Dear Secretary Buttigieg:

Re: RAISE Grant Application
Colorado River Pedestrian Crossing "Old Iron Bridge" in Bastrop, Texas

On behalf of Bastrop County Historical Society and Museum, I am writing in support of the application for a Rebuilding American Infrastructure with Sustainability and Equity (RAISE) Discretionary Grant for the rehabilitation of the pedestrian bridge over the Colorado River, also known as the Old Iron Bridge, in the City of Bastrop, Texas. The proposed improvements to the Old Iron Bridge are both necessary and urgent to increase safety for vulnerable roadway users, increase mobility and connectivity for non-motorized users, increase equity and accessibility for travelers, and improve resiliency and environmental sustainability. The rehabilitation of the Bridge would also contribute to the economic growth of Bastrop's Main Street and restore an iconic historic resource key to Bastrop's identity.

The Old Iron Bridge is an important multi-modal connection across the Colorado River, linking two sides of the City of Bastrop and providing a gateway to the Historic Commercial District. The Bridge serves as an integral part of the City's efforts to increase multi-modal travel, improve safety and connectivity, reduce energy consumption, and preserve the environmental integrity of the area, while enhancing the economic vitality of the City of Bastrop.

The project contributes to meeting the strategic goals for the region of safety, mobility, stewardship, economic development, equity, and innovation. I appreciate your support of projects in Texas that lead to further investment in our communities, and projects that will create and retain jobs, improve the quality of life in our state, and preserve our culture. I strongly urge your support of full funding for the project.

Thank you for your consideration and please feel free to contact me at jleisure10@gmail.com should you have questions or require additional information.

Respectfully,

Jennifer Leisure
