Affinity Categories broaden the scope to identify users in terms of lifestyle; for example, Technophiles, Sports Fans, and Cooking Enthusiasts. These categories are defined in a similar way to TV audiences, and represent an opportunity to understand the behavior of your audience.

Other Categories are used to classify groups of users based on the specific content they consume, along with how recently and frequently they consume that content. This category data provides a more focused view of your users, and lets you analyze behavior more narrowly than Affinity Categories.

Strategic Marketing Initiatives

**Branding Process:** With approval by the Board, the Visit Bastrop Marketing Committee has selected Augustine, based in Dallas and California, to conduct our branding. This will be a four month process involving extensive stakeholder input.

**Bastrop Music Festival:** We have lined up our media presence to run in sync with Texas Music Magazine’s initiatives, to strengthen the overall messaging and voice. We have secured two billboards for the festival on the east and west end of town. We are also partnering with a 3rd party vendor to promote the event via gas station pump toppers.

**Tough Mudder:** We have strong marketing in place to reach registrants in their planning stages including our presence on the TM website. We are partnering with Explore Bastrop County to establish a presence at the event, to encourage participants head into Bastrop to participate in the after party at Neighbor’s Kitchen and Yard.

**Bastrop Patriotic Fest:** (June 29 – 30) We are in the beginning stages of planning for this event. We have met with the chamber to discuss past efforts and establish objectives for this years event. Overall goal is to build awareness and interest, ideally encouraging overnight stay and spending at the local level among target audiences.

**Affinity Categories** broaden the scope to identify users in terms of lifestyle, for example, Technophiles, Sports Fans, and Cooking Enthusiasts. These categories are defined in a similar way to TV audiences, and represent an opportunity to understand the behavior of your audience.

**Other Categories** are used to classify groups of users based on the specific content they consume, along with how recently and frequently they consume that content. This category data provides a more focused view of your users, and lets you analyze behavior more narrowly than Affinity Categories.

Strategic Marketing Initiatives

**Branding Process:** With approval by the Board, the Visit Bastrop Marketing Committee has selected Augustine, based in Dallas and California, to conduct our branding. This will be a four month process involving extensive stakeholder input.

**Bastrop Music Festival:** We have lined up our media presence to run in sync with Texas Music Magazine’s initiatives, to strengthen the overall messaging and voice. We have secured two billboards for the festival on the east and west end of town. We are also partnering with a 3rd party vendor to promote the event via gas station pump toppers.

**Tough Mudder:** We have strong marketing in place to reach registrants in their planning stages including our presence on the TM website. We are partnering with Explore Bastrop County to establish a presence at the event, to encourage participants head into Bastrop to participate in the after party at Neighbor’s Kitchen and Yard.

**Bastrop Patriotic Fest:** (June 29 – 30) We are in the beginning stages of planning for this event. We have met with the chamber to discuss past efforts and establish objectives for this years event. Overall goal is to build awareness and interest, ideally encouraging overnight stay and spending at the local level among target audiences.

**WARNING**

The Hotel Occupancy Tax revenue is 2% lower than forecasted. We budgeted revenue flat from FY17 to FY18 and in FY17 we were short reaching our budget. We were hopeful that we would be able to meet this budget amount in FY18 with increased tourism promotion.

MEETING DATE: May 8, 2018

AGENDA ITEM: 6C

TITLE:
Receive presentation on proposed Hotel Occupancy Tax Fund Disbursement Policy.

STAFF REPRESENTATIVE:
Lynda Humble, City Manager
Tracy Waldron, Chief Financial Officer
Sarah O’Brien, Hospitality & Downtown Director

BACKGROUND/HISTORY:
Chapter 351 of the Tax Code provides the requirements on how HOT funds may be spent. As prioritized in the FY 18 Budget, staff has been working to leverage HOT funds to attract tourism and strengthen our sales tax base by maximizing our investment. Staff also continues to work to bring HOT fund users together under the strategic goals and vision that have been developed in line with the Council’s Focus Areas, the City’s 2018 Work Plan, and the Comprehensive Plan 2036 as outlined below:

2018 Focus Areas:
Uniquely Bastrop: Maintain and enhance our historic community feel by leveraging the unique combination of community, cultural and recreational assets that make Bastrop a special place to live and work.
Economic Vitality: Create sustainability by leveraging tourism, infrastructure renewal and investment; enhancing public/private partnerships; efficient planning and development processes; and fostering an inclusive and diverse environment that encourages entrepreneurial ventures.
Fiscal Responsibility: Prepare and manage budget; fiduciary responsibility.

2018 Work Plan Items:
Economic Vitality #9: Continue ongoing development of the Bastrop visitor experience to include the community’s culinary and cultural assets.
Fiscal Responsibility #9: Redesign the Hotel Occupancy Fund Community Program Funding Policy & Application to better leverage resources and maximize the visitors’ experience.

Comprehensive Plan 2036:
Objective 8.1.3: Enhance the offerings available at the Bastrop Museum & Visitor Center.
ACTION 1: Create a visitor’s feedback survey to better understand demand for other tourism activities.
ACTION 2: Increase the number of digital and interactive exhibits and consider offering virtual video tours on-line, either for free or for purchase.
ACTION 3: Use interactive media displays that allows people to choose how they interact with the museum and visitor center, as well as other locations downtown.
ACTION 4: Increase presence on social media by posting content on-line at regular and predictable intervals.
ACTION 5: Offer “flash” sales on social media. These are deals that come up periodically that are only available for a short time, typically a day or two. This will get people excited about the social media outlets and help to grow viewership.

Objective 8.1.4: Create multiple downtown destination events that rely on Bastrop’s cultural assets.

ACTION 1: Encourage visitors to downtown Bastrop with events that occur weekly, monthly, or annually. Lost Pines Christmas is a great example of this type of event

ACTION 2: Create a “demo day” downtown that occurs each month. Entrepreneurs and local businesses can demo their products, foods, and services.

