½” iron rod being on the occupied south line of a called 5 acre tract conveyed to Woodrow Charles Froehlich by deed recorded in Volume 203, Page 9, DRBC, and marking the common north corner of said 90.91 acre tract and said 58.74 acre tract;

THENCE N 87°36'36" E, with the north line of said 90.91 acre tract, same being the occupied south line of said 5 acre tract, at 45.70’ pass a ½” iron rod with cap stamped “RPLS 4768” found marking the purported southeast corner of said 5 acre tract, same being the presumed southwest corner of the remaining portion of a called 41.27 acre tract conveyed to Sandra Dolgener, et al,
by deed recorded in Document No. 200813866 of the Official Public Records of Bastrop County, Texas, and continuing 786' (record distance = 626') to pass the approximate location of the common south corner of said 41.27 acre tract and a called 111 acre tract conveyed to John Odom (1/2 interest) and John and Ruby Kelly Odom (1/2 interest) by deeds recorded in Volume 150, Page 325, DRBC, and Volume 155, Page 184, DRBC, respectively, and continuing approximately 349' for a total distance of 1181.19' to a cotton spindle found in an asphalt roadway locally known as Reid's Bend (no recording information found) and marking an angle point in the north line of said 90.91 acre tract and lying on the south line of said 111 acre tract, same being the common west corner of a called 0.2166 acre tract conveyed to the County of Bastrop by deed recorded in Volume 326, Page 254, DRBC, and a called 0.2013 acre tract conveyed to the County of Bastrop by deed recorded in Volume 326, Page 256, DRBC;

**THENCE S 02°25'27" E**, with the north line of said 90.91 acre tract, same being the west line of said 0.2013 acre tract, 21.00' to a ½" iron rod with SURVTEX plastic cap set, from which a ½" iron rod found bears S 02°25'27" E, 4.26' for reference;

**THENCE S 85°59'30" E**, with a common line being a north line of said 90.91 acre tract, same being the south line of said 0.2013 acre tract, 125.63' to a ½" iron rod with SURVTEX plastic cap set marking an angle point in said common line, from which a ½" iron rod found bears S 02°28'27" E, 5.65' for reference;

**THENCE N 87°36'36" E**, continuing with said common line, 139.20' to a ½" iron rod with SURVTEX plastic cap set in the center of Piney Creek, same being an angle point in the north line of said 90.91 acre tract and being the southeast corner of said 0.2013 acre tract;

**THENCE N 18°18'09" E**, with centerline of Piney Creek, same being the north line of said 90.91 acre tract and the east line of said 0.2013 acre tract, 37.41' to a ½" iron rod with SURVTEX plastic cap set in the center of Piney Creek, marking an angle point in the north line of said 90.91 acre tract, same lying on the south line of said 111 acre tract, and being the common east corner of said 0.2013 acre tract and said 0.2116 acre tract;

**THENCE N 87°36'36" E** with a north line of said 90.91 acre tract and the south line of said 111 acre tract, 295.54' to a ½" iron rod found on the south line of said 111 acre tract marking the northeast corner of said 90.91 acre tract, same being the presumed north terminal point of the west line of the aforementioned Carter Street;
THENCE S 02°53'15" E with the east line of said 90.91 acre tract and the west line of Carter Street of a projection thereof, 2244.86' to the POINT OF BEGINNING and containing 90.93 acres of land, more or less.

Note: See notes on Page 4 of 4 for additional information regarding the Map of Bastrop (Cab. 1, Pg. 23A), The Missouri-Kansas-Texas Railroad, and Reids Bend.

A surveyor’s report of even date was prepared and issued in addition to this survey.

A. Purpose and Intent

The Piney Creek Bend PD is composed of approximately 90.91 acres, as described in Exhibit D (Field Notes). The development of this property is planned as a high quality, residential community with multiple residential product types.

Piney Creek Bend has been designed to create a walkable, pedestrian friendly neighborhood. The contents of this PD further explain and illustrate the overall appearance and function desired for this community. A Land Use Plan (Exhibit B) and Conceptual Lot Layout (Exhibit C) are attached to illustrate the general community vision and design. The Conceptual Lot Layout depicts a mix of residential products and open space areas that are contemplated within the community. The final Development shall not exceed a total of 170 residential lots.

B. Land Use Plan and Conceptual Lot Layout

The Conceptual Lot Layout (Exhibit C) which will be limited to a total of 170 residential lots is a schematic development plan intended to visually convey the design intent for the Piney Creek Bend community. The design of the community is not final, and is subject to refinement during the Preliminary and Final platting stages. This PD zoning document does not constitute plat or site plan approval of the attached plan.

Piney Creek Bend is composed of two single-family detached products. The project will include a cohesive network of open spaces, including parks, storm-water detention areas [if necessary], floodplain and trail corridors. The open space and trails system combined with the sidewalk network will be critical in establishing a walkable community.

