

RESOLUTION NO. R-2024-87

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BASTROP, TEXAS, APPROVING THE FINANCIAL MANAGEMENT POLICY, WHICH IS ATTACHED AS EXHIBIT A; PROVIDING FOR A REPEALING CLAUSE AND ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, it is the responsibility of local government to ensure that public funds are managed in a prudent and financially sound manner; and

WHEREAS, the City of Bastrop Financial Management Policy was last adopted by City Council in August 22, 2023; and

WHEREAS, financial policies provide guidelines for managing risk and assisting the City in complying with established public management best practices, while ensuring compliance with federal, state and local laws and reporting requirements; and

WHEREAS, this policy has been updated to reflect minor changes; and

WHEREAS, the City Council requests that the Financial Management Policy be reviewed and adopted annually by Council as a part of the budget adoption process to ensure this policy is current with State Law and appropriately addresses operational needs.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BASTROP, TEXAS:

SECTION 1: The City Council hereby approves the City of Bastrop Financial Management Policy, which is attached as Exhibit A, and requests that it be reviewed and adopted annually as a part of the Budget adoption process.

SECTION 2: Any prior resolution of the City Council in conflict with the provisions contained in this resolution are hereby repealed and revoked.

SECTION 3: Should any part of this resolution be held to be invalid for any reason, the remainder shall not be affected thereby, and such remaining portions are hereby declared to be severable.

SECTION 4: This resolution shall take effect immediately from and after its passage, and it is duly resolved.

DULY RESOLVED AND ADOPTED by the City Council of the City of Bastrop, Texas on the 23rd day of July 2024.

CITY OF BASTROP, TEXAS

PURPOSE STATEMENT

The overriding goal of the Financial Management Policy is to enable the City to achieve a long-term stable and positive financial condition while conducting its operations consistent with the Council-Manager form of government established in the City Charter. The watchwords of the City's financial management include integrity, prudent stewardship, planning, accountability, and full disclosure.

The purpose of the Financial Management Policy is to provide guidelines for the financial management staff in planning and directing the City's day-to-day financial affairs and in developing recommendations to the City Manager.

The scope of the policies spans accounting, auditing, financial reporting, internal controls, operating and capital budgeting, revenue management, cash management, expenditure control and debt management.

ACCOUNTING, AUDITING, AND FINANCIAL REPORTING

ACCOUNTING

The City of Bastrop finances shall be accounted for in accordance with generally accepted accounting principles as established by the Governmental Accounting Standards Board. The fiscal year of the City shall begin on October first of each calendar year and shall end on September thirtieth of the following calendar year. This fiscal year shall also be established as the accounting and budget year. Governmental fund types use the modified accrual basis of accounting, revenues are recognized when susceptible to accrue (i.e., when they are measurable and available). Expenditures are recognized when the related funds liability is incurred, if measurable, except for principal and interest on general long-term debt, which are recorded when due.

Proprietary fund types are accounted for on a full accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred.

FUNDS

Self-balancing groups of accounts are used to account for city financial transactions in accordance with generally accepted accounting principles. Each fund is created for a specific purpose except for the General Fund, which is used to account for all transactions not accounted for in other funds. Governmental funds are used to account for the government's general government activities and include the General, Special Revenue, Debt Service and Capital Project funds. A new Capital Fund should be created for each debt issuance.

EXTERNAL AUDITING

The City will be audited annually by outside independent auditors. The auditors must be a CPA firm of national reputation and must demonstrate that they have the breadth and depth of staff to conduct the City's audit in accordance with generally accepted auditing standards, generally accepted government auditing standards, and contractual requirements. The auditors' report on the City's financial statements including any federal grant single audits will be completed within 120 days of the City's fiscal year end, and the auditors' management letter will be presented to the city staff within 150 days after the City's

fiscal year end. An interim management letter will be issued prior to this date if any materially significant internal control weaknesses are discovered. The city staff and auditors will jointly review the management letter with the City Council within 60 days of its receipt by the staff.

EXTERNAL AUDITORS RESPONSIBLE TO CITY COUNCIL

The external auditors are accountable to the City Council and will have access to direct communication with the City Council if the city staff is unresponsive to auditor recommendations or if the auditors consider such communication necessary to fulfill their legal and professional responsibilities.

EXTERNAL AUDITOR ROTATION

The City will not require external auditor rotation but will circulate requests for proposal for audit services periodically, normally at five-year intervals or less.