The Comprehensive Plan also states that Bastrop’s continued emphasis on cultural arts and tourism development through coordinated policies will lead to hundreds of millions in economic activity for the region.

POLICY EXPLANATION:
The FY 18 budget emphasized Council’s desire to diversify our revenue sources and increase property tax valuations. A strategic focus on economic development to reduce the City’s dependence on sales tax was made a priority. Priority was given to leveraging the $2,875,000 in annual Hotel Occupancy receipts to maximize the City’s opportunity to attract tourism and to work towards becoming a AAA- 4 Diamond destination for Hyatt guests. Staff is proposing several changes to the current HOT Fund Funding Application process, which will expand on our efforts from the current budget cycle and continue our focus on improving the Bastrop tourism experience. The proposed changes are outlined below:

A. In FY 18, several HOT funded events were identified as being better suited for an alternative funding source. These festivals may or may not attract tourists but share historical importance as long-standing community events. Staff is recommending that in FY 19 the annual Bastrop Homecoming & Rodeo funding request be allocated out of the Hospitality & Downtown budget through funding provided by Bastrop Power & Light. If approved, Homecoming would join Juneteenth and a portion of the Patriotic Festival under this umbrella. All three (3) of these events are important to the City of Bastrop and would occur with or without HOT funds. Staff will continue to work with these event organizers to ensure they can define the value provided to the community through their annual funding allocation and require acknowledgement of BP&L as a sponsor on all marketing materials. Staff will develop a Community Event Request Form to provide transparency in the process.

B. In FY 18, the City funded approximately $81,000 in special event funding through the HOT Funding Application process. With the creation of Visit Bastrop, staff is recommending the allocation of an additional $75,000 to Visit Bastrop’s FY 19 budget for development of a Tourism Special Event Funding program and application process. The difference is due to FY 18 funding given to convention organizers, typically these types of requests will be allocated out of an inducement fund in a DMO’s operating budget as they are not annual requests. Visit Bastrop staff is better equipped to track the economic impact and generation of hotel occupancy tax that may occur from events designed with the tourist in mind. Since Visit Bastrop is charged with marketing our community and telling the Bastrop Story, allowing them to work directly with event organizers to promote and market events should prove beneficial to event organizers and ultimately help maximize the City’s return on our investment of Hotel Occupancy Tax. Event organizers would work directly with Visit Bastrop staff to apply for event funding based on room night generation. Such a program would empower event organizers to demonstrate the value that their
event provides the community. Visit Bastrop staff will utilize special event economic impact calculators specifically designed to track HOT and measure the economic impact that events provide to Bastrop. It should be noted that Visit Bastrop has already allocated a portion of their funding for events in their FY 18 budget, like marketing the Bastrop Music Festival. The Visit Bastrop Board of Directors will be able to contribute additional funding from their budget for events and conventions that are in line with the organization’s mission.

C. Staff believes that certain tourism assets, that have previously participated in the HOT Funding Application process, are better suited to be classified as Essential Tourism Assets and would like to recommend the creation of an Essential Tourism Asset Funding Program for non-profits who rely annually on HOT funds. These assets are critical to the Bastrop tourism picture. While they may not be the sole reason a visitor makes a trip to Bastrop, when actively programmed and leveraged properly, these assets paint a culturally rich landscape encouraging tourists to extend their stay and spend additional dollars with us. Examples of essential tourism assets include the Bastrop County Museum & Visitor’s Center, Bastrop Opera House, and the Lost Pines Art Center. FY 18 was the first year that the Museum & Visitor’s Center’s contract was combined, since both visitor services and historic preservation are allowable under Chapter 351. The functions performed by the Bastrop County Historical Society should continue to be addressed in one funding agreement.

Over the last 12 months, with the creation of Visit Bastrop, the establishment of the City’s Hospitality & Downtown Department, and the development of our Cultural Arts Master Plan on the horizon, we are now uniquely positioned to leverage and work in tandem towards our community goals related to tourism. We can now effectively market and promote these assets and their programs as part of the overall Bastrop experience. The Essential Tourism Asset Funding program would establish a stable funding source for these assets to effectively plan for our shared vision.

While the FY 18 HOT Funding Application contracts established a variety of deliverables and expectations with users, this new program would further define these tourism assets’ roles in developing the Bastrop tourism picture. Staff would recommend incorporating the following deliverables into a funding agreement:

a. Present 9-12 months’ worth of programs annually (January – December) designed to appeal to tourists and attract overnight visitation to City Council.
   i. All art work, images and details regarding the individual programs such as “performances,” “classes,” or “exhibits” for the contract period including ticket prices and purchasing methods. Specific program details must be received by Visit Bastrop through their online CRM system no later than 90 days in advance, preferably 120 days in advance.
   ii. PR Opportunities to promote events should be provided directly to Visit Bastrop.
   iii. Maintain an active social media and online digital presence.

b. Annual Marketing Plan

c. Strategic Plan that addresses identifying additional funding sources

d. Annual Operating Budget

e. In partnership with Visit Bastrop, develop a visitor intercept survey to include data such as: where the visitor is from, demographic data, social-economic data, how they discovered Bastrop (advertising, social media, word-of-mouth), lodging information, length of stay, size of party, primary attractor, intent to return.
f. Monthly year-over-year traffic counts and primary market origin.

g. Participate in customer service, destination, board development and/or Hotel Occupancy Tax Training as provided by the City or Visit Bastrop.

h. Develop and maintain a building rental program and policies allowing opportunities for additional revenue streams and access to the facility to outside users.

i. Actively participate in the Cultural Arts Master Plan development and implementation process that is yet to be identified.

j. Follow all applicable local, state and federal laws related to building improvements and expenditures of HOT.

k. Other deliverables as currently defined in the FY 18 Funding Agreements specific to the assets roles in Bastrop’s tourism picture.

