Re: Reimbursement of Accrued Bastrop Marketing Corporation Expenses

Attached is the request from Bastrop Marketing Corporation (BMC) for payment of funds in accordance with the Tourism Marketing Agreement that was signed with the City of Bastrop in November 2003.

This request is for the time period of April 2016. There is a month lag in the receipt of the hotel occupancy tax monies.

It is recommended that Council approve the reimbursement of funds in the amount of $77,372.78 for April 2016 to BMC in accordance with our agreement to be spent on advertising and marketing the City of Bastrop area. This amount represents 43% of the tax collections.

If you have any questions regarding this agreement please contact me at 512-332-8820.

I feel this Board continues to leave a large footprint on the outcome of growth within our community and I will, therefore, continue to offer my experience, knowledge, and time as I continue to feel strongly about this town in which we live.

Sincerely,

Daniel Hays-Clark

VISION TASK FORCE

The Vision Task Force (VTF) Commission members are tasked with acting as an “informal advisory group” of individuals who meet periodically to discuss and develop “big picture” creative concepts for programs and projects that will enhance the lives of citizens in the Bastrop community, encourage a healthy economy and the growth of local businesses in town, and facilitate communication and cooperation between local entities, governmental groups, business organizations and non-profits and other groups, for the long-range benefit of the entire Bastrop community. As some VTF programs end, others will arise and be identified. Thus, the ever-shifting scope of the VTF’s work makes it very difficult to effectively develop a set of ‘conflict of interest’ questions that is pertinent to all VTF projects, throughout time. Nevertheless, certain basic background information may be of assistance, and that is what this form is seeking from you, as a member of the VTF.

Answer the following questions by checking the boxes and providing additional detailed information, as needed.

- Section 43 Supplemental Regulations, Section 43.9 Uses classified as sexually oriented business or as tattoo studio or body piercing studios, to modify phrasing referencing “tattoo studio or body piercing studies”; and
- Section 36 Use Regulation (Charts) Section 36.11 to add Tattoo Studio and Body Piercing Studio to the Use Chart; and
- Section A-3 Definitions to update the definitions for 270.2 Tattoo Studio, to reference micropigmentation (permanent makeup) as an allowable incidental/accessory use in definition # 75 Custom Personal Service Shop definition.

Item Summary:
The City’s zoning code limits tattoo or tattoo studios to the industrial zoning classification with a Conditional Use Permit (CUP). Tattooing is regulated by the State and must get a State License. We have had requests to have “makeup” tattoos as an accessory use to the “Barber shop/Hair Salon” primary use. “Permanent makeup” includes eyeliners, eyebrows, lip liner etc.

Permanent Makeup, (ie. micropigmentation, permanent cosmetics, cosmetic tattooing, dermagraphics), combines art and science to produce long lasting cosmetic enhancements by tattooing pigments into the skin to accentuate the color and shape of eyes, brows and lips.

Currently, our code will need to be amended to allow this as an accessory use to existing proposed barber shop/hair salon, as well as create “primary uses” for tattoo and body piercing studio.

Background:
These code amendment changes are a result of discussions among staff and Planning and Zoning Commission. Staff is revising the Use Chart to allow Tattoo Studios and Body Piercing Studios as well as allowing permanent makeup was discussed at a Workshop with the Planning and Zoning Commission on March 31, 2016.

****Underline is the additional information added, strikethrough is language deleted. Other uses are included to provide additional information, and remain unchanged.

RECITALS

WHEREAS, the City and Sabine previously entered into a Consent Agreement for The Colony Municipal Utility District No. 1 and Successor Districts to be Created by the Division of The Colony Municipal Utility District No. 1 dated effective as of February 23, 2004 (the “Consent Agreement”), which, among other things, provided for the creation of the Original District, the division of the Original District in to the Successor Districts, and a regulatory process for the development of 1491.04 acres of land within the City’s extraterritorial jurisdiction;

WHEREAS, the Original District was created by House Bill 3636, Acts of the 78th Legislature, Regular Session, Ch. 778, Texas Session Law Service 2003 (the “Creation Legislation”) and, as required by the Consent Agreement, the Original District joined in and consented to the Consent Agreement by Joinder and Consent to Consent Agreement for The Colony Municipal Utility District No. 1 and Successor Districts to be Created by the Division of The Colony Municipal Utility District No. 1 dated June 8, 2004;

WHEREAS, as permitted by the Creation Legislation and the Consent Agreement, the Original District subsequently divided in to the Successor Districts pursuant to an election held by the Original District on February 5, 2005;

