**VISIT BASTROP**  
[www.visitbastrop.com](http://www.visitbastrop.com)

### **WE NEED YOUR INPUT!**

Visit Bastrop has hired Augustine, a marketing agency that will help develop the destination's brand and increase Bastrop's visibility as a destination for tourists and groups. As a first step in the process, Augustine would like to get a better understanding of Bastrop directly from the true ambassadors of the city, the residents, business owners and current visitors! Please help us by visiting the link below that takes you directly to a survey. This survey should not take more than 10-15 minutes of your time and answers will be greatly appreciated.

If you have any additional questions or need any additional information please feel free to reach out to Elisabeth Zuerker at

Augustine Agency ([ezuerker@augustineagency.com](mailto:ezuerker@augustineagency.com)) or

972.597.2671 and she will assist you.

The survey will close on 6/12/18 at 6PM.

- Hospitality & Downtown (512) 332-8980
- Human Resources (512) 332-8812

The City of Bastrop requests all water customers to voluntarily limit the use of water for non-essential purposes and to practice water conservation in order to reduce the high water demand that is typically seen during the hot, summer months.

Although customers are not limited to certain days of the week when irrigating their lawn, the City has year-round mandatory water restrictions in place:

**Lawn irrigation prohibited between the hours of 9:30 a.m. to 6:30 p.m. unless done by means of hand-held watering hose, 5 gallon or less bucket or drip irrigation system.**

To ensure that your plants and grass are receiving the greatest benefits from your watering efforts, follow these tips:

- Water early in the morning or late in the evening to prevent the evaporation of water.
- Routinely check sprinkler heads to keep their aim over your yard and prevent watering of the sidewalk or street.
- Avoid watering on windy days.
- Use a soaker hose to water flower beds, shrubs and trees.

NOW AVAILABLE  
24 hours/day  
Seven days/week

- 1) Have your account number ready
- 2) Call the number above
- 3) Follow the prompts
- 4) Stay on line for confirmation number.

**UTILITY METER Q&A**

**Q:** If I have a water leak to repair, is it okay to lift the lid to the meter and shut off the water?

**A:** All customers should have their own Customer Shut-off Valve—It is not okay to shut the water off at the City's Meter. Call 512-332-8830 to have a City Technician turn-off water at the meter so repairs can be made.