All contracts would be for a multi-year period allowing the essential tourism assets to know how much funding will be available annually and allow for appropriate planning. Staff would recommend quarterly reporting requirements to City Council highlighting the assets’ upcoming quarter of events and reviewing the current quarter’s programs. Quarterly reporting will heighten the sense of accountability of the allocated HOT funds. Staff would present funding contracts in June for Council consideration for January – December programming in the following year. This lapse in time will allow appropriate time for marketing. Assets would be required annually to present proposed programming, marketing plans, and strategic plans to Council before funding would be allocated. Funding would occur, according to the contract, once approval is given by Council. The deliverables of each contract will be reviewed annually to ensure prior year compliance before funding is allocated in years 2 or 3. If an essential tourism asset does not perform according to contract, the asset may not be eligible for funding the next year, depending upon the cause of default.

FUND DISBURSEMENT POLICY

CITY OF BASTROP

May 2018
CITY OF BASTROP
HOTEL OCCUPANCY TAX FUND DISBURSEMENT PROGRAM

Introduction
This policy incorporates overall direction for providing hotel occupancy tax (HOT) funds to outside agencies, programs, and events in the form of one-time event grants and annual program agreements. The policy replaces all previous policies adopted by the City regarding the disbursement of city HOT funds except as specifically noted in this policy. The proposed policy has been divided into three sections:

Section 1: General Policy Statement
Section 2: Annual Essential Tourism Asset Programming HOT Funding
Section 3: Special Event-Based HOT Funding

Section 1: General Policy Statement

1.01 Policy Statement
Texas Tax Code Chapter 351 requires that municipal hotel occupancy tax funds be used for specific purposes. First, the funds must be used toward activities that support the tourism and lodging industries in the City of Bastrop. Second, the activities must fall within an enumerated set of approved activity types, outlined in Chapter 351 of the Tax Code. The City’s HOT fund disbursement policy exists to ensure that the City’s HOT funds to outside agencies, programs, and events are being spent in compliance with state law. This policy is designed to leverage HOT funds to attract tourism and strengthen the City’s sales and hotel occupancy tax base by maximizing our investment with outside agencies, programs or events. The policy is designed to align with the strategic goals and vision of the Bastrop City Council and identified in the Comprehensive Plan 2036 to benefit the City’s tourism, hospitality, cultural and lodging industries.

Section 2: Annual Essential Tourism Asset Programming HOT Funding

2.01 Annual Programs Eligible for HOT Funding
The City of Bastrop recognizes that there are outside organizations that are an important component to the Bastrop tourism picture. When actively programmed, marketed and leveraged properly, certain assets enhance the community’s cultural and heritage scene and encourage increased tourism. These Essential Tourism Asset Programming HOT Fund recipients will be required to follow a distinct annual funding process as defined in this section. Essential Tourism Assets are defined in this policy as:

Organizations that provide cultural or heritage programming and enrichment opportunities including museums, art galleries, or performance venues located inside the City of Bastrop.
The Bastrop City Council will annually adopt a list of current Essential Tourism Assets during the budget adoption process.

2.02 Annual Essential Tourism Assets Program HOT Funding Request Process

Prospective Essential Tourism Assets HOT Fund recipients will use the following procedures for funding requests annually:

A. Submit funding requests to the City Manager or their designee by June 15th and in the format established by the City Manager or their designee that will be available by request.

B. Funding requests will be reviewed by the City Manager or their designees as part of the City's annual budget process.

C. The City Manager or their designees will provide recommendations on each request from the prospective Annual Essential Tourism Assets Program HOT Fund requests in the annual budget presentation.

D. The City Council will have final authority for approving contracts and funding amounts, including a decision to forgo or amend recommended funding, for any current or prospective applicant to the Essential Tourism Asset Program.

2.03 Annual Essential Tourism Assets Program HOT Fund Recipient Contract

An annual contract will be presented on behalf of all Annual Essential Tourism Asset Program HOT Fund Recipients to the City Council during the City's budget process. Contract form will be approved by the City Attorney and content will include all necessary reporting and monitoring requirements necessary to comply with all federal, state, and local rules and regulations, meet the intent of this Hotel Occupancy Tax Fund Policy, and any goals, strategies, plans or standards established by the City of Bastrop City Council.

  - Marketing Plan
  - Programming Schedule
  - Strategic Plan

  - Staff or board development
  - Current, past or future fundraising initiatives

The City of Bastrop will monitor Annual Essential Tourism Assets Program HOT Fund Recipients to ensure compliance with all contractual elements and that the agencies, programs, and events are working in accordance with the intent of this policy.

A. Funding for each agency will be made on a schedule as defined in the annual funding contract.

B. Continued funding is contingent on the timely submission of all completed quarterly and annual reports that meet the requirements of this policy and the contract between the City and the recipient. Compliance with the requirements shall be determined by the City Manager or their designee.

C. Organizations that receive funds from the Hotel Occupancy Tax Fund will meet the requirements of this section and all of the requirements listed in State law regarding the proper reporting and accounting of Hotel Occupancy Tax funds.

D. Organizations receiving Hotel Occupancy Tax Funds must also follow all federal, state, and local rules and regulations related to buildings open to public access.

E. An annual report will be prepared by all Annual Program HOT Fund Recipients for review as part of the budget review process.

F. The City will be allowed access to the recipient’s financial records to allow the City to audit or review the Organizations financial records.

Section 3: Special Event-Based HOT Funding

3.01 Overview

Organizations requesting to receive special event-based HOT funds will submit requests with Visit Bastrop, a 501c6 destination marketing organization that serves as the official marketing agency, brand advocate, and tourism and hospitality development arm of the City of Bastrop. On November 1, 2017, Fire Chief Mark Wobus attended the Bastrop Chamber of Commerce monthly meeting. During this meeting, Chief Wobus received $322 raised by the Sign Language Clubs and $986 that was raised by the Bastrop Chamber of Commerce.