The intent for this development is to save as many of the existing trees as possible. On each lot where native trees are not present or preserved in the front yard, the builder will install (2) - 2” caliper trees and 10 shrubs in the front yard during the construction of each residential unit. [No additional trees are required to be planted on a lot if at least two (2) native trees with a minimum diameter of 4” measured 18” above finished grade are preserved on the lot.]

C. Applicability and Base Zoning

All aspects regarding the development of this PD shall comply with the City of Bastrop Composite Zoning Ordinance, except as established in this exhibit, titled Exhibit A.
For the purpose of establishing development standards for the PD, base zoning districts have been selected from the Bastrop Composite Zoning Ordinance for the various residential products proposed within the PD.

- For Lots 6,000 - 7,199 sf. - Urban 5
- For Lots 7,200 sf. and above - Suburban 6

This PD allows the flexibility to mix the various residential products and define boundaries for each lot type during the platting process. Each plat submitted to the City will identify the type at the time of Final Plat submittal. In the case that this PD does not address a specific City requirement, the Bastrop Composite Zoning Ordinance shall apply. In the event of a conflict between this PD and the base-zoning district found in the Bastrop Composite Zoning Ordinance, the PD shall be the controlling document.

D. Residential Product Type Requirements

To ensure a variety and mix of residential product types within Piney Creek Bend, the following standards have been established:

1. Urban 5 (Single-Family Residential Detached) – 6,000 sf. lots
   Minimum of 50 lots but no more than 60% of the total single-family lot count.
2. Suburban 6 (Single-Family Residential Detached) – 7,200 sf. lots
   Minimum of 50 lots but no less than 40% of the single-family lot count.

Total residential lot layout shall not exceed 170 lots.

To allow architectural consistency with locally prevalent and regionally appropriate architectural styles, roof pitches lower than 4:12 will be allowed within the PD.

E. Lot Design Standards

Piney Creek Bend will include a mix of residential product types and sizes. The detached residential products have been broken into two categories based upon lot width and area. Detailed design standards are included within this PD as Table 1, and are based upon the type of residential product being constructed.

</table>

* A maximum of 10% of the lots may be less than the required area due to the geometry of a cul-de-sac or other geographic feature.
** Corner lots shall be ten feet (10’) wider to provide for the additional side setback.
*** Minimum of 50 lots but no more than 60% of the total single-family lot count
**** Minimum of 50 lots but no less than 40% of the single-family lot count
F. Garage / Parking Standards

All garage and parking standards established in the City of Bastrop Code of Zoning Ordinances shall apply.

G. Fencing

All lots that back onto parks or floodplain areas shall utilize 6 foot, wrought iron or decorative tubular metal view fencing.

H. Flag Lots

In order to provide a legal lot for the detention ponds [if necessary] within the Piney Creek Bend subdivision, the minimum flag lot width shall be fifteen (15) feet. This provision shall not apply to residential lots.

I. Trails and Parkland

A substantial portion of the site will be dedicated as parkland/open space and development of the site will include a trail system tying back into the sidewalks creating a network of pedestrian ways within the community that can ultimately be connected to and become a critical link in the regional trail system envisioned by the City. A proposed Land Use Plan with a schematic layout of proposed trails is shown on attached Exhibit B. Parkland and Open Space will be a minimum of 25 acres.

J. Street Standards

Right-of-way dedication for all public streets shall conform to current City regulations at the time of platting. Street widths shall be a minimum of 26’ (twenty-six feet) face-of-curb to face-of-curb within the Piney Creek Bend subdivision. Cul-de-sacs shall have a minimum radius of 50’ (fifty feet).

K. Term, Expiration and Extension of the PD

The PD applicable to the Piney Creek Bend Development shall have a term of a maximum of ten (10) years (“Term”), at which time the PD shall automatically expire, without further notice or action by the City. However, in the event that the Developer has successfully completed a minimum of sixty percent (60%) of the
construction of the infrastructure and completed construction of at least sixty (60%) of the residential structures in the Development, as shown on the final Site Plan for the Development that has been approved and accepted by the City, and if the Developer desires to continue development of the PD, on or before 120 days prior to the expiration date of the 10 year Term of the PD, the Developer must submit a written request for an extension of the Term of the PD to the City Manager, providing documentation of the progress made in the Development of the Piney Creek Bend Subdivision, to date, and requesting the City grant an extension to same, identifying the exact length of the extension sought. Upon receipt of the written request, the Director of Planning and Development and the City Manager will coordinate a hearing before the Council, at a regular agenda, at which time the Council will hear and take action on the Developer's requested extension to the Term of the Piney Creek Bend PD. Any extension granted will be noted in the minutes of the Council and appended to this PD as an amendment to this Ordinance.
EXHIBIT B: PINEY CREEK BEND- LAND USE PLAN

This plan is conceptual. The street layout and parking areas have not been reviewed by staff. The proposed improvements will require changes noted in the development agreement or PUD document.
