MINUTES OF REGULAR COUNCIL MEETING  
BASTROP CITY COUNCIL  
May 8, 2018

The Bastrop City Council met in a Regular Meeting on Tuesday, May 8, 2018, at 6:30 p.m. at the Bastrop City Hall Council Chambers, located at 1311 Chestnut Street, Bastrop, Texas. Members present were Mayor Schroeder, Mayor Pro Tem Schiff and Council Members Jones, Ennis, Nelson and Peterson. Officers present were City Manager Lynda Humble, City Secretary Ann Franklin and City Attorney Alan Bojorquez.

CALL TO ORDER
At 6:30 p.m. Mayor Schroeder called the meeting to order with a quorum being present.

PLEDGE OF ALLEGIANCE
Adie Kana and Dakota Tomaszycki, Mina Elementary School, led the Pledge of Allegiance.

INVOCATION
Minister Ben Hitzfeld, Bastrop Christian Church, gave the invocation.

4A. Mayor and City Council’s general response to opinions expressed by employee Kay Revetta, Receptionist, alleging racial discrimination in personnel management.

The following was read into record by Mayor Schroeder.
I am sure many of you who watched the Council meeting last time and then saw this agenda item are expecting the Council to discuss discrimination and racism at Bastrop City Hall, well we are not going to do that. We are not going to indulge in this line of reasoning because no one on this dais is a racist. To question the integrity of this Council and level baseless accusations at the City Manager was inappropriate to say the least. Furthermore, to accuse this Council of being unaware of what is going on at City Hall is false and personally very insulting. On average, I myself am inside the walls of City Hall between thirty (30) and fifty (50) hours a week. I believe I have spent more time in City Hall in the last year than any previous elected official. All employees have access to the City's Policy and Procedures which includes the process to file a grievance with the Human Resources Department. None the less part-time City Receptionist, Kay Revetta chose to make accusations at the last Council meeting during Citizen Comments. Two days later, on Thursday, Ms. Revetta was told arrangements had been made for her to be interviewed the next day by an outside party. She indicated she was not interested. On Friday, April 27th Ms. Revetta was encouraged in writing by the HR Department to participate in the interview, but she refused. Therefore, we consider this matter closed. However, I want to address two (2) accusations Ms. Revetta made at the last Council meeting. The first statement, that her son Ricky Revetta was wrongfully terminated, the second a training video she found offensive. Ricky Revetta was fired from the City of Bastrop on February 13, 2018, only after being counseled on numerous occasions and being placed on a performance improvement plan which he failed to complete. Although, we would prefer to keep personnel information private, based on the circumstance of this situation we feel it is important to present the facts of this situation and the City Secretary has copies of Mr. Revetta’s personnel record for distribution. You will need to fill out a form and you may get a copy. This is the same information that was provided to the press.
in response to their Open Records Request. With regard to the video, the training video Ms. Revetta referenced was viewed on September 15, 2016, six (6) months prior to Lynda Humble being hired as City Manager, and over nineteen (19) months prior to sharing any concern. The City issued a press release on April 25th addressing the training and acknowledging the video as being inappropriate, apologies were made. You can be assured that no video of this nature will ever be shown again. Copies of the April 25th press release are available in the back. It is important to note, between the training video shown on September 15th of 2016 and the last Council meeting of April 24th 2018, Ms. Revetta had the opportunity to voice her concerns via the grievance procedure or speak directly to HR or by contacting any of the City administration at that time: Mayor, Ken Kesselus; Mayor Pro Tem, Willie DeLaRosa; Council Members McAnally, Schiff, Peterson or Jones; City Manager Marvin Townsend; or City Attorney David Bragg, but she chose not to. Given the nineteen (19) month period she also had access to three (3) newly elected officials: myself as Mayor; Council Member Ennis; Council Member Nelson; a new City Manager, Lynda Humble; and the new City Attorney, Alan Bojorquez. I want to make it abundantly clear, we do not have a culture of discrimination at City Hall. We have a zero tolerance for racism, we encourage all of our employees to make their concerns known. Rest assured, all complaints will be investigated in a timely manner without bias or retaliation. It’s important to note, no grievances have been filed during City Manager, Humble’s tenure. I can tell you about City Hall, I spend a lot of time here. It has a culture of achievement, we strive to retain and recruit high achievers who are called to public service to get things done. Which is why I believe previous Council made the decision to hire Lynda Humble as City Manager. It is my opinion it is one of the best decisions they ever made. This current Council completed her first annual performance review just a month ago and she earned our unanimous support. Just last week I made a presentation at the monthly Chamber of Commerce luncheon and talked about the form of government defined by our Home Rule City Charter and it is called council-manager. Simply put, your elected officials, those of us on the dais which you call the Council, we set policy, we enact rules and we approve the budget . The City Manager is responsible for day to day operations, basically making things happen and getting things done. One of the things Ms. Humble completed in here first six (6) months was a work plan. Each item on the work plan is tied to a City Council goal and the comprehensive plan, a first for the City of Bastrop. Later tonight during “4K” we are all going to get a chance to see a summary of what Ms. Humble and her staff have completed in just the first six months of this fiscal year. I can’t think of a better way to demonstrate the current culture of achievement than by reviewing what Ms. Humble and her staff have accomplished. So tonight we will be handling public business respectively, officially, transparently, and lawfully. We have important City business ahead of us tonight. I do want to allow any of the other City Council Members who would like to share their thoughts or comments.

Mayor Pro Tem Schiff stated the following. I would like to comment on this as well. When we hired Ms. Humble as City Manager, I was on the Council at the time. We charged her from the very start to do whatever she needed to do to make Bastrop operate more efficiently and
more effectively. We asked her to minimize the bureaucratic red tape and hone the staff into a well-oiled machine. If you look at the strategic work plan that we set for her last year you will find those goals clearly stated in writing. She empowered the department heads to lead beyond their former level of leadership and most department heads rose to the occasion. At Ms. Humble’s recent one (1) year performance review, we the Council unanimously applauded her in the job she has done this far in streamlining the City team from one end to the other. We have seen no evidence, and I believe the public records will show no bias in Ms. Humble’s management of our fine City.

Council Member Jones stated the following. The integrity and dedication of this Council to the Citizens of Bastrop is outstanding. It is marked by making policy decisions that have been necessary to bring us up to the standards that we have had to meet as we’ve grown. It is my honor to serve with this group of people, every single one of them and I whole heartedly support Lynda Humble. We hired her to make tough decisions. She is in charge of the tax payer’s dollars, we take that very seriously. I have a feeling that if there is anyone who is maybe having some fear about their position, perhaps you need to meet with your immediate superiors and make a plan to get on point so that we can responsibly spend the money that we have been given.

Council Member Ennis stated the following. For those of you who know me well or who have been paying attention, you know that I am also a member of a minority community. That being said, I have experienced discrimination myself. I am pretty good at identifying it and I can smell it a mile off. During this last year on the City Council I have been in this building time after time after time after time and I have not seen one instance of any kind of discrimination or ill treatment. I applaud Ms. Humble’s management of this team, I applaud her direction and I applaud where she is taking us.

Council Member Nelson stated the following. An allegation is neither fact nor fiction. Until it is examined or investigated it is simply a statement. The allegation becomes truth if it is substantiated as denounced if it cannot be substantiated. It is sad that an unsubstantiated comment was made in a public forum, misleading accusations do not serve any purpose other than to distract us as a society in addressing the issues that confront us. If an investigation is conducted it must be conducted fairly, openly and with bilateral corporation.

ITEMS FOR INDIVIDUAL CONSIDERATION

9D. Consider action to approve the first reading of Ordinance No. 2018-08 of the City of Bastrop, Texas amending the Code of Ordinances, repealing and replacing Article 1.15 titled “Code of Ethics” and providing for findings of fact, repealer, severability, codification, effective date, proper notice, and meeting. Presentation was made by City Attorney, Alan Bojorquez.

Judge Chris Duggan stated, in his opinion this is a good ordinance. It takes care of some of the deficiencies in the existing ordinance. It is a great improvement on the Ethics ordinance.

Connor McAnally spoke in favor of the ordinance.

Glen Johnson expressed his appreciation of the City Attorney’s diligence in creating this ordinance. He stated there are two issues he still has concern about. 1) In section 1.15.11, he suggested a special counsel to work with the Ethics Commission when required, and 2) In section 1.115.9(c) Outside Employment, He believes the department heads and City Manager should make report if there is an outside employment of the Counsel. Other than the previous two issues he believes the ordinance is fine.