In March 2018, Chief Wobus received notification that the Bastrop Fire Department was awarded $8,000 through the State Farm Community Good Neighbor Citizenship Grant. After conducting extensive research, Chief Wobus identified the “Lifestone HLAC151 Bedside Fire Alarm & Clock” as the appropriate fire alarm that can be utilized by the hearing impaired as well as individuals who are at risk of sleeping through an ordinary alarm. This alarm system works in conjunction with existing smoke alarms and responds with audible, visual, and tactile alerts. 21 households in the city and county have been identified to receive this alarm.

CITIZEN COMMENTS

Bill McLean – He is the attorney representing Clinton and Cammy Burns, owners of mobile home park. He expressed that his clients are serious about addressing the situation with the mobile home park and that prior efforts were made with staff to address the issues. He pointed out: there was a break down in the effort to resolve the issues, he did not know the cause of the break down; his clients wants a safe mobile home park, one that is good for the City of Bastrop. He implored the City to look at the true wording of the statute with the City Attorney in order to get to an objective and reasonable resolution on this matter.

Vicente Gonzalez – Manager of Estate Mobile Home Park for two (2) years, resident for 13 years. Stated the mobile home park is a safe place to live.
Kay Revetta – Spoke in support of the reinstatement of Steve Adcock as Bastrop Chief of Police. Ms. Revetta stated accusations of discrimination in the City of Bastrop workplace and called for the termination of City Manager, Lynda Humble.

Richard Revetta – Mr. Revetta made the request to donate his time to the previous speaker (Kay Revetta). (The City Attorney, Alan Bojorquez stated that he was not aware of any policy or rule that allow individuals to pool or donate their time, they are allotted the time signed up for and that is it.) Mr. Revetta requested to have a video shown. (The City Attorney stated that it is the policy and practice of the City of Bastrop that the videos displayed are those of who are invited on behalf of an agenda item prepared by staff or the City’s consultants, this venue is not opened up to members of the public.) The Mayor informed Mr. Revetta that he was welcome to submit the video if he would like to have it viewed at a later meeting.

Richard Kindred – Suggested a public display of time and buzzer for full disclosure. He stated if people are working in fear and intimidation, fear and intimidation creates chaos, chaos creates havoc and havoc means “I can’t do my job”. He stated that he is speaking today because he is a supporter of the Police Chief who in his opinion may be wrongfully terminated. He pointed out that the Police Chief was interim City Manager for a period. He asked how the Chief fell from grace. He stated that he found the Chief to be a man that was approachable, that listened, and acted. He exchanged emails with the Chief. He stated that he came to speak on the Chief’s behalf but after hearing the previous speaker he realized there is a problem in this building. He stated these were strong accusations. He stated that he is very concerned, he viewed the Art Center article that was published and 260 citizens commented on the way business is being conducted at City Hall. He encouraged the Council to perform an Environmental Assessment for all city staff, get an independent third party to conduct an Environment Assessment of the work relations at this city with every city staff person.

Reverend Robert E. Wellington Sr. – Stated he was in attendance in support of the reinstatement of Chief Adcock and to show moral support of the officers.

Connor McAnally – Spoke in support of Chief Adcock.

Jeffrey Voight – Stated he owns two pieces of commercial property in Bastrop, he has worked with the Downtown Business Alliance and Bastrop Citizen Police Academy under the leadership of Chief Bill Anderson and City Manager Jeff Holberg. He stated that he recently worked with former City Engineer, Wesley Brandon on getting a public utility easement that was put into place when his current building was already in place, they were moving towards a solution when Mr. Brandon left. He stated the question the City Council and Mayor should be asking is “why are we loosing this type of talent?” He stated the official reason was that he was moving to bigger and better things but he did not believe that was the true answer. He stated the Council should be asking why are there so many open positions in the City, specifically leadership positions. He suggested that the Council reach out to the city employees to find out what is really going on in the city. He stated “you have to ask yourself, do we have a hostile work environment here, are we taking care of the people who work and serve our city, why can we not retain and recruit new talent?”. His final question “Why are we letting one of the best police chiefs leave the service of the city?”
Wuthipong Tantaksinanukij (Tank) – He stated that Bastrop has relational policing, which was developed under Chief Adcock. He stated he made phone calls to friends who work for the City and he has never witnessed anything like the fear of retaliation and he does not know where it stems from if it is from the elected officials, City Manager, or department head but there is a dynamic change in the culture of the city workers who are the most valued assets in the City. He stated that happy workers are productive workers but at this time there is a sense of fear among the city workers. He thanked Chief Adcock for his service.

Kay McAnally – Stated she was on the City Council when Chief Adcock came on board as the Bastrop Chief of Police. She stated that Chief Adcock turned the Bastrop Police Department around and she never heard a bad word about him. Spoke in support of Chief Adcock.

Barbara Adkins – She stated the first time she met Chief Adcock it was in a room full of upset people and by the time the meeting was over he had calmed the room. She spoke of the support that Chief Adcock gave during the Senior Center’s bus accident and that he was there every step of the way. Spoke in support of Chief Adcock and requested that the Council reinstate the Chief.

Dock Jackson – Stated he was on the City Council when Chief Adcock was hired. He stated that he has worked with seven police chiefs and he ranks Chief Adcock with the best of them. He stated that the Chief brought the community together. He supported Chief Adcock’s reinstatement. He asked the Council to take this serious.

Lisa Patterson – Thanked Chief Adcock for his service and stated that she has had nothing but wonderful experiences with every interaction with him and his department. She stated while she came to thank the Chief and ask for him to be reinstated; from what she heard she believes this to be a larger symptom of a larger problem that this community is facing and she reminded Council that they were elected to govern and she ask that they take it very seriously regarding some of the complaints brought forward.

Debbi Moore – Stated Chief Adcock instituted community outreach both in the African American and Hispanic community when tensions were very high, he reached out to them and let them know that he cared and it helped calm the waters. She stated that she worked closely with the Chief regarding filming projects. She thanked Chief Adcock.

Greg Gilleland – Stated that Chief Adcock came into the Bastrop Police Department and changed the direction and morale of the entire department. He stated to the Council that they were setting a precedent and scaring off every future professional not just the police chief. He asked the Council to reconsider their decision and if nothing else give him the same severance package as Ms. Humble.