EXTERNAL FINANCIAL REPORTING

The City will prepare and publish an Annual Comprehensive Financial Report (ACFR). The ACFR will be prepared in accordance with generally accepted accounting principles and may be presented annually to the Government Finance Officers Association (GFOA) for evaluation and possible awarding of the Certification of Achievement for Excellence in Financial Reporting. The ACFR will be published and presented to the City Council within 180 days after the end of the fiscal year. City staffing and auditor availability limitations may preclude such timely reporting. In such case, the Chief Financial Officer will inform the City Manager and the City Manager will inform the City Council of the delay and the reasons, therefore.

INTERNAL CONTROLS

WRITTEN POLICIES & PROCEDURES

The Finance Department is responsible for developing city-wide written policies & procedures on accounting, cash handling, and other financial matters. The Policies will be reviewed by the City Manager and approved by the City Council. The procedures will only need approval by the City Manager.

The Finance Department will assist department managers as needed in tailoring these written procedures to fit each department's requirements.

INTERNAL AUDIT

The Finance Department may conduct reviews of the departments to determine if the departments are following the written procedures as they apply to the departments.

Finance will also review the written policies and procedures on accounting, cash handling and other financial matters. Based on these reviews Finance will recommend internal control improvements as needed.

DEPARTMENT MANAGERS RESPONSIBLE

Each department manager is responsible to the City Manager to ensure that good internal controls are followed throughout his or her department, that all guidelines on accounting and internal controls are implemented, and that all independent and internal control recommendations are addressed.

OPERATING BUDGET

PREPARATION

The City's "operating budget" is the City's annual financial operating plan. It consists of governmental and proprietary funds, including the general obligation debt service fund. The budget is prepared using the same basis of accounting as the audited financial statements. The budget is prepared by the City Manager with the assistance of the Chief Financial Officer and cooperation of all city departments. The City Manager transmits the document to the City Council thirty (30) days prior to the commencement of the fiscal year per the City Charter. The budget should be enacted by the City Council prior to the fiscal year beginning. The operating budget may be submitted to the GFOA annually for evaluation and possible awarding of the Award for Distinguished Budget Presentation.

The budget document presented to Council will be in compliance with Article VI Section 6.02 of the City Charter.

A copy of the proposed budget shall be filed with the City Secretary, at the Public Library and available on the City's website when it is submitted to the City Council in accordance with the provisions of the City Charter Article VI Section 6.03.

At the Council meeting at which time the budget is submitted, the Council shall, in conformance with the requirements of state law, cause to be published the date, time, and place of a Public Hearing. At this hearing, interested citizens may express their opinions concerning items of expenditure, giving reasons for wishing to increase or decrease any such items. This is in accordance with the provisions of the City Charter Article VI Section 6.04.

After a public hearing, the Council shall analyze the budget, making any additions or deletions considered appropriate, and shall, at least three (3) days prior to the beginning of the fiscal year, adopt the budget by a favorable vote. This in accordance with the provisions of the City Charter Article VI Section 6.05.

On final adoption, the budget shall be in effect for the budget year. Final adoption of the budget by City Council shall constitute the official appropriations of proposed expenditures for the year and shall constitute the basis of the official levy of the property tax as the amount of tax to be assessed and collected for that tax year. This in accordance with City Charter Article VI Section 6.06.

BALANCED BUDGETS

An operating budget will be balanced, with current revenues, inclusive of beginning resources, greater than or equal to current operating expenditures/expenses.

PLANNING

The budget process will begin with a Staff Budget Retreat followed by a Council Budget Workshop to provide direction to the City Manager on goals of the organization. From Jan. – April, each Department Director will enter their line item budgets into the budget software. Starting in June, meetings are scheduled with the City Manager, Chief Financial Officer, and Department Directors, to review their budget submittals. The City Manager submits a proposed budget to the City Council before the end of July. The City Council will conduct budget workshops as necessary.

REPORTING

Periodic financial reports are available within the City's ERP program to enable the department managers to manage their budgets and to enable the Finance Department to monitor and control the budget as approved by the City Council. Summary monthly financial reports will be presented to the City Council within 45 days after the end of each month, if council meetings do not interfere with reporting requirement. Such reports will include current year revenue and expenditure budgets and year-to-date actual figures for all major funds.

The City uploads the monthly financial transactions to their website monthly.

CONTROL

Operating Expenditure Control is addressed in another section of the Policies.