Responses from City Attorney, Alan Bojorquez.
On the point regarding legal counsel and who advises, the way that the ordinance is set up at this point it says that the city attorney shall be the legal adviser to the Board of Ethics, it also provides for a way specifically in the ordinance for there to be special counsel to the Board of Ethics. One way is when the City Attorney determines that it is necessary, which in my case would be my own individual ethics or my own obligations under the State Bar, it would require me to recuse myself and designate someone else to step in my place, the other would be when the City Council chooses to do that with or without my consent. I believe we have the framework with which to do that. How often that comes up where I would need to recuse myself is difficult to say at this point. I think it is probably the norm in Home Rule Cities that have a Board of Ethics for the City Attorney to advise that Board of Ethics. In searching for guidance from the Supreme Court in the State Bar there is only one opinion on point, it addresses a City Attorney who operates through the law firm, which is my circumstance, it clarifies that the City Attorney represents the entity. While it may advise individual members of the entity, the clients are not those human beings the client is the entity. The opinion goes on to say, only when a majority of the City Council are named in the Ethics Opinion would it be contrary to the City Attorney’s Ethical Rules to advise the Board of Ethics in that circumstance. I am not sure that I would wait to get that far before I recuse myself. The key point is if you adopt this version of the ordinance we have a process for naming special counsel. I would go about helping you identify who those people could be so that perhaps they are engaged and ready to go when something comes up and not have to go shop for services in a hurry.

Question from dais.
Can that be better defined in the rules of procedures? (Referring to Section 1.15.11 Legal Counsel)

Answer from City Attorney.
It could. The key part of this ordinance is that it does require that the Board of Ethics adopt procedural rules for how it is going to conduct business whether that is how discovery will be performed, how hearings will be conducted and how outside counsel will be engaged. They must adopt those rules and the City Counsel must consent to those rules. That is another reason why this ordinance is being made effective September 1st so we can then go about the process of drawing up those level of details verses having that in the ordinance.

A motion was made by Council Member Ennis to approve the first reading of Ordinance No. 2018-08 and bring back on consent for second reading, seconded by Council Member Nelson, motion was approved on a 5-0 vote.

9A. Consider action to approve Resolution No. R-2018-31 of the City Council of the City of Bastrop, Texas, approving the Final Plat known as Piney Creek Bend, Section One, being 37.37 acres of Bastrop Town Tract Abstract 11 (Farm Lots 21, 22, and 28), located west of Carter Street, between Riverwood Drive and Reids Bend, within the city limits of Bastrop, Texas; as shown in Exhibit A; repealing all conflicting resolutions and providing an effective date.

Presentation was made by Planning and Zoning Department Assistant Director, Jennifer Bills.

A motion was made by Mayor Pro Tem Schiff to approve Resolution No. R-2018-31, seconded by Council Member Jones, motion was approved on a 5-0 vote.

9B. Hold public hearing and consider action to approve the first reading of Ordinance No. 2018-07 of the City Council of the City of Bastrop, Texas, granting a Conditional Use Permit for a 120-foot standpipe, on Lot A, Tahitian Village, Unit 1, located at 113 Tahitian Drive, within the city limits of Bastrop, Texas; as shown in Exhibit A; setting out conditions; including a severability clause; and establishing an effective date and move to include on the May 22, 2018 agenda for second reading.

Presentation was made by Planning and Zoning Department Assistant Director, Jennifer Bills.

The public hearing was opened.

The public hearing was closed.

A motion was made by Council Member Jones to approve the first reading of Ordinance No. 2018-07 with the City of Bastrop logo as the signage on the the water tower, seconded by Mayor Pro Tem Schiff, motion was approved on a 5-0 vote.

It was brought to the attention of the dais that the water tower was not the property of the City of Bastrop. The City of Bastrop will need to coordinate with WCID to make sure they are in agreement with the City putting their logo on the water tower.
A motion was made by Council Member Jones to approve the first reading of Ordinance No. 2018-07 leaving the signage open ended, seconded by Mayor Pro Tem Schiff, motion was approved on a 5-0 vote.

Consider action to approve the first reading of Ordinance No. 2018-06 of the Council of the City of Bastrop, Texas amending the Code of Ordinances, Chapter 2 Titled “ANIMAL CONTROL,” Article 2.01 Titled “GENERAL PROVISIONS,” Section 2.01.001 Titled “DEFINITIONS”; repealing the provision that established a sanctuary for chickens that are not owned and located in the vicinity of Farm Street and all prior ordinances that are in conflict herewith; as attached in Exhibit A; and providing for findings of fact, enactment, effective date, repealer severability, and proper notice and meeting; and move to include on the May 22, 2018 agenda for a second reading.

DISCUSSION ITEM

8C. Consider action to approve Resolution No. R-2018-32 amending Chapter 7, Section 8 of the Personnel Policies Manual regarding Discipline, Appeals, and Grievances; providing for a repealing clause, and providing an effective date.

Presentation was made by City Attorney, Alan Bojorquez.

Connor McAnally – Applauded City Council for following City Council City Manager form of government. Urged Council to take another look at the City Charter.

Glen Johnson – Stated: An appeal is necessary because mistakes can be made. The City Attorney is saying the only remedy available if the City Manager has not done it right is to terminate. That should not be the case, there should be some form of investigation or procedure for someone who has been terminated to have a review by someone other than the person making the decision. This does not seem like a true appeal.

A motion was made by Council Member Ennis to approve Resolution No. R-2018-32, seconded by Council Member Jones, motion was approved on a 5-0 vote.

Legal Description: Lot A of Tahitian Village, Unit 1

Property Owner: Bastrop County Water Control and Improvement District #2  
Agent Contact: Jim Ouellet, P.E.

Existing Use: Bastrop County WCID #2 Water well, tanks, and pump station  
Existing Zoning: C-2, Commercial 2  
Future Land Use: Transitional Residential

BACKGROUND/HISTORY:
Bastrop County Water Control and Improvement District #2 is requesting a Conditional Use Permit to construct a new water standpipe at their existing facility located at 113 Tahitian Drive. The site is the WCID #2’s Water Plant No. 1, which contains an existing water well, pump station, and ground storage tanks (Attachment 2).
The new 500,000-gallon standpipe will be 120 feet in height with a diameter of 40 feet. The standpipe is needed to add additional capacity and pressure to the water system and provide better service for the water customers in the Bastrop County WCID #2 area.

The site is zoned Commercial-2. The approximate location of the standpipe is on the north side of the property and will be setback a minimum of 10 feet from the north property line.
The Commercial-2 district has a maximum height of 35 feet. Chapter 14 of the Code of Ordinances allows heights over 35 feet with a Conditional Use Permit.

**POLICY EXPLANATION:**
The purpose of conditional uses is to allow certain uses in districts that under most circumstances would not be compatible with other permitted uses, but may be compatible if certain conditions and development restrictions are met. A Conditional Use Permit (CUP) is adopted by Ordinance, similar to a standard zoning request, with public hearings at Planning & Zoning Commission and City Council meetings, as well as two ordinance readings at separate City Council meetings.

Per Section 33.2 Conditional Use Permit Regulations, the Planning and Zoning Commission and City Council may consider the following for approval of a requested CUP:

1. The use is harmonious and compatible with surrounding existing uses or proposed uses;

   *The existing lot is already in use as a water well and storage location. Standpipes and water towers are necessary elements of a water system to serve development and are usually placed near existing development.*

2. The activities requested by the applicant are normally associated with the permitted uses in the base district;
Water standpipe/Elevated Water Storage is a permitted use of the Commercial-2 district.

3. The nature of the use is reasonable;

   Standpipes are a reasonable and necessary use to provide adequate water availability.

4. Any negative impact on the surrounding area has been mitigated;

   The existing 150-foot Sanitary Control Easement for the existing well will remain and will not be increased. No negative impacts of the standpipe are anticipated.

5. That any additional conditions specified ensure that the intent of the district purposes are being upheld.

   Additional criteria are detailed below.

Chapter 14, Section 43.4 Special Height Regulations includes several conditions that apply to the proposed water standpipe.

43.4 - SPECIAL HEIGHT REGULATIONS:

B. Increasing Maximum Height. The maximum height of buildings and structures may be increased above the maximum height allowed in the base zoning district by conditional use permit, as provided in Section 33, Conditional Use Permits, for those buildings and structures located in nonresidential districts, and those buildings and facilities occupied by a church, political subdivision, or utility company in any zoning district.