Greg Coy – Stated that he did not want to speak more about Chief Adcock, his fruits are known. A leader represents people he brings up front, a leader doesn’t stand up front. He stated that he is on the staff with Tank to represent the Hispanic community, the Chief allowed the Hispanics to have a voice in the community. He asked the Council to reinstate the Chief. He stated he was not there to represent the Chief because he has a good lawyer, the good Lord and the good Lord is going to work it all out. Today a difference can be made by saying we can make a difference in our community by saying we can make a difference as a group,
it is not an "I" thing it needs to be a "we" thing. The Chief is the one the good Lord is using to bring peace into the land, that’s why he is an officer. He believes the whole City of Bastrop is standing behind the Chief. He stated it is ok to say we can reinstate him, it does not say you are wrong, it just says we can make a difference.

TAKE ANY NECESSARY OR APPROPRIATE ACTION ON MATTERS POSTED FOR CONSIDERATION IN CLOSED/EXECUTIVE SESSION

The following statement was read into record by Council Member Ennis.
We the Council appreciate the public comments relative to Chief Adcock and his years of service to the Bastrop community. We hired our City Manager to assemble a management team that she feels will provide the best possible service to this community. The City Council stands united in support of City Manager Humble and her decision to best manage this city.

EXECUTIVE SESSION CONTINUED

The City Council met at 10:16 p.m. in a closed/executive session pursuant to the Texas Government Code, Chapter 551, et seq, to discuss the following:

10B. City Council shall convene into closed executive session pursuant to Section 551.071 of the Texas Government Code to discuss code compliance and anticipated litigation with the City Attorney regarding 2505 Main Street.

The Bastrop City Council reconvened at 11:07 p.m. into open (public) session.

TAKE ANY NECESSARY OR APPROPRIATE ACTION ON MATTERS POSTED FOR CONSIDERATION IN CLOSED/EXECUTIVE SESSION

The following statement was made by City Attorney, Alan Bojorquez.
Item 10 B is a code enforcement matter regarding the Piney Crossing Mobile Home Park. This is an issue that has been on the City’s radar for many years. Documentation shows where the City has identified a number of public health and safety concerns, many of them that are quite crucial and important to the saving of lives and property. Those concerns have been communicated to various property owners over the years, there has been discussions of plans of property owners fixing the infrastructure and upgrading it to a point of meeting the codes but those concerns keep continuing. Recently the City engaged in a new dialogue with the current owners and their new lawyer about the City’s concerns, those concerns stem from observations, first-hand reports regarding water utilities, wastewater utilities, electric infrastructure and fire safety issues implicating many provisions of the city of Bastrop’s Code of Ordinances and also the national and international codes that the City has adopted dating back into the 70’s which applies to this property. The City’s mission in pursuing this dialogue has been compliance, to get the property up to code so that it is safe for those who reside there and visit the property and also safe for the surrounding community. Things like water contamination and fire danger are important, not just to the residents of that mobile home park but everyone in Bastrop. The City has been trying to engage the property owners in order for them to put forth a plan to upgrade and fix the property. This item was listed as a litigation item on today’s agenda because if negotiations and cooperation fail the City has code enforcement options both criminal and civil route, the City does reserve those but hopes not to have to utilize them. The lawyer for the owners spoke during the Citizen Comment portion of this meeting today, it was very encouraging that the property owners are eager to cooperate and bring the property into compliance, that is the City’s ultimate hope. As the code is looked at it is realized that they apply to other properties as well so other properties will be systematically looked at and brought to the attention of the owners and occupants anything that the City feels is a danger to the residents of the property and others nearby. A
preliminary legal briefing was given in executive session regarding the facts of the law on this matter, this was the first time Council has been briefed on this and the first time this matter has been brought to the attention of Council. There was nothing presented in executive session, including the attorney’s legal guidance that would be inappropriate to share publicly. If Council receives questions regarding this, it may be an issue of vital public interest, there is nothing about what was discussed in executive session that the attorney would recommend be withheld. The Council is free to comment and will not be jeopardizing the City’s legal position in that regard. The City will continue to work with the property owner and communicate with their attorney. Several lists have been given by the City of what the problems are and tying to specific codes. Based on recent inspections the City is updating the list of problems and will be providing the list to the property owners and their legal counsel in hopes that they can put forth a plan that will address the property and the defects on that property. The City Attorney will keep Council informed as the City goes through this process. No City Council authorization or approval is required this was a briefing and discussion item.

ADJOURNMENT

Adjourned at 11:11 p.m. without objection.

APPROVED:       ATTEST:

Mayor Connie B. Schroeder          City Secretary Ann Franklin
MEETING DATE: May 8, 2018  

AGENDA ITEM: 8B

TITLE:
Consider action to approve the second reading of Ordinance No. 2018-05 of the City Council of the City of Bastrop, Texas amending the budget for the Fiscal Year 2018 in accordance with existing statutory requirements; appropriating the various amounts herein; as attached in Exhibit A; repealing all prior ordinances and actions in conflict herewith; and providing for an effective date.

STAFF REPRESENTATIVE:
Tracy Waldron, Chief Financial Officer

BACKGROUND/HISTORY:
The budget amendments do, in some funds, increase the budget appropriations for Fiscal Year 2018. Funds included in these amendments are detailed below:

General Fund includes:
- Transfer any salary vacancy savings to contingency for City Manager discretion. There were savings in Finance, Information Technology, Police and Public Works.
- The grant for the Shelter, received from the County, does not cover supplies and equipment required to operate the shelter day to day. This transfer from contingency covers to cost of purchasing these items (ie. appliances, tables, chairs, emergency management equipment, cots, supplies, etc.)

Vehicle & Equipment Replacement Fund includes:
- There is available fund balance in this fund and there are many vehicle and equipment needs throughout the organization. This budget amendment funds a water department truck, grant match for new servers at the Police department for camera video and an extraction tool for Fire.