PERFORMANCE MEASURES

Where appropriate, performance measures and productivity indicators will be used as guidelines and reviewed for efficiency and effectiveness. This information will be included in the final budget document.

CAPITAL BUDGET

PREPARATION

The City's Capital Budget will be included in the City's Operating Budget. The Capital Budget will be prepared by the City Manager with assistance from the Finance Department and involvement of all required city departments.

APPROPRIATION

An appropriation for a capital expenditure shall continue in force until the purpose for which it was made has been accomplished or abandoned.

CONTROL

All capital project expenditures must be appropriated in the capital budget. Finance must certify the availability of resources so an appropriation can be made before a capital project contract is presented by the City Manager to the City Council for approval.

ALTERNATE RESOURCES

Where applicable, assessments, impact fees, or other user- based fees should be used to fund capital projects which have a primary benefit to certain property owners.

DEBT FINANCING

Recognizing that debt is usually a more expensive financing method, alternative financing sources will be explored before debt is issued. When debt is issued, it will be used to acquire major assets with expected lives that equal or exceed the average life of the debt issue. The exceptions to this requirement are the traditional costs of marketing and issuing the debt, capitalized labor for design and construction of capital projects, and small component parts which are attached to major equipment purchases.

REPORTING

Financial reports will be available to enable the department managers to manage their capital budgets and to enable the finance department to monitor the capital budget as authorized by the City Manager. The City uses a software to track capital projects. The projects are updated quarterly and available for review on our website.

REVENUE MANAGEMENT

SIMPLICITY

The City will strive to keep the revenue system simple which will result in a decrease of compliance costs for the taxpayer or service recipient and a corresponding decrease in avoidance to pay.

CERTAINTY

An understanding of the revenue source increases the reliability of the revenue system. The City will understand its revenue sources and enact consistent collection policies so that assurances can be provided that the revenue base will materialize according to budgets and plans.

EQUITY

The City will strive to maintain equity in the revenue system structure. It is recognized that public policy decisions may lead to subsidies in certain circumstances, e.g., Over 65 property tax exemptions.

ADMINISTRATION

The benefits of revenue will exceed the cost of producing the revenue. The cost of collection will be reviewed annually for cost effectiveness as a part of the indirect cost, and cost of services analysis.

REVENUE ADEQUACY

The City will require that there be a balance in the revenue system. That is, the revenue base will have the characteristic of fairness and neutrality as it applies to cost of service, willingness to pay, and ability

to pay.

COST/BENEFIT OF ABATEMENT

The City will use due caution in the analysis of any tax, fee, or water and wastewater incentives that are used to encourage development. A cost/benefit (fiscal impact) analysis will be performed as a part of such analysis and presented to the appropriate entity considering using such incentive.

DIVERSIFICATION AND STABILITY

In order to protect the government from fluctuations in revenue source due to fluctuations in the economy, and variations in weather (in the case of water and wastewater), a diversified revenue system will be sought.

NON-RECURRING REVENUES

One-time revenues will not be used for ongoing operations. Non-recurring revenues will be used only for non-recurring expenditures. Care will be taken not to use these revenues for budget balancing purposes.

PROPERTY TAX REVENUES

For every annual budget, the City shall levy two property tax rates: Maintenance & Operations and Interest & Sinking (debt service). The debt service levy shall be sufficient for meeting all principal and interest payments associated with the City's outstanding general debt obligations for that budget year. The debt service levy and related debt service expenditures shall be accounted for in the Debt Service Fund. The maintenance and operations levy shall be accounted for in the General Fund. The City will adhere to state law when calculating these tax rates. Property shall be assessed at 100% of the fair market value as appraised by the Bastrop Central Appraisal District. Reappraisal and reassessment shall be done regularly as required by State law. A 97% collection rate will serve as a minimum goal for tax collection, with the delinquency rate of 4% or less. The 97% rate is calculated by dividing total current year tax collections for a fiscal year by the total tax levy for the fiscal year.

All delinquent taxes will be pursued as part of the collection contract the City has with the Bastrop County Tax Assessor/Collector.

USER-BASED FEES

For services associated with a user fee or charge, the direct and indirect costs of that service will be offset by a fee where possible. There will be an annual review of fees and charges to ensure that fees provide adequate coverage of costs and services.

GENERAL AND ADMINISTRATIVE CHARGES

A method will be maintained whereby the General Fund can impose a charge to the enterprise/proprietary funds for general and administrative services (overhead allocation) performed on the funds' behalf. The details will be documented and said information will be maintained in the Finance

Department.