WHEREAS, as required by the Consent Agreement, District 1A joined in and consented to the Consent Agreement by Joinder and Consent to Consent Agreement for The Colony Municipal Utility District No. 1 and Successor Districts to be Created by the Division of The Colony Municipal Utility District No. 1 dated May 18, 2005, and each of the remaining Successor Districts joined in and consented to the Consent Agreement by a Joinder and Consent to Consent Agreement for The Colony Municipal Utility District No. 1 and Successor Districts to be Created by the Division of The Colony Municipal Utility District No. 1 dated June 14, 2005;
WHEREAS, effective December 30, 2006, Sabine merged with and into Forestar at which time Forestar succeeded, by operation of law, to Sabine's interest in and to the Consent Agreement. To memorialize the merger, Forestar also joined in and consented to the Consent Agreement by Joiner and Consent to Consent Agreement for The Colony Municipal Utility District No. 1 and Successor Districts to be Created by the Division of The Colony Municipal Utility District No. 1 dated effective December 30, 2006; and

WHEREAS, the Parties now desire to amend the Consent Agreement to establish development standards for single family residential lots in the Project, revise the procedures for inspections and testing of subdivision infrastructure, and reflect certain administrative updates;

NOW, THEREFORE, in consideration of the foregoing and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties amend the Consent Agreement as follows:

AGREEMENT

1. Defined Terms. Capitalized terms not defined in this Amendment have the meanings ascribed thereto in the Consent Agreement.

2. Lot Standards. The Phases of the Project identified on Exhibit “A” to this Amendment are referred to herein as the “Prior Phases”. All Phases of the Project not identified on Exhibit “A” are referred to herein as “Future Phases”. Notwithstanding anything in Section 2.01 of the Consent Agreement to the contrary, the lot standards set forth on Exhibit “B” to this Amendment (the “Lot Standards”) will apply to all Future Phases. Each of the Prior Phases was developed prior to the effective date of this Amendment and, therefore, will remain subject to the lot standards applicable to such Prior Phase as originally determined under the Consent Agreement. With respect to all Future Phases, if there is any conflict between any Applicable Rules and the Lot Standards, the Lot Standards will control.

3. Inspections and Testing. Pursuant to Section 2.02 of the Consent Agreement, if the entity contemplated to be responsible for conducting inspections and testing of roads, wastewater, and water infrastructure does not conduct such inspections and testing, the City has the right to perform and charge for the inspections and tests. For each Phase in which the City is to perform inspections and tests under Section 2.02 of the Consent Agreement, the City agrees that, to the extent that any Applicable Rules require an escrow or other similar deposit to fund the costs of the City’s inspections, tests, and plan review for such Phase (each, an “Escrow Deposit”), the amount of the Escrow Deposit will not exceed two percent (2%) of the estimated construction costs of the facilities to be inspected and tested by the City within that Phase as determined by the opinion of probable costs for the Phase prepared by the Developer's design engineer. If the City's actual costs to perform the inspections, tests, and plan review for a Phase exceed the applicable Escrow Deposit, the City will invoice the Developer for the shortfall. Alternatively, if, after all City inspections and tests for a Phase have been completed, there are surplus funds in the Escrow Deposit for that Phase, the City will promptly refund the surplus to the Developer. Any Escrow Deposits held by the City as of the effective date of this Amendment will be reduced accordingly. Additionally, upon request by the Developer, the City may in its sole but reasonable discretion agree that, for any Phase, the Developer may directly engage a third-party inspector reasonably acceptable to the City to perform the inspections and tests that the City would otherwise perform for such Phase, in which event, (i) no Escrow Deposit for inspections and testing for that Phase will be required (it being understood that an Escrow Deposit for plan review will still be required); (ii) the City will not perform the inspections and tests for that Phase; and (iii) the Developer will provide copies of all inspection reports and tests results for the Phase to the City in a timely manner.
4. **References to LCRA.** The LCRA and Sabine, as predecessor to Forestar, previously entered into a “Wastewater Treatment Facility Construction and Service Agreement” dated September 21, 2004 (the “Wastewater Contract”) under which the LCRA agreed to provide wholesale wastewater collection, treatment, and disposal services to the Successor Districts for the Project. Pursuant to an Assignment, Release and Permit Transfer and Renewal Agreement dated effective August 20, 2008 between the LCRA, Forestar, and District 1A, the LCRA subsequently assigned its interest in the Wastewater Contract to District 1A, which had been designated as the “Managing District” for the purpose of coordinating the design, construction, ownership, operation, and maintenance of the shared water and wastewater capacity and facilities that serve the Successor Districts pursuant to an Agreement Regarding Shared Water and Wastewater Capacity and Facilities for the Colony Districts dated effective April 14, 2008 (the “Shared Facility Agreement”). The Parties hereby agree that all references to the LCRA in the Consent Agreement will be deemed to refer to District 1A in its capacity as the “Managing District” under the Shared Facilities Agreement; provided, however, that where the Consent Agreement references compliance with LCRA’s requirements, standards, and/or specifications for wastewater facilities, such provisions will be deemed instead to require compliance with the City’s applicable requirements, standards, and/or specifications.