1. In addition to the conditional use standards, the Planning and Zoning Commission and City Council shall consider, but not be limited to, the following factors when determining the maximum height:

   a. Preservation of views of landmark buildings, significant open spaces, vistas or water bodies.

   b. Access to light and air of surrounding properties.

   c. Shadowing of residential properties or significant public spaces.

   d. Height, bulk and scale relationships with surrounding uses and structures.

      i. Type and amount of separation between surrounding uses and structures (e.g. separation by only a property line, by an alley or street, or by other physical features such as grade changes).

      ii. Use of architectural style, details (such as roof lines or fenestration), color or materials that derive from the less intensive surrounding uses and structures.

      iii. Creative use of landscaping or other screening.

      iv. Location of features on-site to facilitate transition, such as locating open space on the property edge so the building or structure is farther from lower intensity development.
v. Articulation of the building's facades vertically or horizontally in intervals that conform to existing structures or platting pattern.

vi. Reducing the bulk of the building's upper floors.

vii. Limiting the length of, or otherwise modifying, facades.

e. Treating topographic conditions in ways that minimize impacts on neighboring development, such as by using a rockery rather than a retaining wall to give a more human scale to a project, or stepping a project down a hillside.

f. Relationship of windows, doors, exterior stairways, exterior balconies, sundecks, etc. with the privacy of neighbors.

2. Fire related standards:

   a. Fire flow is adequate.

   b. Buildings or structures over two (2) stories in height shall be in compliance with four (4) story fire code requirements for commercial fire suppression systems.

   The existing site is already used for water pumping and storage. The standpipe will be a passive use and the main impact to the surrounding is visual. The height is such that additional landscaping and screening will not provide any effective visual improvement and there is no change to the architectural structure that will make any improvement; however, paint/material color of the standpipe can be considered. At street level, existing trees and shrubs help screen the site from pedestrians and vehicles. The standpipe will be separated from the northern property by at least 10 feet to the property line as well as parking lot on the other side of the property line. Shadowing and blocked access to light and air will be minimal due to the narrowness of the tower compared to a building, as well as the fact that WCID #2 owns most of the surrounding site. The tower's location has minimal impact on Tahitian Village vistas across valleys and ravines.

   The standpipe does not require any commercial fire suppression system.

PUBLIC COMMENTS:

Eleven adjacent property owner notifications were mailed on April 6, 2018. At the time of this report, one response with no objection, as long as the increase in height does not increase the non-build radius around the well. There is a 150-foot Sanitary Control Easement around the existing well and that easement will not be changed (Attachment 5).

PLANNING & ZONING RECOMMENDATION:

The P&Z held a public hearing and recommended approval of the Conditional Use Permit for a 120-foot standpipe on Lot A, of Tahitian Village, Unit 1, by a vote of 8-0 at their April 26th, 2018 meeting.

Comments:

• The applicant stated the standpipe would be painted either sky blue or white to provide the least obtrusive visual effect.

• The Commission requested that the tower be labeled with identifying information, such as “Welcome to Bastrop” as the tower will be on the eastern edge of the city along Highway 71. They asked that this follow the same criteria that is being applied to other water towers.
• The Commission asked if the addition of this facility would enable the BCWCID #2 to provide fire flow to Tahitian Drive. The applicant stated this would be a first step towards greater capacity.

CITY COUNCIL FIRST READING:
The City Council held a public hearing and conducted the first reading at the May 8, 2018 meeting to approve the Conditional Use Permit by a vote of 5-0.

RECOMMENDATION:
Consider action to approve the second reading of Ordinance No. 2018-07 of the City Council of the City of Bastrop, Texas, granting a Conditional Use Permit for a 120-foot standpipe, on Lot A, Tahitian Village, Unit 1, located at 113 Tahitian Drive, within the city limits of Bastrop, Texas; as shown in Exhibit A; setting out conditions; including a severability clause; and establishing an effective date.

Conditions:

RE: Project Description Letter
Conditional Use Permit
Water Standpipe at Water Plant No. 1
BCWCID #2

Mr. Gattis:

Bastrop County Water Control and Improvement District #2 (BCWCID #2) is the provider of water service for most of Tahitian Village located just east/southeast of the City of Bastrop. BCWCID #2 currently owns and operates an existing water plant (Water Plant No. 1) on approximately 0.83 acres at 113 Tahitian Drive. The existing plant site has existing ground storage tanks, pump station and hydropneumatic tanks. BCWCID #2 proposes to install a new approximate 500,000 gallon water standpipe to better serve its customer base.

The existing site is zoned Commercial – 2 (C-2) per the City of Bastrop zoning map. The C-2 zoning only allows for heights up to 35 feet. Per section 43.4 B., a conditional use permit can be applied for to allow for greater heights for improvements proposed by a utility company. The proposed water standpipe is a proposed bolted steel tank with an approximate eave height of 116 feet and total height of approximately 120 feet. Our proposed height is in excess of 35 feet and requires a conditional use permit approval.

Following are additional items of consideration for this request:

1. The water standpipe will be similar in size and scope as many other elevated style water tanks owned and operated by the City of Bastrop and Aqua Water Supply Corporation.

2. All adjacent land uses are non residential and/or zoned non residential and will not have a negative impact on light, air or shadowing of adjacent properties.

3. Reference the attached picture for the style of standpipe tank proposed.

4. The tank is being located on an existing water plant site and is an appropriate location for the intended use. The tank site was selected due to the fact that it is at the highest
elevation in the system which is necessary to optimize storage capacity and fire protection.

Based on the properties location, existing land use of a water plant site, adjacent zoning districts, adjacent uses, and the need to improve the water system, we feel the conditional use permit is a reasonable request. We look forward to working with you and your staff on this request. Please call me at 979-968-6474 if you need any further information or have any questions.

Very truly yours,

BEFCO ENGINEERING, INC.

Joseph Willrich, P.E.

Consider action to approve the second reading of Ordinance No. 2018-06 of the City Council of the City of Bastrop, Texas amending the Code of Ordinances, Chapter 2 Titled “ANIMAL CONTROL,” Article 2.01 Titled “GENERAL PROVISIONS,” Section 2.01.001 Titled “DEFINITIONS”; repealing the provision that established a sanctuary for chickens that are not owned and located in the vicinity of Farm Street and all prior ordinances that are in conflict herewith; as attached in Exhibit A; and providing for findings of fact, enactment, effective date, repealer severability, and proper notice and meeting.

STAFF REPRESENTATIVE:
James Altgelt, Interim Public Safety Director

BACKGROUND/HISTORY:
On June 9, 2009, the City Council received compelling input and comment from members of the Bastrop community. The community expressed concern about the protection of certain chickens that resided, at-large on property adjoining Farm Street between the railroad tracks and State Highway 95. It was further identified that the public viewed that these at-large chickens generally enhanced the quality of life in the City of Bastrop and the chickens did not pose a health risk, were not a nuisance to humans, nor were they likely to propagate in excessive numbers.

On June 23, 2009, the City Council determined that it was necessary for the protection and enhancement of the general welfare of the citizens of Bastrop to amend the City Code, related to Animal Control, and provided for an exception for certain Poultry and Fowl that resided, at-large, in certain areas of the City from certain nuisance and enforcement provisions of the code. The adoption of Ordinance No. 2009-13 took place which created what has become to be known as the “Chicken Sanctuary”. This was an area described as the vicinity of Farm Street for a distance of approximately 1,500 feet, between Highway 95 to the railroad tracks near Fayette Street. All chickens that were not owned by an individual and that generally ran at-large in this area were considered to be “protected animals.”

Over the passage of time, some of these at-large chickens appear to have migrated out of the “Chicken Sanctuary” to other parts of the City. The presence of these at-large chickens throughout the City have caused concern among some of the members of the Bastrop community to the point that necessitated a public hearing conducted on November 29th, 2017. During this hearing the City Council received input from the citizens regarding the number of at-large chickens within the city limits to include the “Chicken Sanctuary.” Some of the input consisted of different strategies to resolve the at-large chicken problem.
On March 27, 2018, the City Council received an update concerning the at-large chickens. Upon conclusion of this update, the City Council unanimously opined that the removal of the “Chicken Sanctuary” would be in the best interest of the city.