TRANSFER FROM ELECTRIC FUND

There will be a transfer from the Electric Fund to the City's General Fund which represents a Return on Investment (payment in lieu of taxes). This transfer should not exceed 11% of the total proposed revenue of the Electric Fund for that budget year.

UTILITY RATES

The City will strive to review utility rates annually and, if necessary, adopt new rates to generate revenues required to fully cover operating expenditures, meet the legal restrictions of all applicable bond covenants, and provide for an adequate level of working capital needs. This policy does not preclude drawing down cash balances to finance current operations. However, it is best that any extra cash balance be used instead to finance capital projects.

INTEREST INCOME

Interest earned from investment of available monies that are pooled will be distributed to the funds monthly in accordance with the claim on cash balance of the fund from which monies were provided to be invested.

REVENUE MONITORING

Revenues received will be regularly compared to budgeted revenues and variances will be investigated. This process will be summarized in the monthly financial report to Council.

EXPENDITURE CONTROL

OPERATING EXPENDITURES

Shall be accounted, reported, and budgeted for in the following categories:

1. Personnel Costs
2. Supplies and Materials
3. Maintenance and Repairs
4. Occupancy
5. Contractual Services
6. Other Charges
7. Contingency

APPROPRIATIONS

The level of budgetary control is the fund level budget in all Funds. Transfers between departments over \$25,000 will still require City Council approval. Transfers between expenditure accounts within a department may occur with the approval of the Department Director. City Manager approval is required if transferring from personnel accounts, capital accounts within a department, and transfers between

departments. When budget adjustments (i.e., amendments), are required between funds or between departments over \$25,000, these must be approved by the City Council through an Ordinance. Transfers between departments within the General Fund under the \$25,000 amount will be reported to City Council through the quarterly report.

CONTINGENCY ACCOUNT

The General Fund Contingency Account will be budgeted at a minimal amount (\$35,000). Increases to the contingency account must be approved by City Council.

CONTINGENCY ACCOUNT EXPENDITURES

The City Council must approve all contingency account expenditures over \$35,000. The City Manager must approve all other contingency account expenditures and report them to City Council.

PURCHASING CONTROL

All purchases shall be made in accordance with the City's Purchasing Policy. Authorization levels for appropriations previously approved by the City Council are as follows: below Directors \$1,000 (Directors can request to have this amount raised by submitting a written request to the Finance Department), for Directors up to \$9,999, for Chief Financial Officer up to \$14,999, and with any purchases exceeding \$15,000 to be approved by the City Manager.

PROFESSIONAL SERVICES

Professional services will generally be processed through a request for proposals process, except for smaller contracts. The City Manager may execute any professional services contract less than \$50,000 provided there is an appropriation for such contract.

PROMPT PAYMENT

All invoices will be paid within 30 days of receipt in accordance with the prompt payment requirements of State law. Procedures will be used to take advantage of all purchase discounts where considered cost effective. However, payments will also be reasonably delayed in order to maximize the City's investable cash, where such delay does not violate the agreed upon terms.

ASSET MANAGEMENT

INVESTMENTS

The City's investment practices will be conducted in accordance with the City Council approved Investment Policies.

CASH MANAGEMENT

The timing and amount of cash needs and availability shall be systematically projected in order to maximize interest earnings from investments.

INVESTMENT PERFORMANCE

A quarterly report on investment performance will be provided by the Chief Financial Officer to the City Council in accordance with the City's Investment Policy.

FIXED ASSETS AND INVENTORY

The City of Bastrop's Purchasing Policy defines Fixed Assets and "Minor Capital Outlay" items as items with a value over \$1,000 and with a life expectancy of two (2) or more years. Asset control will be conducted in accordance with the City Council approved Purchasing Policy Sec. IV which includes annual inventory count, proper disposal, and security measures. The Finance Department has procedures in place to capture these types of purchases, make sure they are added to the Fixed Asset List and be placed on the insurance. All departments should have procedures in place for proper maintenance of all city assets.

VEHICLE AND EQUIPMENT REPLACEMENT FUND

PURPOSE

The purpose of establishing a Vehicle and Equipment Replacement Fund (VERF), policy is to establish a decision-making process and criteria for purchase, replacement, elimination, and disposition of vehicles and equipment. The policy also establishes procedures to ensure those adequate funds will be available to purchase fleet assets and technology equipment, stabilizing the budgeting for major fleet and technology purchases, and provide sufficient cash flows for annual purchases of equipment greater than or equal to \$10,000.