Bastrop Power & Light includes:
- This fund received $25,000 from Buc-ee’s as part of an outdoor alternative light plan approved by Council. This amendment recognizes the additional revenue and budgets an expense for the new lighting that will be purchased and installed.

Water/Wastewater department includes:
- The XS Ranch well settlement agreement required a hydraulic study as part of the permit for Well J. This study was not budgeted in FY19. This amendment increases the expense code to cover this required study.
Hunter’s Crossing Public Improvement District includes:

- This amendment increases the Legal service expense to cover the compliance audit approved by Council. The General Fund will need to cover the cash shortage with a due from the PID fund until the assessments can be increased to cover the shortfall.

Bastrop Economic Development Corporation includes:

- Increase expense for redevelopment at 921 Main Street.

POLICY EXPLANATION:

- The City Charter requires that when the budget is amended, that the amendment be made by Ordinance.

- The Financial Management Policy states that the level of budgetary control is the department level in all funds. When budget amendments are required between departments and funds, these must be approved by City Council through an Ordinance. The Financial Management Policy further states that the contingency account can be increased by the amount available from vacancy savings on a quarterly basis.

MEETING DATE: May 8, 2018

AGENDA ITEM: 9A

TITLE:
Consider action to approve Resolution No. R-2018-31 of the City Council of the City of Bastrop, Texas, approving the Final Plat known as Piney Creek Bend, Section One, being 37.37 acres of Bastrop Town Tract Abstract 11 (Farm Lots 21, 22, and 28), located west of Carter Street, between Riverwood Drive and Reids Bend, within the city limits of Bastrop, Texas; as shown in Exhibit A; repealing all conflicting resolutions and providing an effective date.

STAFF REPRESENTATIVE:
Jennifer C. Bills, AICP, LEED AP, Assistant Planning Director

ITEM DETAILS:
- Site Address: West of Carter Street, between Riverwood Drive and Reids Bend (Attachment 1)
- Total Acreage: 37.37 acres
- Legal Description: 37.37 acres in Bastrop Town Tract, Abstract 11 (Farm Lots 21, 22, and 28)
- Property Owner: KB Home Lone Star Inc.
- Agent Contact: Nick Sandlin, PE, Binkley and Barfield
- Existing Use: Vacant/Undeveloped
- Existing Zoning: Piney Creek Bend Planned Development
- Future Land Use: Neighborhood Residential

BACKGROUND/HISTORY:
The applicant has submitted a Final Plat for the Piney Creek Bend, Section One Subdivision. The plat is creating 77 single-family detached lots, and two open space lots (Exhibit A). The remainder of the 170 total residential lots and the open spaces lots will be approved in future plat sections.

The proposed single-family lots follow the lot standards adopted in the Planned Development.

</tbody>
</table>

The subdivision will have 3.87 acres of right-of-way that will be dedicated with four new residential (50’ ROW) streets that serve the subdivision and an additional 2.23 feet on the west side of the Carter Street (existing ROW 55.55’). Carter Street is designated as a Major Collector in the
Transportation Master Plan and as such the required right-of-way width is 60 feet. Of the remaining 4.45 feet, Piney Creek Bend subdivision will dedicate 2.23 feet.

Traffic Impact and Streets
A traffic impact analysis (TIA) was submitted as part of the 2015 planned development process, and assumed that 190 lots would be developed. Per the subdivision ordinance, a TIA must be updated if more than 12 months passes before the development is initiated. Because the current proposal includes only 170 lots, and no major developments have occurred in the area since the TIA was prepared, an updated TIA is not necessary.

The proposed development will provide two street connections located at Linden Street and Juniper Street. All proposed interior streets are classified as local streets with a 26 feet minimum pavement width, and meet the City’s requirements for block width, length, and alignment.

Utilities
The development will connect to the existing water and wastewater lines along Carter Street. New water lines, wastewater lines, and a new wastewater lift station will be installed to serve the lots within the development. All water lines will be required to provide adequate fire protection facilities, such as appropriate line sizes and fire hydrants. Bastrop Power & Light will provide electrical service to the property.

Drainage
The proposed development is located adjacent to the eastern bank of Piney Creek, a major waterway that contains a watershed of approximately 38 square miles. All construction within the development will be required to mitigate any adverse impacts to the creek, as well as protect homes and infrastructure within the development from flood damages.

The proposed drainage system will be designed with a sufficient capacity to route flows from a 100-year design storm to Piney Creek, which ultimately drains into the Colorado River. Due to the property’s close proximity to the river, stormwater detention is not necessary, and could potentially cause a greater risk of flooding damages. During the construction plan phase, measures will be identified and required to address bank erosion and stabilization concerns.

Special flood hazard areas (SFHA) are located along the western boundary of the proposed development, which appear to affect several proposed building lots. In order to ensure homes and other infrastructure are properly protected from flooding, these areas must be filled and developed in accordance with City of Bastrop and FEMA standards. Additional information has been submitted by the applicant to determine the required finish floor elevations of the homes within the development. With Section One, only Lot 1, which is an open space and drainage easement lot is within the flood plain.

PUBLIC NOTIFICATION:
Notifications were mailed to 51 adjacent property owners (Attachment 2). At the time of this report, no written comments have been received.

POLICY EXPLANATION:
The Preliminary Plat for Piney Creek Bend was reviewed by the Planning & Zoning Commission on October 26, 2017 and approved by City Council on November 14, 2017.

Final Plats are reviewed by City Council for final approval.
Compliance with 2036 Comprehensive Plan:

- **Future Land Use Plan - Neighborhood Residential:** The Neighborhood Residential character area is for single-family residential subdivision development, associated amenities such as parks, trails, open spaces and public uses such as schools, fire stations, and more.

  This preliminary plat complies with the Future Land Use Plan. The final plat includes 77 single-family lots that will provide single-family detached units. A 19.252 acres of open space along Piney Creek which is currently shown to be largely in the floodplain will be dedicated with the final plat. The developer is in the process of studying the waterway and getting a Conditional Letter of Map Revision from FEMA that would reduce the amount of land in the floodplain. No single-family lots within the final plat are within the floodplain.