**POLICY EXPLANATION:**
This ordinance, if passed, will eliminate the terminology “Chickens that are not owned by an individual and that generally run at large in the vicinity of Farm Street for a distance of approximately one thousand five hundred (1,500) feet, between Highway 95 to the railroad tracks near Fayette Street” from the definition of “Protected animals” as defined by Chapter 2 – ANIMAL CONTROL, Article 2.01 – GENERAL PROVISIONS, Sec. 2.01.001. This will effectively end the existence of what we have come to know as the “Chicken Sanctuary.”

**RECOMMENDATION:**
Consider action to approve the second reading of Ordinance No. 2018-06 of the City Council of the City of Bastrop, Texas amending the Code of Ordinances, Chapter 2 Titled “ANIMAL CONTROL,” Article 2.01 Titled “GENERAL PROVISIONS,” Section 2.01.001 Titled “DEFINITIONS”; repealing the provision that established a sanctuary for chickens that are not owned and located in the vicinity of Farm Street and all prior ordinances that are in conflict herewith; as attached in Exhibit A; and providing for findings of fact, enactment, effective date, repealer severability, and proper notice and meeting.

(b) City Officials are charged with performing their public duties in a way that projects a high level of personal integrity and upholds the integrity of the organization.

(c) City Officials must avoid behavior that calls their motives into question and erodes public confidence.

(d) City Officials shall place the municipality’s interests and the concerns of those the City serves above private, personal interests.

(e) Those who serve the City are expected to value honesty, trustworthiness, diligence, objectivity, fairness, due process, efficiency, and prudence as values the City professes.

(f) City Officials must balance transparency with the duty to protect personal privacy and preserve the confidential information with which the City has been entrusted.

Failure to submit a report shall not serve as a basis for a Complaint unless the City Official fails to submit a report within thirty (30) days of being provided written notification of the omission. Neither the existence of a business relationship as described in this Section, nor the submission of a report required by this Section shall prevent a City Official from participating in Deliberations on matters pending before the City absent a Conflicting Interest.
1.15.9 Prohibitions
(a) Conflicts of Interest:

(1) Deliberation Prohibited. It shall be a violation of this Code for a City Official to knowingly deliberate regarding a Pending Matter for which the City Official currently has a Conflicting Interest. City Officials with a current Conflicting Interest in a Pending Matter must recuse themselves and abstain from Deliberations. It is an exception to this recusal requirement if the City Official serves on the City Council, Planning and Zoning Commission, or Board of Adjustment; and a majority of the members of that body is composed of persons who are likewise required to file (and who do file) disclosures on the same Pending Matter.

(2) Disclosure Required. If a City Official has a Conflicting Interest in a Pending Matter, the City Official shall disclose the nature of the Conflicting Interest by filing a sworn statement with the City Secretary. Disclosures under this subsection shall be for the time period, including the previous calendar year, and up to date where the Conflicting Interest arises before the City Official.

(3) Definition of Conflicting Interest. For purposes of this Article, the term is defined as follows:

Conflicting Interest: a stake, share, equitable interest or involvement in an undertaking in the form of any one (1) or more of the following:

(A) ownership of five percent (5%) or more voting shares or stock in a Business Entity;

(G) serves in an official, named capacity as a designated fundraiser for a nonprofit corporation or an unincorporated association, unless the City Official was appointed to that position by the City Council.

A City Official is considered to have a Conflicting Interest if the City Official’s relative has a conflicting interest.

The term Conflicting Interest does not include ownership of an interest in a mutual or common investment fund that holds securities or assets unless the City Official participates in the management of the fund.

(b) Gifts.

(1) General. It shall be a violation of this Article for a City Official to accept any gift that might reasonably tend to influence such Officer in the discharge of official duties.

(3) It shall be a violation of this Article for a Vendor to offer or give a Gift to a City Official exceeding fifty dollars ($50.00) per gift, or multiple gifts cumulatively valued at more than two-hundred dollars ($200.00) per a single fiscal year.

(4) Definition of Gift. Anything of monetary value, including but not limited to cash, the extension of credit, personal property, real property, services, meals, entertainment, and travel expenses.

(5) Exceptions. This definition shall not apply to the following, which are allowed under this Article:

(B) meals, lodging, transportation, entertainment, and related travel expenses paid for (or reimbursed by) the City in connection with the City Official’s attendance at a conference, seminar or similar event, or the coordinator of the event;

(C) meals, lodging, transportation, or entertainment furnished in connection with public events, appearances or ceremonies related to official City business, or charity functions, or community events, if furnished by the sponsor of such events (who is in attendance);

(D) complimentary copies of trade publications and other related materials;
(E) attendance at hospitality functions at local, regional, state or national association meetings and/or conferences;

(G) tee shirts, caps and other similar promotional material;

(H) complimentary attendance at political or charitable fund raising events.

(6) Donations. It is not a violation under this Article for a City Official to accept a Gift prohibited by this Article on behalf of the City of Bastrop. Conveyance of a Gift prohibited by this Article to the City of Bastrop or a nonprofit corporation cures any potential violation.

(c) Outside Employment.

(1) Applicability of Section. This subsection applies to Department Heads. This subsection shall only apply to the City Attorney if that person is employed by the City and not engaged through a private law firm.

(2) Prohibition. It is a violation of this Article for a Department Head to solicit, accept, or engage in concurrent outside employment which could reasonably be expected to impair independence of judgment in, or faithful performance of, official duties.

(d) Representation of Others.

(1) Current City Officials. It shall be a violation of this Article for a City Official to represent any person, group, or entity before the City. This section does not limit the ability of a City Official to represent themselves or their property in dealings with the City.

(2) Former City Officials. It shall be a violation of this Article for a City Official to represent for compensation any person, group, or entity before the City Council, or a board or commission of the City for a period of one (1) year after termination of official duties. This prohibition applies to representation in the form of advocacy or lobbying regarding discretionary approvals of the City, not the routine, ministerial actions. For purposes of this subsection, the term compensation means money or any other thing of value that is received, or is to be received, in return for or in connection with such representation. The
prohibition in this subsection solely applies to the Former City Official, and shall not be construed to apply to other affiliated Persons.

(e) **Improper Influence.** It shall be a violation of this Article for a City Official to use such person's official title/position to:

1. secure special privileges or benefits for such person or others;
2. grant any special consideration, treatment or advantage to any citizen, individual, business organization or group beyond that which is normally available to every other citizen, individual, business organization or group;
3. assert the prestige of the official's or employee's City position for the purpose of advancing or harming private interests;
4. state or imply that the City Official is able to influence City action on any basis other than the merits; and
5. state or imply to state or local governmental agencies that the City Official is acting as a representative of the City, as an organization, or as a representative of the City Council without first having been authorized by the City Council to make such representation (except the Mayor, City Manager, and City Attorney).

(f) **Misuse of Information.**

1. **Personal Gain.** It shall be a violation of this Article for a former City Official to use any confidential information to which the City Official had access by virtue of their official capacity and which has not been made public concerning the property, operations, policies, or affairs of the City, to advance any personal or private financial interest of any Person.

2. **Confidential Information.** It shall be a violation of this Article for a City Official to intentionally, knowingly, or recklessly disclose any confidential information gained by reason of the City Official's position concerning the property, operations, policies or affairs of the City. This rule does not prohibit the reporting of illegal or unethical conduct to authorities designated by law.

(g) **Abuse of Resources.** It shall be a violation of this Article for a City Official to use, request, or permit the use of City facilities, personnel, equipment, software, supplies, or staff time for private purposes (including political purposes), except to the extent and according to the terms that those resources are generally available to other citizens and the City Officials for official City purposes.

(h) **Abuse of Position.** It shall be a violation of this Article for any City Official to:

(c) Panel Determination. Within ten (10) business days of being assigned an Accepted Complaint, the Panel shall review the Complaint on its face and determine whether the Complaint is:

(2) Baseless: the allegations and evidence contained in the Complaint, if true, would not constitute a violation of this Article.

Actionable Complaints shall be returned to the Chairperson for listing on an agenda for a public hearing. Baseless Complaints shall be dismissed. (C) an Accepted Complaint is Frivolous.

(3) **Sworn Testimony:** All witness testimony provided to the Board of Ethics shall be under oath.

(4) **Burden of Proof:** Because the burden of showing that a violation of this Article occurred is placed on the Complainant, it is the Complainant that has the obligation to put forth evidence, including testimony, supporting the Complaint. The Complainant is required to testify at the hearing. A Complainant’s failure to testify at a hearing shall be grounds for dismissal of a Complaint.