ROLES AND RESPONSIBILITIES

Each department shall designate a fleet manager(s) to be responsible for oversight of department vehicles, equipment, and technology, and to ensure all equipment is safe, cost effective and meets the needs of the user department, and determining "best value" choosing the equipment to be purchased.

A Fleet Advisory Committee (FAC) should be established with the appropriate staff members, usually consisting of each departmental fleet manager(s). The committee will consider department requests in comparison to determination which assets to be purchased, replaced or eliminated annually. The FAC will provide an annual recommendation to the City Manager as part of the annual budget process for fleet purchases, replacements, eliminations and/or any other changes regarding fleet management.

FLEET INVENTORY

By November 1 of every year a physical inventory of all fleet assets shall be completed. By December 15 of each year, the City Finance Department shall distribute an inventory of all fleet assets to the Department Heads. By January 15 of each year, the FAC shall verify the accuracy of the inventory. The

final inventory shall include asset number (VIN #), description of asset (make, model, year), division or program the asset is assigned, and the mileage or hours of operation.

FUNDING OF FLEET ASSETS

All fleet assets purchased out of the VERN fund are owned by the fund and leased to the user departments. All assets purchased through the VERN are approved during the regular budget process prior to purchase. Accessories for fleet assets may be funded by the VERN as follows:

- (1) Accessories that will be funded by the VERN
 - (a) Initial purchase of accessories attached to the unit or required for the unit to perform its intended function.
 - (b) PC peripherals, i.e., wiring and laptop mounts.
 - (c) Accessories must be included in total cost of vehicle/equipment purchase.
- (2) Accessories that will not be funded by the VERN
 - (a) Maintenance items or services.
 - (b) Accessories added to the unit or replaced after the initial purchase is made and the unit is put into service.

All user departments will be charged an annual lease fee for each fleet asset allocated to their use from the VERN. Such fee will provide funds to purchase replacement assets. Money received from assets sold as surplus property will be credited to the VERN.

For vehicles and equipment that are not currently funded in the VERN, the FAC shall make recommendations as to how to fund replacement of the vehicles and/or equipment and present these recommendations as part of the annual budget process.

The purchasing of fleet through the VERN fund follow the same purchasing policy and procedures as any purchase would require.

VERN REVENUES

Departments will be charged an annual lease fee for assets assigned to them. Lease fees will be calculated in accordance with the following formula:

$$[A-B]/\text{Life} * C = X$$

A=Actual Vehicle and/or Equipment Cost

B=50% of Estimated Salvage Value

C=Inflation Factor

X=Normal Annual Lease Fee Charge

Life=Expected Life of Unit (See Replacement Criteria)

Charges to user departments will be reviewed periodically by the FAC. Lease fees may be adjusted during the annual budget process to ensure the adequacy of the VERN fund balance or to ensure the fund is not over funded. This analysis will include an anticipated cash flow examination that estimates the fund balance for the lease life of all assets.

FLEET ASSET REPLACEMENT CRITERIA

The department fleet manager shall annually identify assets that are candidates for replacement or elimination from the fleet as determined by the following replacement criteria:

Vehicle/Equip Category	Age (Years)	Mileage/Hours
Patrol Sedans	5	85,000 miles
Other Police Vehicles	7-10	100,000 miles
Heavy Equipment (Dump Trucks, backhoes, Street Equip. etc.)	10-20	Varies
Mowers	5-7	Varies
Trucks	7-10	Varies
Fire Trucks	10-20	Varies

By December 15 the FAC will confer with departments to review the departmental requests for the upcoming budget year. This will include discussion of request for additions to the fleet and the identification of assets for replacement or elimination to be considered for the next budget preparation cycle. The FAC shall make all recommendations for fleet additions, replacements or eliminations by February 15. By March 1, the CFO or designee shall calculate proposed lease fees using the lease fee calculation. Estimated costs will be used for inclusion in departmental budgets for the upcoming fiscal year.

All vehicle and equipment replacements are considered proposed until such time as the next year's budget is formally approved by Council. Department fleet managers are responsible to provide new title, VIN #s and all other pertinent information to the City Finance Dept. when the new vehicle and/or equipment is acquired. The Finance Department will be responsible for making sure all assets are properly insured.