- **Objective 2.4.1:** Invest in waste water system expansion in areas that promote infill and contiguous development.

  This development is within the City's wastewater service area and is vacant land immediately adjacent to existing development. This subdivision connects to existing wastewater lines and continues the system in an efficient manner.

- **Goal 4.1.1 Provide a greater diversity of housing options in Bastrop while protecting the character of the City's existing neighborhoods.**

  The Piney Creek Bend Subdivision provides two lot sizes, 6,000 square feet and 7,200 square feet. The smallest single-family residential zone, SF-7, in the Zoning Ordinance requires the minimum lot size to be 7,000 square feet. This subdivision provides additional lot variety for city, while offering a modest increase in density from the City’s Zoning Ordinance.

Local Government Code

- **Sec. 212.002. Rules.**

  After a public hearing on the matter, the governing body of a municipality may adopt rules governing plats and subdivisions of land within the municipality's jurisdiction to promote the health, safety, morals, or general welfare of the municipality and the safe, orderly, and healthful development of the municipality.

  **Bastrop adopted subdivision regulations in 1981. The Code of Ordinances, Chapter 10 – Subdivisions outlines the requirements for plats within the Bastrop city limits and Extra Territorial Jurisdiction (ETJ).**

Section 212.004 Plat Required

(a) The owner of a tract of land located within the limits or in the extraterritorial jurisdiction of a municipality who divides the tract in two or more parts to lay out a subdivision of the tract, including an addition to a municipality, to lay out suburban, building, or other lots, or to lay out streets, alleys, squares, parks, or other parts of the tract intended to be dedicated to public use or for the use of purchasers or owners of lots fronting on or adjacent to the streets, alleys, squares, parks, or other parts must have a plat of the subdivision prepared.

  The applicant has proposed subdividing 37.37 acres into 77 single-family lots of as a first phase of an undeveloped 90.93-acre tract that will contain a total of 170 single-
family lots when all phases are complete. Public improvements within the subdivision (streets, drainage, and other utilities) will be dedicated to the City upon their completion.

- Sec. 212.010. Standards for Approval
  (a) The municipal authority responsible for approving plats shall approve a plat if:
  (1) it conforms to the general plan of the municipality and its current and future streets, alleys, parks, playgrounds, and public utility facilities;

  The preliminary plat conforms to the Future Land Use Plan, which is designated Neighborhood Residential for this area.

  (2) it conforms to the general plan for the extension of the municipality and its roads, streets, and public highways within the municipality and in its extraterritorial jurisdiction, taking into account access to and extension of sewer and water mains and the instrumentalities of public utilities;

  The plat conforms to the adopted Transportation Master Plan. A Traffic Impact Analysis was performed with the rezoning Planned Development. Additional right-of-way is being dedicated along Carter Street, to comply with the development’s contribution to a 60 feet ROW. The plat also conforms with the Capital Improvement Plan and will install public extensions of the water and wastewater infrastructure.

  (3) a bond required under Section 212.0106, if applicable, is filed with the municipality; and

  The Public Improvement Construction Plan has been reviewed by the City Engineer and can be approved once the final plat is approved by City Council. Required improvements and bonds will be furnished before the recordation of the Final Plat.

  (4) it conforms to any rules adopted under Section 212.002.

  The final plat complies with the requirements of the adopted Subdivision Ordinance.

Code of Ordinances Chapter 10 – Subdivisions
- Section 4.20 – Standard Procedure – Final Plat

4.20.1 Submission

A. The final plat shall be filed with the Director of Planning and Development at least fifteen (15) days prior to the meeting at which approval is requested. Prior to the plat being placed before the Council for consideration, the plat must be accepted as administratively complete by the Director of Planning and Development. A plat that contains the information set forth in paragraph 4.20.2 is considered complete.

TITLE:
Hold public hearing and consider action to approve the first reading of Ordinance No. 2018-07 of the City Council of the City of Bastrop, Texas, granting a Conditional Use Permit for a 120-foot standpipe, on Lot A, Tahitian Village, Unit 1, located at 113 Tahitian Drive, within the city limits of Bastrop, Texas; as shown in Exhibit A; setting out conditions; including a severability clause; and establishing an effective date and move to include on the May 22, 2018 agenda for second reading.

STAFF REPRESENTATIVE:
Jennifer C. Bills, AICP, LEED AP, Assistant Planning Director

ITEM DETAILS:
Site Address: 113 Tahitian Drive (Exhibit A)
Total Acreage: 0.837 acres
Legal Description: Lot A of Tahitian Village, Unit 1

Property Owner: Bastrop County Water Control and Improvement District #2
Agent Contact: Jim Ouellet, P.E.

Existing Use: Bastrop County WCID #2 Water well, tanks, and pump station
Existing Zoning: C-2, Commercial 2
Future Land Use: Transitional Residential

BACKGROUND/HISTORY:
Bastrop County Water Control and Improvement District #2 is requesting a Conditional Use Permit to construct a new water standpipe at their existing facility located at 113 Tahitian Drive. The site is the WCID #2’s Water Plant No. 1, which contains an existing water well, pump station, and ground storage tanks (Attachment 2).
The new 500,000-gallon standpipe will be 120 feet in height with a diameter of 40 feet. The standpipe is needed to add additional capacity and pressure to the water system and provide better service for the water customers in the Bastrop County WCID #2 area.

The site is zoned Commercial-2. The approximate location of the standpipe is on the north side of the property and will be setback a minimum of 10 feet from the north property line.
The Commercial-2 district has a maximum height of 35 feet. Chapter 14 of the Code of Ordinances allows heights over 35 feet with a Conditional Use Permit.