(5) **Representation:** The Accused shall have a right to present a defense. Both the Complainant and the Accuser have a right to be represented by legal counsel.

(d) **Open Meetings.** All meetings and hearings of the Board of Ethics, including Panel deliberations, shall be conducted pursuant to the Texas Open Meetings Act.    (3) **Criminal Proceedings:** If a Complaint alleges facts that are involved in a criminal investigation or a criminal proceeding before a grand jury or the courts, the Board of Ethics may, when a majority of its members deem appropriate, postpone any hearing or any appeal concerning the Complaint until after the criminal investigation or criminal proceedings are terminated.

(f) **Discovery.** The Rules of Procedure enacted under this Code may provide for basic, limited discovery among the Complainant and the Accused for purposes of facilitating the exchange of relevant documentation, clarifying the evidence, and developing the record. The Board of Ethics shall have sole discretion in resolving any discovery disputes.

(g) **Dispute Resolution.** The Board of Ethics may, in its sole discretion, attempt to negotiate or mediate an equitable resolution of any Complain. If the Board of Ethics
and the Accused are unable to negotiate or mediate a final resolution of the matter, the Board of Ethics may, at its discretion, convene a hearing.

1.15.18 Disposition

(a) Dismissal. If the Board of Ethics determines by simple majority vote (of those present and voting) at the conclusion of a hearing by simple majority vote of its members that a Complaint should be dismissed, it may do so upon finding:

  (1) the Complaint is Baseless;
  (2) the alleged violation did not occur;
  (3) the Accused reasonably relied in good faith upon an Advisory Opinion, as provided in this Article; or
  (4) the Complainant failed to testify at the hearing.

(b) Sanctions. If the Board of Ethics determines by simple majority vote at the conclusion of a hearing that a violation has occurred, it may within ten (10) business days impose or recommend any of the following sanctions:

  (1) Letter of Notification. If the violation is clearly unintentional, or when the Accused's action was made in reliance on a written Advisory Opinion. A letter of notification shall advise the Accused of any steps to be taken to avoid future violations.

  (2) Letter of Admonition. If the Board of Ethics finds that the violation is minor and may have been unintentional, but calls for a more substantial response than a letter of notification.

  (3) Letter of Reprimand. If the Board of Ethics finds that the violation:

      (A) was minor and was committed knowingly, intentionally or in disregard of this Article; or
      (B) was serious and may have been unintentional.

  (4) Recommendation of Suspension. If the Board of Ethics finds that a violation was committed by a member of the Board of Ethics, Planning & Zoning Commission, Zoning Board of Adjustment, Bastrop Economic Development Corporation’s Board of Directors, or a Department Director, and it:

      (A) was serious and was committed knowingly, intentionally or in disregard of this Article or a state conflict of interest law; or
      (B) was minor but similar to a previous violation by the Person, and was committed knowingly, intentionally or in disregard of this Article.

The final authority to impose a suspension rests with the City Council.
(5) **Ineligibility.** If the Board of Ethics finds that a Vendor has violated this Article, the Board may recommend to the City Manager that the Vendor be deemed ineligible to enter into a City contract or other arrangement for goods, services, or real property, for a period of one (1) year.

Notice of all sanctions imposed by the Board of Ethics shall be transmitted to the Accused, Complainant, City Secretary, City Attorney, and City Council.

(e) **Frivolous.**

(1) **Prohibition.** It is a violation of this Article for a Person to submit a Frivolous Complaint.

(2) **Super-Majority Vote.** If the Board of Ethics determines at the conclusion of a hearing by a vote of two-thirds (2/3) of its Members that a Complaint was Frivolous, the Board may impose a sanction as provided by Section 3-122(b).

(3) **Factors.** In making a determination on frivolity, the Board of Ethics shall consider the following factors:

   (A) the timing of the sworn Complaint with respect to when the facts supporting the alleged violation became known or should have become known to the Complainant, and with respect to the date of any pending election in which the Accused is a Candidate or is involved with a candidacy, if any;

   (B) the nature and type of any publicity surrounding the filing of the sworn Complaint, and the degree of participation by the Complainant in publicizing the fact that a Complaint was filed;

   (C) the existence and nature of any relationship between the Accused and the Complainant before the Complaint was filed;

   (D) if the Accused is a Candidate for Election to Office, the existence and nature of any relationship between the Complainant and any Candidate or group opposing the Accused;

   (E) any evidence that the Complainant knew or reasonably should have known that the allegations in the Complaint were groundless; and

   (F) any evidence of the Complainant's motives in filing the Complaint.

(4) **External Remedies.** Complainants who submit Frivolous Complaints are hereby notified that their actions may subject them to criminal prosecution for perjury (criminal prosecution), or civil liability for the torts of defamation or abuse of process.

1.15.19 **Reconsideration**

The Complainant or Accused may request the Board of Ethics to reconsider its decision. The request must be filed with the City Secretary within five (5) business days of receiving the final
opinion of the Board of Ethics. The request for reconsideration shall be sent to the Chairperson of the Board of Ethics and the non-filing party (Complainant or Accused). If the Chairperson finds, in the Chairperson’s sole discretion, that the request includes new evidence that was not submitted at a prior hearing, and that the new evidence bears directly on the Board of Ethics’ previous determination, the Chairperson shall schedule a hearing on the request for reconsideration to occur within thirty (30) business days after filing with the City Secretary. Absent new evidence, the Chairperson shall unilaterally dismiss the request for reconsideration and provide notice to the Parties.

WHEREAS, Section 501.204 of the Act requires the City Council of the City approve the resolution of the Issuer providing for the issuance of the Bonds no more than sixty (60) days prior to the delivery of the Bonds;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF BASTROP, TEXAS:

SECTION 1: The Resolution authorizing the issuance of the Bonds adopted by the Issuer on May 21, 2018 (the “Issuer Resolution”) and submitted to the City Council this day is hereby approved in all respects. The Bonds are being issued to finance the costs of acquiring and purchasing the Project, which is located within the City of Bastrop.

SECTION 2: The approvals herein given are in accordance with Section 501.204 of the Act and the Bylaws of the Issuer, and the Bonds shall never be construed as an indebtedness or pledge of the City, or the State of Texas (the “State”), within the meaning of any constitutional or statutory provision, and the owner of the Bonds shall never be paid in whole or in part out of any funds raised or to be raised by taxation (other than sales tax proceeds as authorized pursuant to the Act) or any other revenues of the Issuer, the City, or the State, except those revenues assigned and pledged by the Issuer Resolution.
SECTION 3: The City hereby agrees to promptly collect and remit to the Issuer the sales tax revenues in accordance with the terms of the Issuer Resolution and the Act to provide for the prompt payment of the Bonds, and to assist and cooperate with the Issuer in the enforcement and collection of sales and use taxes imposed on behalf of the Issuer.

SECTION 4: The Mayor, the Mayor Pro Tem, the City Secretary, the City Manager and Chief Financial Officer of the City are hereby authorized, jointly and severally, to execute and deliver such endorsements, instruments, certificates, documents, or other papers necessary and advisable to carry out the intent and purposes of this Resolution and Issuer Resolution.

SECTION 5: The City hereby acknowledges and recognizes that the Bonds are being issued as tax exempt obligations under and pursuant to section 103(a) of the Code (as defined below) and the proceeds of sales of such Bonds are to be deposited with the City following their receipt by the Issuer and the City shall have full control and responsibility for the acquisition and purchase of the Project and the investment and disbursement of the proceeds of sales of the Bonds. Therefore, as a result of the foregoing, the City hereby makes the following representations and warranties to the Issuer:

(a) Definitions. When used in this Section, the following terms have the following meanings:

“Closing Date” means the date on which the Bonds are first authenticated and delivered to the initial purchasers against payment therefor.

“Code” means the Internal Revenue Code of 1986, as amended by all Legislation, if any, effective on or before the Closing Date.

“Computation Date” has the meaning set forth in Section 1.148-1(b) of the Regulations.

“Gross Proceeds” means any proceeds as defined in Section 1.148-1(b) of the Regulations, and any replacement proceeds as defined in Section 1.148-1 (c) of the Regulations, of the Bonds.

“Investment” has the meaning set forth in Section 1.148-1(b) of the Regulations.

“Nonpurpose Investment” means any investment property, as defined in Section 148(b) of the Code, in which Gross Proceeds of the Bonds are invested and which is not acquired to carry out the governmental purposes of the Bonds.