For vehicles that are used frequently but incur very few miles, the replacement criteria may be exceeded, provided the vehicle remains safe and is economical to operate. Each year, these vehicles will be reviewed for replacement projections.

The finance department will be responsible for following the policy for disposal of assets when fleet is recognized as needing to be replaced or eliminated.

FINANCIAL CONDITION AND RESERVES

NO OPERATING DEFICITS

Current expenditures should be paid with current revenues. Deferrals, short-term loans, or one-time sources should be avoided as budget balancing technique. Reserves will be used only for emergencies on non-recurring expenditures, except when balances can be reduced because their levels exceed guideline minimums.

OPERATING RESERVES

Failure to meet these standards will be disclosed to the City Council as soon as the situation is recognized and a plan to replenish the ending resources over a reasonable time frame shall be adopted. This should be followed by a plan to mitigate the re-occurrence of this type of shortfall in the future.

1. The General Fund ending fund balance will be maintained at an amount up to three months' worth of estimated expenditures or at a level of 25% of budgeted operating expenditures.
2. The Enterprise/ Proprietary Funds will be maintained at a minimum level of 35% of budgeted operating expenditures.
3. Fund balances which exceed the minimum level established for each fund may be appropriated for non-recurring capital projects.

RISK MANAGEMENT PROGRAM

The City Council adopts an Investment Policy annually that outlines the investment strategy guidelines with the first goal being the safety of public funds. These policies mitigate the risk associated with investing these public funds.

LOSS FINANCING

All reasonable options will be investigated to finance losses. Such options may include risk transfer, insurance, and risk retention. Where risk is retained, reserves will be established based on a calculation of incurred but not reported claims, and actuarial determinations and such reserves will not be used for any purpose other than for financing losses.

ENTERPRISE/ PROPRIETARY FUND SELF-SUFFICIENCY

The City's enterprise funds' resources will be sufficient to fund operating and capital expenditures. The enterprise funds will pay (where applicable) their fair share of general and administrative expenses, in-lieu-of-property taxes and/or franchise fees. If an enterprise fund is temporarily unable to pay all expenses, then the City Council may waive general and administrative expenses, in-lieu-of-property taxes and/or franchise fees until the fund is able to pay them.

HOTEL OCCUPANCY TAX FUND

The Hotel Occupancy Tax Fund reserve level needs to be sufficient to allow the fund to operate if a downturn in the economy occurred. Sufficient level of reserves should be a minimum of the annual Convention Center debt payment, Community Asset funding, and fifty percent (50%) of Visit Bastrop funding for the current year of expenditures to allow the City to ensure continuity of the organizations promoting tourism. Policy makers will need to determine priorities and funding levels should the economic downturn be expected to exceed this minimum reserve amount.

COMPREHENSIVE FUND BALANCE POLICY

BACKGROUND

The Governmental Accounting Standards Board (GASB) issued Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions (GASB-54). The primary objective of this standard is to improve the usefulness and comparability of fund balance information by reporting fund balance in more intuitive and meaningful components. This standard also clarifies the definitions of the different types of funds the governmental entity may set up for financial reporting purposes.

GASB-54 requires that written policies be formally adopted by the governing body depicting the procedures that will be used for committing fund balance, assigning fund balance, how stabilization funds will be determined, order of spending the fund balance categories, minimum fund balance levels, and use of governmental fund types.

FUND BALANCE CATEGORIES

Non-Spendable – Fund balance reported as “non-spendable” represents fund balance associated with inventory or prepaid items. The cash outlay for these types of items has already been made and therefore the resources represented by this fund balance category cannot be spent again.

Restricted – Fund balance reported as “restricted” represents amounts that can be used only for the specific purpose determined by law or by the external providers of those resources.

Committed – Fund balance reported as “committed” includes amounts that can be used only for specific purposes determined by a formal action and approval by City Council.

Assigned – Fund balance reported as “assigned” represents amounts intended to be used for specific purposes, but not meeting the criteria to be reported as committed or restricted fund balance.

Unassigned – Fund balance reported as “unassigned” represents the residual classification of fund balance and includes all spendable amounts not contained within the other classifications.

POLICY ON COMMITTED FUNDS

In accordance with GASB-54, it is the policy of the City of Bastrop that fund balance amounts will be reported as “Committed Fund Balance” only after formal action and approval by the City Council. The action to constrain amounts in such a manner must occur prior to year-end; however, the actual dollar amount may be determined in the subsequent period.

