

ADDENDUM #1

Bastrop State Park Trail Project

Request for Qualifications

Issue Date: August 18, 2017

Submittals Due: August 25, 2017 @ 3:00 PM

SECTION 1: QUESTIONS & ANSWERS

1. Is land surveying included in the scope of services?

a. Yes. Boundary and topographic surveying services required to design the project is included.

2. Is geotechnical and/or structural design a component of the project?

a. Yes. The project will likely include pedestrian crossings, which may require geotechnical and structural design services.

3. Is the project anticipating any additional right-of-way acquisition?

a. Not at this time. The trail is planned to be located with existing right-of-way and/or easements.

4. Are the previous scopes of work and agreements related to the project available?

a. Yes. The scope of work for an environmental study by Horizon Environmental, as well as the Master Advanced Funding Agreement between the City of Bastrop and TxDOT, has been uploaded to the City's website: https://www.cityofbastrop.org/page/city.public_notices.

5. What trail surface materials are anticipated?

a. The project is anticipated to contain a combination of hard and soft surfaces, depending on the location, suitability, and cost of the materials.

6. Has a DBE goal been set for this project?

a. The DBE goal for the project is 0.0%.

SECTION 2: RFQ REVISIONS

1. Statement of Qualifications – Submittal Components

a. The total length of the SOQ shall not exceed 25 pages. Resumes, page tabs, and cover sheets do not count toward this limit.