Dear Mayor,

Thank you for taking my call first thing this morning. We appreciate the council's consideration of providing the Convention Center at no charge and having this item put on the agenda for the June 14 council meeting. Many people are coming together to plan this event celebrating the resilience of our community/county.

Our first meeting for planning this commemorative anniversary event of the Bastrop Co. Complex Fires was held yesterday. The committee is currently made up of: Chris Files (BCLTRT), Janice Butler (BCLTRT & David Weekly Homes), Adena Lewis (Bastrop County Tourism), Gena Carter (Elgin Chamber) April Daniels (Smithville Chamber) Tina Fucile (Independence Title), Susan Wendel (volunteer for BCLTRT) and myself. Here are the things that were decided so far.

Location: Bastrop Convention Center – centrally located in the county, best facility for event of this magnitude and the command central after the fires broke out.
Date: Sunday, September 4
Time: noon-3pm (lunch served from noon-2pm)
Cost: Free to the public
Meal: provided by Southside Market at a greatly reduced rate
Dessert: large sheet cakes donated by HEB
Ceremony: Start at 2:16pm (when first call came in) Moment of Silence
  - Prayer by Ministerial Alliance
  - Honor Choir to sing a total of 3 upbeat type songs
Children's activities: face painting, hat making, rock wall, sketch artist, Mighty Friendly from Bastrop County Tourism
Community activity: Mosaic art piece where citizens can place a tile in the picture to be on permeant display in the courthouse
  - Hero wall of some type (details still being worked out)
Entertainment: bands playing from noon-2pm
Advertising: design work provided by Bastrop County Tourism with posters printed, use social media from all 3 chambers and BCLTRT, published in Bastrop Chamber newsletter in July & August; possible ad donated by Bastrop Advertiser and hopefully some media coverage from Austin.

Let me know if you have any questions. Again, thank you for your consideration of this request. Together we accomplish more!

06/24/2016 106
Agenda Item for June 14, 2016 Council Meeting

Agenda Item: CONSIDERATION, DISCUSSION AND POSSIBLE ACTION ON OFFERING TO GRANT, FREE OF CHARGE, THE PROPERTY AT 921 MAIN TO WHOMEVER SUBMITS A PROPOSAL FOR THE BEST USE OF THE PROPERTY THAT JUSTIFIES SUCH A GRANT.

Nature of Request: Attachments: No

Since the City acquired the property at 921 Main Street, several proposals have been made to turn the property into something useful. One of the proposals that has been promoted by the Downtown Business Alliance and other citizens, is to turn the space into a "pocket park", which would serve as a public space with park benches and restrooms. Since the space is enclosed by brick on three sides, the summer heat and sun would make this space quite uncomfortable much of the year without a roof to cover it. The rear wall has been deemed structurally unsafe by a consultant hired by the City. The City Manager has estimated that replacing the rear wall and constructing a roof over this lot would likely cost the City over $200,000. The property is currently not on the tax rolls, not producing sales tax revenue, and is not safe to the public to use because of the potential collapse of the rear wall.

Note that this property was purchased by the City to acquire the property extending from the rear wall of the building to Water Street for the purpose of building a new public parking lot.

The City could spend $200,000+ to repair/replace the rear wall and build a roof over the vacant lot and still not have a viable use for this property. Without full enclosure of the site and amenities such as electricity, air conditioning and restrooms, the building has limited uses.

Alternatively, the City could grant this property to a private developer who could build a building in this space thereby solving the problem the instability of the rear wall while assisting the neighbor at 923 Main in mitigating a leak problem that occurs when rain penetrates the common wall between properties. Such a project would also make the property income producing to the City via ad valorem and sales taxes, beautify downtown by infill of this eye sore, and, with the right business, draw even more business to the downtown area for other merchants and restaurants.
Recommended Motion (by Councilmember Schiff): I move that we authorize the City Manager to advertise that the City is willing to grant free of charge to a developer or individual the property at 921 Main Street. Furthermore, the City reserves the right to select the Grantee (or not select any Grantee) based upon what it feels in its sole judgment is the best use of this space. Grantee would be subject to claw-back provisions (to be developed) ensuring that the Grantee performs what is proposed by Grantee. The grant announcement must be advertised by July 1, 2016 and proposals must be received no later than August 15, 2016.

Agenda Information Sheet:

City Council Meeting Date: June 14, 2016

Project Description:
Discussion, consideration and possible action on the Final Plat for The Colony MUD 1D, Section 1, Phase A being +/-23.301 acres out of Manuel Bangs Survey A-5 within Area A of the Bastrop, Texas, Extra Territorial Jurisdiction (ETJ).