“Rebate Amount” has the meaning set forth in Section 1.148-1(b) of the Regulations.

“Regulations” means any proposed, temporary, or final Income Tax Regulations issued pursuant to Sections 103 and 141 through 150 of the Code, and 103 of the Internal Revenue Code of 1954, which are applicable to the Bonds. Any reference to any specific Regulation shall also mean, as appropriate, any proposed, temporary or final Income Tax Regulation designed to supplement, amend or replace the specific Regulation referenced.
“Yield” of (1) any Investment has the meaning set forth in Section 1.148-5 of the Regulations and (2) the Bonds has the meaning set forth in Section 1.148-4 of the Regulations.

(b) **Not to Cause Interest to Become Taxable.** The City shall not use, permit the use of, or omit to use Gross Proceeds or any other amounts (or any property the acquisition, construction or improvement of which is to be financed directly or indirectly with Gross Proceeds) in a manner which if made or omitted, respectively, would cause the interest on any Bond to become includable in the gross income, as defined in section 61 of the Code, of the owner thereof for federal income tax purposes. Without limiting the generality of the foregoing, unless and until the City received a written opinion of council nationally recognized in the field of municipal bond law to the effect that failure to comply with such covenant will not adversely affect the exemption from federal income tax of the interest on any Bond, the City shall comply with each of the specific covenants in this Section.

(c) **No Private Use or Private Payments.** Except as permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall at all times prior to the last Stated Maturity of Bonds:

(1) exclusively own, operate and possess all property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with Gross Proceeds of the Bonds, and not use or permit the use of such Gross Proceeds (including all contractual arrangements with terms different than those applicable to the general public) or any property acquired, constructed or improved with such Gross Proceeds in any activity carried on by any person or entity (including the United States or any agency, department and instrumentality thereof) other than a state or local government, unless such use is solely as a member of the general public; and

(2) not directly or in directly impose or accept any charge or other payment by any person or entity who is treated as using Gross Proceeds of the Bonds or any property the acquisition, construction or improvement of which is to be financed or refinanced directly or indirectly with such Gross Proceeds, other than taxes of general application within the City or interest earned on investments acquired with such Gross Proceeds pending application for their intended purposes.

(d) **No Private Loan.** Except to the extent permitted by Section 141 of the Code and the Regulations and rulings thereunder, the City shall not use Gross Proceeds of the Bonds to make or finance loans to any person or entity other than a state or local government. For purposes of the foregoing covenant, such Gross Proceeds are considered to be “loaned” to a person or entity if: (1) property acquired, constructed or improved with such Gross Proceeds is sold or leased to such person or entity in a transaction which creates a debt for federal income tax purposes; (2) capacity in or service from such property is committed to such person or entity under a take-or-pay, output or similar contract or arrangement; or (3) indirect benefits, or burdens and benefits of ownership, of such Gross Proceeds are otherwise transferred in a transaction which is the economic equivalent of a loan.
(e) Not to Invest at Higher. Except to the extent permitted by Section 148 of the Code and the Regulations and rulings thereunder, the City shall not at any time prior to the final Stated Maturity of the Bonds directly or indirectly invest Gross Proceeds in any Investment (or use Gross Proceeds to replace money so invested), if as a result of such investment the Yield from the Closing Date of all Investments acquired with Gross Proceeds (or with money replaced thereby), whether then held or previously disposed of, exceeds the Yield of the Bonds.

(f) Not Federally Guaranteed. Except to the extent permitted by Section 149(b) of the Code and Regulations and rulings thereunder, the City shall not take or omit to take any action which cause the Bonds to be federally guaranteed within the meaning of Section 149(b) of the Code and the Regulations and rulings thereunder.

(g) Payment of Rebateable Arbitrage. Except to the extent otherwise provided in Section 148(f) of the Code and the Regulations and rulings thereunder:

1. The City shall account for all Gross Proceeds (including all receipts, expenditures and investments thereof) on its books of accounts separately and apart from all other funds (and receipts, expenditures and investments thereof) and shall retain all records of accounting for at least six years after the day on which the last Outstanding Bond is discharged. However, to the extent permitted by law, the City may commingle Gross Proceeds of the Bonds with other money of the City, provided that the City separately accounts for each receipt and expenditure of Gross Proceeds and the obligations acquired therewith.

2. Not less frequently than each Computation Date, the City shall calculate the Rebate Amount in accordance with rules set forth in Section 148(f) of the Code and the Regulations and rulings thereunder. The City shall maintain such calculations with its official transcript of proceedings relating to the issuance of the Bonds until six years after the final Computation Date.

3. As additional consideration for the purchase of the Bonds by the Purchasers and the loan of the money represented thereby and in order to induce such purchase by measures designed to insure the excludability of the interest thereon from the gross income of the owners thereof for federal income tax purposes, the City shall remit to the Issuer for payment to the United States the amount described in paragraph (3) above and the amount described in paragraph (4) below, at the times, in the manner and accompanied by such forms or other information as is or may be required by Section 148(f) of the Code and the Regulations and rulings thereunder.

4. The City shall exercise reasonable diligence to assure that no errors are made in the calculations and payments required by paragraph (2), and if an error is made, to discover and promptly correct such error within a reasonable amount of time thereafter (and in all events within one hundred eighty (180) days after discovery of the error), including the amount remitted to the Issuer for payment to the United States of any additional Rebate Amount owed to it, interest thereon, and any penalty imposed under Section 1.148-3(h) of the Regulations.

SECTION 6. It is officially found, determined, and declared that the meeting at which this Resolution is adopted was open to the public and public notice of the time, place, and subject
matter of the public business to be considered at such meeting, including this Resolution, was
given, all as required by Texas Government Code, Chapter 551, as amended.

**SECTION 7.** This Resolution shall be in force and effect from and after its passage on
the date shown below.

Consider action to approve Resolution No. R-2018-34 of the City Council of the City of Bastrop, Texas confirming the Youth Advisory Council appointments of the Mayor, as required in Section 3.08 of the City’s Charter; providing for a repealing clause; and establishing an effective date.

STAFF REPRESENTATIVE:
Trey Job, Managing Director of Public Works & Leisure Services

BACKGROUND/HISTORY:
Mrs. Megan Brandon, a 9th Grade Social Studies Research Methods Teacher at Colorado River Collegiate Academy, has four (4) classes working with a program called Generation Citizens. St. Edwards and University of Texas college students serve as democracy coaches. Generation Citizens is an action-civics curriculum where students select a community issue, research it, and come up with a potential solution. These students are some of the first in the state and central U.S. to take part in this program. To date, this program has only been available in Boston, New York, San Francisco, and Connecticut.

Mrs. Brandon’s third period class identified few opportunities for youth activities and leadership in Bastrop. Their identified solution to help solve this issue was the Youth Advisory Council (YAC), which they presented to Council for consideration on May 9, 2017. City Council was supportive of this concept and approved an Ordinance establishing the YAC on January 9, 2018 and the YAC’s Bylaws on February 13, 2018. Forty-nine applications were received and, after review, 12 were recommended for appointment.

POLICY EXPLANATION:
This 12-member board will serve as a conduit to the youth of the Bastrop community. An Ordinance establishing the YAC was approved by the Council on January 9, 2018, and the Bylaws were approved on February 13, 2018.

THIS AGREEMENT made this _________ day of ___________________ 20____, by and between the State of Texas, hereinafter referred to as the “State,” party of the first part, and the City of ________________________ (population ________________, 2010, latest Federal Census) acting by and through its duly authorized officers, hereinafter called the "City," party of the second part.

W I T N E S S E T H

WHEREAS, Chapter 311 of the Transportation Code gives the City exclusive dominion, control, and jurisdiction over and under the public streets within its corporate limits and authorizes the City to enter agreements with the State to fix responsibilities for maintenance, control, supervision, and regulation of State highways within and through its corporate limits; and

WHEREAS, Section 221.002 of the Transportation Code authorizes the State, at its discretion, to enter agreements with cities to fix responsibilities for maintenance, control, supervision, and regulation of State highways within and through the corporate limits of such cities; and

WHEREAS, the Executive Director, acting for and in behalf of the Texas Transportation Commission, has made it known to the City that the State will assist the City in the maintenance and operation of State highways within such City, conditioned that the City will enter into agreements with the State for the purpose of determining the responsibilities of the parties thereto; and

WHEREAS, the City has requested the State to assist in the maintenance and operation of State highways within such City:

A G R E E M E N T

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties hereto to be by them respectively kept and performed, it is agreed as follows:

For this agreement, the use of the words “State Highway” shall be construed to mean all numbered highways that are part of the State’s Highway System.
COVERAGE

1. This agreement is intended to cover and provide for State participation in the maintenance and operation of the following classifications of State Highways within the City:

   A. Non-Controlled Access highways or portions thereof which are described and/or graphically shown as “State Maintained and Operated” highways in Exhibit “A,” which is attached hereto and made a part hereof.