For example, the City Council may approve a motion to report within the year-end financial statements each year, if available, an amount equal to two months of operating expenditures as Committed Fund Balance for Stabilization (see also Policy on Stabilization of Funds). The dollar amount to be reported as stabilization funds might not be known at the time of approval. This amount can be determined later when known and appropriately reported within the year-end financial statements due to the governing body approving this action before year-end.

It is the policy of the City of Bastrop that the governing body may commit fund balance for any reason that is consistent with the definition of Committed Fund Balance contained within GASB-54. Examples of reasons to commit fund balance would be to display intentions to use portions of fund balance for future capital projects, stabilization funds, or to earmark special General Fund revenue streams unspent at year-end that are intended to be used for specific purposes.

After approval by the City Council, the amount reported as Committed Fund Balance cannot be undone without utilizing the same process required to commit the funds. Therefore, it is the policy of the City of Bastrop that funds can only be removed from the Committed Fund Balance category after motion and approval by the City Council.

POLICY ON ASSIGNING FUNDS

In accordance with GASB-54, funds that are intended to be used for a specific purpose but have not received the formal approval action at the governing body level may be recorded as Assigned Fund Balance. Likewise, redeploying assigned resources to an alternative use does not require formal action by the governing body.

GASB-54 states that resources can be assigned by the governing body or by another internal body or person whom the governing body gives authority to do so, such as a budget committee or the Chief Finance Officer. Therefore, having considered the requirements to assign fund balance, it is the policy of the City of Bastrop that the Chief Finance Officer will have the authority to assign fund balance of this organization based on intentions for use of fund balance communicated informally by the governing body.

POLICY ON STABILIZATION OF FUNDS

The City desires that a specific amount of fund balance be maintained perpetually to provide for emergencies, contingencies, revenue shortfalls, or budgetary imbalances that may occur from time to time. This formal set-aside of fund balance is commonly known as "Stabilization Funding". Therefore, it is the policy of this City that, if available, an amount up to two months' worth of regular General Fund Operating expenditures be reported as Committed Fund Balance for stabilization each year in the year-end external financial statements of the City.

In the absence of a formal action by the governing body in any given year specifying the desire to report committed fund balance for stabilization funds of up to one month of regular General Fund operating expenditures, if available, the formal adoption of this policy by the governing body will be deemed to serve as the formal action required to commit fund balance for stabilization funds. If at year-end, an amount less than two months of operating expenditures is available within fund balance that is not already reserved or committed for other purposes, then it is the policy of the City to record all remaining fund balance amounts as Committed Fund Balance for Stabilization.

POLICY ON ORDER OF SPENDING RESOURCES

It is the policy of the City of Bastrop that when expenditures are incurred that would qualify as expenditures of either Restricted Fund Balance or Unrestricted Fund Balance (Committed, Assigned, or Unassigned), those expenditures will first be applied to the Restricted Fund Balance category.

Furthermore, it is the policy of this City that when expenditures are incurred that would qualify as a use of any of the Unrestricted Fund Balance categories (Committed, Assigned, or Unassigned), those expenditures will be applied in the order of Committed first, then Assigned, and then Unassigned.

REVIEW OF GOVERNMENTAL FUND CLASSIFICATIONS

The City of Bastrop desires that the governmental fund types available for use in governmental financial reporting be appropriately selected based on the GASB-54 definitions of these fund types. Furthermore, the fund balance categories utilized within each of these fund types are also to be appropriately selected from the new GASB-54 classifications.

Therefore, after consideration of the purpose of each governmental fund type, it is the policy of the City of Bastrop to limit the fund balance categories that may be used with each governmental fund type as follows:

General Fund – Non-Spendable, Restricted, Committed, Assigned, and Unassigned.

Debt Service Funds – Restricted, Committed, and Assigned.

Capital Project Funds – Restricted, Committed, and Assigned.

Special Revenue Funds – Non-Spendable, Restricted, Committed, and Assigned.

DEBT MANAGEMENT

SELF-SUPPORTING DEBT

When appropriate, self-supporting revenues will pay debt service in lieu of tax revenues.

ANALYSIS OF FINANCING ALTERNATIVES

The City will explore all financing alternatives in addition to long-term debt including leasing, grants and other aid, developer contributions, impact fees, and use of reserves or current monies.