Item Summary:
Owner/Applicant: Forestar Real Estate Group, Inc.
Location: Northeast of Sam Houston Boulevard
Utilities: The Colony MUD 1D Water and Wastewater and Bluebonnet Electric
Acres: Phase A consists of +/- 23.301 acres
Residential Lots: Phase A - 42 residential lots

This item was pulled from City Council consideration, by the applicant, at the May 24, 2016 City Council meeting. Action from the Colony Consent Agreement is needed prior to this plat consideration.

Background:
This item represents a revision to the original Final Plat, which was previously approved by City Council on July 28, 2015 and was designed in accordance with the Colony MUD Consent Agreement (dated February, 2004). The applicant is requesting City Council approval to revise the plat to reflect the minimum building setback dimensions described in the First Amendment to the Colony MUD Consent Agreement, presumably approved by City Council on May 24, 2016.

This property is located within the Colony Municipal Utility District, north of State Highway 71. The applicant is proposing to develop raw land that will consist of 42 residential lots in Phase A and includes street, utility, and other pedestrian improvements.

The subdivision will be developed in accordance with the Colony MUD Consent Agreement (as amended). The Consent Agreement requires a Master Plan, a Traffic Impact Analysis, as well as development standards consistent with other applicable City standards and regulations.

Basis of Support:
City staff has reviewed the Final Plat and determined that it appears to comply with the applicable standards and requirements. The minimum lot sizes and building setbacks will meet or exceed the “COL-S” category defined in the Colony MUD Consent Agreement (as amended). A suitable emergency exit/construction haul road will be provided and maintained until alternate exit(s) are constructed with future sections.

Comments:
Three (3) surrounding property owner notifications were mailed May 13, 2016. At this time we have received no responses.

Location: Northeast of Sam Houston Boulevard
Utilities: The Colony MUD 1D Water and Wastewater and Bluebonnet Electric
Acres: Phase B consists of +/-30.654 acres
Residential Lots: Phase B - 57 residential lots

This item was pulled from City Council consideration, by the applicant, at the May 24, 2016 City Council meeting. Action from the Colony Consent Agreement is needed prior to this plat consideration.

Background:
This item represents a revision to the original Final Plat, which was previously approved by City Council on July 28, 2015 and was designed in accordance with the Colony MUD Consent Agreement (dated February, 2004). The applicant is requesting City Council approval to revise the plat to reflect the minimum building setback dimensions described in the First Amendment to the Colony MUD Consent Agreement, presumably approved by City Council on May 24, 2016.

This property is located within the Colony Municipal Utility Subdivision north of State Highway 71. The applicant is proposing to develop raw land that will consist of 57 residential lots in Phase B and includes street, utility and other pedestrian improvements.

The subdivision will be developed in accordance with the Colony MUD Consent Agreement (as amended). The Consent Agreement requires a Master Plan, a Traffic Impact Analysis, as well as development standards consistent with other applicable City standards and regulations.

Basis of Support:
City staff has reviewed the Final Plat and determined that it appears to comply with the applicable standards and requirements. The minimum lot sizes and building setbacks will meet or exceed the "COL-S" category defined in the Colony MUD Consent Agreement (as amended). A suitable emergency exit/construction haul road will be provided and maintained until alternate exit(s) are constructed with future sections.

The Bastrop Downtown Business Alliance would urge that the space be renovated and maintained as a public space.

In testament of which, this resolution is executed this 7th day of June, 2016

Bradley Cook
President
TO: City of Bastrop Mayor & City Council
FROM: Main Street Program Advisory Board
RE: 921 Main Street
DATE: June 9th, 2016

921 Main street has been an idle and vacant space in an otherwise increasingly bustling historic downtown since 2003. It was purchased by the City in 2009. In 2014 the property was closed to public access due to ongoing safety concerns.

The City of Bastrop Main Street Program continues to urge the City to commit resources to improve the site for public use as a gathering spot, performance venue, respite space (including public restrooms) and intuitive access between the Water Street parking into the heart of the historic downtown. Unfortunately no action has been taken to date by the City of Bastrop.

The east wall is clearly and dangerously unstable, poses an unacceptable threat to public safety and has effectively prevented as-is use of the site by the Downtown Business Alliance, the Bastrop Main Street Program and others for public events downtown.

Persistent exposure to the elements and lack of appropriate site drainage have increasingly eroded and compromised the porous, all-brick perimeter walls. Water infiltration through the common walls on the north and south edges of the site has adversely affected the adjacent properties and businesses and presents an undesirable business environment and negatively impacts public perception.

Therefore at the June 6th Main Street Advisory Board meeting the Board voted to submit this letter urging the City of Bastrop to undertake removal of the back wall, install an extensive site drainage system that protects the site and adjacent properties, and execute repair restoration and ongoing preservation to ensure the property can be protected and utilized by the public for many years to come.