   B. All State highways or portions thereof which have been designated by the Texas Transportation Commission or maintained and operated as Controlled Access Highways and which are described and/or graphically shown in Exhibit “B,” which is attached hereto and made a part hereof.

2. In the event that the present system of State highways within the City is changed by cancellation, modified routing, or new routes, the State will terminate maintenance and operation and this agreement will become null and void on those portions of the highways which are no longer on the State Highway System; and the full effect and all conditions of this agreement will apply to the changed highways or new highways on the State Highway System within the City; and they shall be classified as “State Maintained and Operated” under paragraph 1 above, unless the execution of a new agreement on the changed or new portions of the highways is requested by either the City or the State.

3. Exhibits that are a part of this agreement may be changed with both parties' written concurrence. Additional exhibits may also be added with both parties' written concurrence.

GENERAL CONDITIONS

1. The City authorizes the State to maintain and operate the State highways covered by this agreement in the manner set out herein.

2. This agreement is between the State and the City only. No person or entity may claim third party beneficiary status under this contract or any of its provisions, nor may any non-party sue for personal injuries or property damage under this contract.

3. This agreement is for the purpose of defining the authority and responsibility of both parties for maintenance and operation of State highways through the City. This agreement shall supplement any special agreements between the State and the City for the maintenance, operation, and/or construction of the State highways covered herein, and this agreement shall supersede any existing Municipal Maintenance Agreements.

4. Traffic regulations, including speed limits, will be established only after traffic and engineering studies have been completed by the State and/or City and approved by the State.

5. The State will erect and maintain all traffic signs and associated pavement markings necessary to regulate, warn, and guide traffic on State highways within the State right-of-way except as mentioned in this paragraph and elsewhere in this agreement. At the intersections of off-system approaches to State highways, the City shall install and maintain all stop signs, yield signs, and one-way signs and any necessary stop or yield bars and pedestrian crosswalks outside the main lanes or outside the frontage roads, if such exist. The City shall install and maintain all street name signs except for those mounted on State maintained traffic signal poles or arms or special advance street name signs on State right-of-way. All new signs installed by the City on State right-of-way shall meet or exceed the latest State breakaway standards and be in accordance with the Texas Manual on Uniform Traffic Control Devices, latest edition and revision. All existing signs shall be upgraded on a maintenance replacement basis to meet these requirements.

6. Subject to approval by the State, any State highway lighting system may be installed by the City provided the City shall pay or otherwise provide for all cost of installation, maintenance, and operation except in those installations specifically covered by separate agreements between the City and State.
7. The City shall enforce the State laws governing the movement of loads which exceed the legal limits for weight, length, height, or width as prescribed by Chapters 621, 622, and 623 of the Transportation Code for public highways outside corporate limits of cities. The City shall also, by ordinance/resolution and enforcement, prescribe and enforce lower weight limits when mutually agreed by the City and the State that such restrictions are needed to avoid damage to the highway and/or for traffic safety.

8. The City shall prevent future encroachments within the right-of-way of the State highways and assist in removal of any present encroachments when requested by the State except where specifically authorized by separate agreement; and prohibit the planting of trees or shrubbery or the creation or construction of any other obstruction within the right-of-way without prior approval in writing from the State.

9. Traffic control devices such as signs, traffic signals, and pavement markings, with respect to type of device, points of installation and necessity, will be determined by traffic and engineering studies. The City shall not install, maintain, or permit the installation of any type of traffic control device which will affect or influence the use of State highways unless approved in writing by the State. Traffic control devices installed prior to the date of this agreement are hereby made subject to the terms of this agreement and the City agrees to the removal of such devices which affect or influence the use of State highways unless their continued use is approved in writing by the State. It is understood that basic approval for future installations of traffic control signals by the State or as a joint project with the City, will be indicated by the proper City official's signature on the title sheet of the plans. Both parties should retain a copy of the signed title sheet or a letter signed by both parties acknowledging which signalized intersections are covered by this agreement. Any special requirements not covered within this agreement will be covered under a separate agreement.

10. New construction of sidewalks, ramps or other accessibility related items shall comply with current ADA standards. The city is responsible for the maintenance of these items.

11. If the City has a driveway permit process that has been submitted to and approved by the State, the City will issue permits for access driveways on State highway routes and will assure the grantee's conformance, for proper installation and maintenance of access driveway facilities, with either a Local Access Management Plan that the City has adopted by ordinance and submitted to the State or, if the City has not adopted by ordinance and submitted to the State a Local Access Management Plan, the State's "Regulations for Access Driveways to State Highways" and the State's Access Management Manual. If the City does not have an approved city-wide driveway permit process, the State will issue access driveway permits on State highway routes in accordance with the City's Local Access Management Plan, adopted by city ordinance and submitted to the State or, if the City has not adopted by ordinance and submitted a Local Access Management Plan, the State's "Regulations for Access Driveways to State Highways" and the State's Access Management Manual.

12. The use of unused right-of-way and areas beneath structures will be determined by a separate agreement.

**NON-CONTROLLED ACCESS HIGHWAYS**

The following specific conditions and responsibilities shall be applicable to non-controlled access State highways in addition to the "General Conditions" contained herein above. Non-controlled access State highways or portions thereof covered by this section are those listed and/or graphically shown in Exhibit "A."

**State’s Responsibilities (Non-Controlled Access)**

1. Maintain the traveled surface and foundation beneath such traveled surface necessary for the proper support of same under vehicular loads encountered and maintain the shoulders.

2. Assist in mowing and litter pickup to supplement City resources when requested by the City and if State resources are available.

3. Assist in sweeping and otherwise cleaning the pavement to supplement City resources when requested by the City and if State resources are available.
4. Assist in snow and ice control to supplement City resources when requested by the City and if State resources are available.

5. Maintain drainage facilities within the limits of the right-of-way and State drainage easements. This does not relieve the City of its responsibility for drainage of the State highway facility within its corporate limits.

6. Install, maintain, and operate, when required, normal regulatory, warning and guide signs and normal markings (except as provided under “General Conditions” in paragraph 5). In cities with less than 50,000 population, this also includes school safety devices, school crosswalks, and crosswalks installed in conjunction with pedestrian signal heads. This does not include other pedestrian crosswalks. Any other traffic striping desired by the City may be placed and maintained by the City subject to written State approval.

7. Install, operate, and maintain traffic signals in cities with less than 50,000 population.

8. In cities equal to or greater than 50,000 population, the State may provide for installation of traffic signals when the installation is financed in whole or in part with federal-aid funds if the City agrees to enter into an agreement setting forth the responsibilities of each party.

City’s Responsibilities (Non-Controlled Access)

1. Prohibit angle parking, except upon written approval by the State after traffic and engineering studies have been conducted to determine if the State highway is of sufficient width to permit angle parking without interfering with the free and safe movement of traffic.

2. Install and maintain all parking restriction signs, pedestrian crosswalks [except as provided in paragraph 6 under “State’s Responsibilities (Non-Controlled Access)"], parking stripes and special guide signs when agreed to in writing by the State. Cities greater than or equal to 50,000 population will also install, operate, and maintain all school safety devices and school crosswalks.

3. Signing and marking of intersecting city streets with State highways will be the full responsibility of the City (except as provided under “General Conditions” in paragraph 5).

4. Require installations, repairs, removals or adjustments of publicly or privately owned utilities or services to be performed in accordance with Texas Department of Transportation specifications and subject to approval of the State in writing.

5. Retain all functions and responsibilities for maintenance and operations which are not specifically described as the responsibility of the State. The assistance by the State in maintenance of drainage facilities does not relieve the City of its responsibility for drainage of the State highway facility within its corporate limits except where participation by the State is specifically covered in a separate agreement between the City and the State.

6. Install, maintain, and operate all traffic signals in cities equal to or greater than 50,000 population. Any variations will be handled by a separate agreement.