VOTER AUTHORIZATION

The City shall obtain voter authorization before issuing General Obligation Bonds as required by law. Voter authorization is not required for the issuance of Revenue Bonds and Certificates of Obligation. However, the City may elect to obtain voter authorization for Revenue Bonds.

BOND DEBT

The City of Bastrop will attempt to maintain base bond ratings of AA2 (Moody's Investors Service) and AA (Standard & Poor's) on its general obligation debt, and AA- on its revenue bonds. In an attempt to keep the debt service tax rate flat, retirement of debt principal will be structured to ensure constant annual debt payments when possible.

IRS COMPLIANCE

The City will maintain written procedures for Post Bond Issuance Federal Tax compliance with IRS laws and regulations for tax exempt debt.

STAFFING AND TRAINING

ADEQUATE STAFFING

Staffing levels will be adequate for the fiscal functions of the City to function effectively. Overtime shall be used only to address temporary or seasonal demands that require excessive hours. Workload scheduling alternatives will be explored before adding staff.

TRAINING

The City will support the continuing education efforts of all financial staff including the investment in time and materials for maintaining a current perspective concerning financial issues. Staff will be held accountable for communicating, teaching, and sharing with other staff members all information and training materials acquired from seminars, conferences, and related education efforts.

GRANTS/FUNDING REQUESTS FINANCIAL MANAGEMENT

GRANT SOLICITATION

Each department is responsible for researching and applying for grants that support needs within their department. The purpose of this policy is to ensure grant funding is solicited with prior approval of the City Manager. The grant application should only be made with input from pertinent departments. The grants should be cost beneficial and meet the City's objectives. Communication will be made with City Council to keep them informed on what grants are being solicited.

GRANT ACCEPTANCE

All grants awarded to the City of Bastrop must be accepted by action of the City Council. If the grant opportunity is identified early enough for inclusion in the annual budget, it shall be identified and budgeted in revenue and expenditure accounts. If the grant is accepted but has not been included in the annual budget, a budget amendment shall be requested to reflect the revenues and expenditures associated with the grant.

RESPONSIBILITY

Departments will oversee the day-to-day operations of grant programs, will monitor performance and compliance, and will also keep the Finance Department informed of significant grant-related plans and activities. Finance Department staff members will serve as liaisons with grantor financial management personnel, will prepare invoices, and will keep the books of account for all grants.

FUNDING REQUESTS FROM PARTNER ORGANIZATIONS

These organizations are identified as the Bastrop Economic Development Corporation and Visit Bastrop. The City Council will be informed of a funding request from a Partner Organization through an agenda item at a public meeting.

DONATIONS

LESS THAN \$25, 000

The City Manager is authorized to accept or reject any and all offers of donations made to the City having a monetary value of less than \$25,000 after due and proper consideration of the following factors:

1. Whether the proposed donation would be of a true benefit to the community or City Government;
2. Whether the proposed donation is appropriate or has practical use to the City's current or planned operations;
3. Whether the City already possesses similar items making the donated items(s) surplus;
4. Whether the proposed donation would require any undesirable or unreasonably high maintenance costs and efforts; and
5. Whether the required recognition, or stipulation, of the donor exceeds the value of the proposed donation or an acceptable level of recognition.

The City Manager shall prepare a report to be submitted to the City Council on a regular basis, not less than quarterly, detailing any offers of donations made to the City during the previous quarter, indicating whether such offer was accepted or rejected and, if rejected, stating the reason for same.

MORE THAN \$25, 000

The City Manager shall review proposals for donations having a monetary value of \$25,000 and greater to the City and shall prepare a recommendation to the City Council on such proposals. City Council action shall be required for acceptance of any such proposal. Prior to submittal to the City Council, the City Manager may invite comments from all affected City Department Heads and related Advisory Boards.

ACCEPTANCE

Upon acceptance by the City, the donor shall coordinate with City staff for the acceptance of the donation and specify a time frame for the expenditure or use of the donation. If a donation is not used for the intended specific purpose, within the approved amount of time, the donation may be returned to the donor upon request, or an extension of time may be permitted upon approval of the City and the donor.

All donations of any type in any amount of value shall be received and processed in accordance with proper and accepted accounting procedures.

ANNUAL REVIEW AND REPORTING

ANNUAL REVIEW

These Policies will be reviewed administratively by the City Manager at least annually, prior to preparation of the operating budget.

REPORTING

The Chief Financial Officer will report annually to the City Manager on compliance with these policies.