7. Perform mowing and litter pickup.

8. Sweep and otherwise clean the pavement.

9. Perform snow and ice control.

CONTROLLED ACCESS HIGHWAYS

The following specific conditions and responsibilities shall be applicable to controlled access highways in addition to the “General Conditions” contained herein above. Controlled access State highways or portions thereof covered by this section are those listed and/or graphically shown in Exhibit “B.”
State’s Responsibilities (Controlled Access)

1. Maintain the traveled surface of the through lanes, ramps, and frontage roads and foundations beneath such traveled surface necessary for the proper support of same under vehicular loads encountered.

2. Mow and clean up litter within the outermost curbs of the frontage roads or the entire right-of-way width where no frontage roads exist and assist in performing these operations between the right-of-way line and the outermost curb or crown line of the frontage roads in undeveloped areas.

3. Sweep and otherwise clean the through lanes, ramps, separation structures or roadways and frontage roads.

4. Remove snow and control ice on the through lanes and ramps and assist in these operations as the availability of equipment and labor will allow on the frontage roads and grade separation structures or roadways.

5. Except as provided under “General Conditions” in paragraph 5, the State will install and maintain all normal markings and signs, including sign operation if applicable, on the main lanes and frontage roads. This includes school safety devices, school crosswalks and crosswalks installed on frontage roads in conjunction with pedestrian signal heads. It does not include other pedestrian crosswalks.

6. Install, operate and maintain traffic signals at ramps and frontage road intersections unless covered by a separate agreement.

7. Maintain all drainage facilities within the limits of the right-of-way and State drainage easements. This does not relieve the City of its responsibility for drainage of the highway facility within its corporate limits.

City’s Responsibilities (Controlled Access)

1. Prohibit, by ordinance or resolution and through enforcement, all parking on frontage roads except when parallel parking on one side is approved by the State in writing. Prohibit all parking on main lanes and ramps and at such other places where such restriction is necessary for satisfactory operation of traffic, by passing and enforcing ordinances/resolutions and taking other appropriate action in addition to full compliance with current laws on parking.

2. When considered necessary and desirable by both the City and the State, the City shall pass and enforce an ordinance/resolution providing for one-way traffic on the frontage roads except as may be otherwise agreed to by separate agreements with the State.

3. Secure or cause to be secured the approval of the State before any utility installation, repair, removal or adjustment is undertaken, crossing over or under the highway facility or entering the right-of-way. In the event of an emergency, it being evident that immediate action is necessary for protection of the public and to minimize property damage and loss of investment, the City, without the necessity of approval by the State, may at its own responsibility and risk make necessary emergency utility repairs, notifying the State of this action as soon as practical.

4. Pass necessary ordinances/resolutions and retain its responsibility for enforcing the control of access to the expressway/freeway facility.

5. Install and maintain all parking restriction signs, pedestrian crosswalks (except as mentioned above in paragraph 5 under “State's Responsibilities”) and parking stripes when agreed to by the State in writing. Signing and marking of intersecting city streets to State highways shall be the full responsibility of the City (except as discussed under "General Conditions" in paragraph 5).
TERMINATION

All obligations of the State created herein to maintain and operate the State highways covered by this agreement shall terminate if and when such highways cease to be officially on the State highway system; and further, should either party fail to properly fulfill its obligations as herein outlined, the other party may terminate this agreement upon 30 days written notice. Upon termination, all maintenance and operation duties on non-controlled access State highways shall revert to City responsibilities, in accordance with Chapter 311 of the Texas Transportation Code. The State shall retain all maintenance responsibilities on controlled access State highways in accordance with the provisions of Chapter 203 of the Texas Transportation Code and 23 United States Code Section 116.

Said State assumption of maintenance and operations shall be effective the date of execution of this agreement by the Texas Department of Transportation.

IN WITNESS WHEREOF, the parties have hereunto affixed their signatures, the City of ________________ on the ____ day of ________________ , 20____ , and the Texas Department of Transportation, on the ____ day of ________________ , 20____.

Signal Agreement

Loop 150 (Chestnut Street) and Pecan Street
December 6, 2013

Mike Talbot, City Manager
City of Bastrop
1311 Chestnut Street
Bastrop, Texas 78602

Dear Mr. Talbot:

The Texas Department of Transportation (TxDOT) would like to enter an agreement with the City of Bastrop to modify the signal at the intersection of Loop 150 (Chestnut St.) and Pecan St. We are in the process of upgrading the existing signal design to new mast arm signals. However, limited state right of way at the above intersection requires that we use city right of way along Pecan Street to install signal poles and equipment.

With your concurrence for the use of the right of way, TxDOT will be responsible for the installation, maintenance and operation of these signals, including the relocation of these signals, should that ever be necessary.

The authority to enter this agreement can be found in the Municipal Maintenance Agreement of 2000. This agreement allows the City and State to determine the maintenance responsibilities of each entity. Specifically, it addresses “Traffic control devices, such as signs, traffic signals ... in respect to type of device, points of installation, and necessity will be fixed by agreement with the State after traffic and Engineering surveys have been made.” See the attached exhibit for the locations and types of devices to be installed within the city’s right of way.

By your signature below, the City of Bastrop will allow TxDOT to install and maintain signal equipment within the right of way of Pecan St. at the intersection of Loop 150. After signing each of these duplicate letters please retain one for your files and return the other for our files. You may retain the attached exhibit for your files. Should you have any questions, please contact Wayne Rehnborg, P.E. at (512) 832-7019.

Sincerely,

2. **Default by City.** If the City defaults hereunder, the Developer may, as its sole remedy, seek a writ of mandamus from a court of competent jurisdiction compelling and requiring the City and its officers to observe and perform their obligations under this Agreement.
ARTICLE IV
MISCELLANEOUS

1. **Severability.** If any provision of this Agreement is held to be invalid, illegal or unenforceable in any respect, this invalidity, illegality, or unenforceability will not affect any other provision, and this Agreement will be construed as if the invalid, illegal, or unenforceable provision had never been contained herein.

2. **Entire Agreement.** This Agreement contains the entire agreement of the Parties. There are no other promises or conditions in any other agreement either oral or written. This Agreement supersedes any prior written agreements between the Parties.

3. **Assignability.** This Agreement may not be assigned in whole or in part by the Developer without the prior written consent of the City.

4. **Notice.** Any notice, communication, request, reply, or advice (severally and collectively referred to as "Notice") given under this Agreement must be in writing. Notice may be given or served: (i) by depositing it in the United States Mail, postage paid, certified with return receipt requested, and addressed to the party to be notified; or (ii) by personally delivering it to the party to be notified.    Address:

The parties may change their respective addresses for purposes of notice by giving at least five days written notice of the new address to the other party. If any date or any period provided in this Agreement ends on a Saturday, Sunday, or legal holiday,
the applicable period will be extended to the next business day.

5. Captions. The captions used in this Agreement are for convenience only and do not construe or limit the meaning of the language contained in this Agreement.

6. Applicable Law. This Agreement will be construed and interpreted under the laws of the State of Texas and the obligations of the parties are performable in Bastrop County, Texas.

7. Parties at Interest. This Agreement is for the exclusive benefit of the parties and it will never be construed to confer a benefit on a third party.

8. Term. Except as otherwise provided herein, this Agreement will be in force from the date of execution for a term of 2 years, or until the transactions contemplated hereby are consummated, whichever first occurs.

9. Force Majeure. If the City is rendered unable, in whole or in part, by force majeure to carry out any of its obligations under this Agreement, then those obligations, to the extent affected by force majeure and to the extent that due diligence is being used to remedy the inability and to resume performance at the earliest practicable time, will be suspended during the continuance of the inability, but for no longer. The term 'force majeure' includes, without limitation, acts of God; strikes, lockouts, or other industrial disturbances; acts of the public enemy; orders of any kind of the Government of the United States or of the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lightning; earthquakes; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions; breakage or accidents to machinery, pipelines or canals; and any other inabilities of the City, whether similar to those enumerated or otherwise, which are not within the control of the City, and which the City could not have avoided by the exercise of due diligence and care. The settlement of strikes and lockouts will be entirely within the discretion of the City, and the requirement that any force majeure be remedied with all reasonable dispatch does not require the settlement of strikes and lockouts by acceding to the demand of the opposing party or parties when the settlement is unfavorable, in the judgment of the City.

10. Counterparts: This Amendment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same document. Facsimile or electronic transmission of executed signatures are agreed and deemed to constitute fully enforceable and binding originals.

IN WITNESS WHEREOF, the undersigned Parties have executed this Agreement on the dates indicated below.