**POLICY EXPLANATION:**
The purpose of conditional uses is to allow certain uses in districts that under most circumstances would not be compatible with other permitted uses, but may be compatible if certain conditions and development restrictions are met. A Conditional Use Permit (CUP) is adopted by Ordinance, similar to a standard zoning request, with public hearings at Planning & Zoning Commission and City Council meetings, as well as two ordinance readings at separate City Council meetings.

Per Section 33.2 Conditional Use Permit Regulations, the Planning and Zoning Commission and City Council may consider the following for approval of a requested CUP:

1. The use is harmonious and compatible with surrounding existing uses or proposed uses;

   *The existing lot is already in use as a water well and storage location. Standpipes and water towers are necessary elements of a water system to serve development and are usually placed near existing development.*

2. The activities requested by the applicant are normally associated with the permitted uses in the base district;
Water standpipe/Elevated Water Storage is a permitted use of the Commercial-2 district.

3. The nature of the use is reasonable;

   Standpipes are a reasonable and necessary use to provide adequate water availability.

4. Any negative impact on the surrounding area has been mitigated;

   The existing 150-foot Sanitary Control Easement for the existing well will remain and will not be increased. No negative impacts of the standpipe are anticipated.

5. That any additional conditions specified ensure that the intent of the district purposes are being upheld.

   Additional criteria are detailed below.

Chapter 14, Section 43.4 Special Height Regulations includes several conditions that apply to the proposed water standpipe.

43.4 - SPECIAL HEIGHT REGULATIONS:

B. Increasing Maximum Height. The maximum height of buildings and structures may be increased above the maximum height allowed in the base zoning district by conditional use permit, as provided in Section 33, Conditional Use Permits, for those buildings and structures located in nonresidential districts, and those buildings and facilities occupied by a church, political subdivision, or utility company in any zoning district.

   1. In addition to the conditional use standards, the Planning and Zoning Commission and City Council shall consider, but not be limited to, the following factors when determining the maximum height:

      a. Preservation of views of landmark buildings, significant open spaces, vistas or water bodies.

      b. Access to light and air of surrounding properties.

      c. Shadowing of residential properties or significant public spaces.

      d. Height, bulk and scale relationships with surrounding uses and structures.

         i. Type and amount of separation between surrounding uses and structures (e.g. separation by only a property line, by an alley or street, or by other physical features such as grade changes).

         ii. Use of architectural style, details (such as roof lines or fenestration), color or materials that derive from the less intensive surrounding uses and structures.

         iii. Creative use of landscaping or other screening.

         iv. Location of features on-site to facilitate transition, such as locating open space on the property edge so the building or structure is farther from lower intensity development.
v. Articulation of the building’s facades vertically or horizontally in intervals that conform to existing structures or platting pattern.

vi. Reducing the bulk of the building's upper floors.

vii. Limiting the length of, or otherwise modifying, facades.

e. Treating topographic conditions in ways that minimize impacts on neighboring development, such as by using a rockery rather than a retaining wall to give a more human scale to a project, or stepping a project down a hillside.

f. Relationship of windows, doors, exterior stairways, exterior balconies, sundecks, etc. with the privacy of neighbors.

2. Fire related standards:

a. Fire flow is adequate.

b. Buildings or structures over two (2) stories in height shall be in compliance with four (4) story fire code requirements for commercial fire suppression systems.

The existing site is already used for water pumping and storage. The standpipe will be a passive use and the main impact to the surrounding is visual. The height is such that additional landscaping and screening will not provide any effective visual improvement and there is no change to the architectural structure that will make any improvement; however, paint/material color of the standpipe can be considered. At street level, existing trees and shrubs help screen the site from pedestrians and vehicles. The standpipe will be separated from the northern property by at least 10 feet to the property line as well as parking lot on the other side of the property line. Shadowing and blocked access to light and air will be minimal due to the narrowness of the tower compared to a building, as well as the fact that WCID #2 owns most of the surrounding site. The tower’s location has minimal impact on Tahitian Village vistas across valleys and ravines.

The standpipe does not require any commercial fire suppression system.

PUBLIC COMMENTS:
Eleven adjacent property owner notifications were mailed on April 6, 2018. At the time of this report, one response with no objection, as long as the increase in height does not increase the non-build radius around the well. There is a 150-foot Sanitary Control Easement around the existing well and that easement will not be changed (Attachment 5).

PLANNING & ZONING RECOMMENDATION:
The P&Z recommended approval of the Conditional Use Permit for a 120-foot standpipe on Lot A, of Tahitian Village, Unit 1, by a vote of 8-0.

Comments:
• The applicant stated the standpipe would be painted either sky blue or white to provide the least obtrusive visual effect.
• The Commission requested that the tower be labeled with identifying information, such as “Welcome to Bastrop” as the tower will be on the eastern edge of the city along Highway 71. They asked that this follow the same criteria that is being applied to other water towers.
The Commission asked if the addition of this facility would enable the BCWCID #2 to provide fire flow to Tahitian Drive. The applicant stated this would be a first step towards greater capacity.

RECOMMENDATION:
Hold public hearing and consider action to approve the first reading of Ordinance No. 2018-07 of the City Council of the City of Bastrop, Texas, granting a Conditional Use Permit for a 120-foot standpipe, on Lot A, Tahitian Village, Unit 1, located at 113 Tahitian Drive, within the city limits of Bastrop, Texas; as shown in Exhibit A; setting out conditions; including a severability clause; and establishing an effective date and move to include on the May 22, 2018 agenda for second reading.

Conditions:
1. Construction shall be in conformance with the City of Bastrop regulations.
2. All necessary permits for the proposed development shall be acquired prior to occupying the building.
3. A Building Permit shall be applied for and secured within one year from the date the Conditional Use Permit is granted (second reading of the ordinance).

RE: Project Description Letter
Conditional Use Permit
Water Standpipe at Water Plant No. 1
BCWCID #2

Mr. Gattis:

Bastrop County Water Control and Improvement District #2 (BCWCID #2) is the provider of water service for most of Tahitian Village located just east/southeast of the City of Bastrop. BCWCID #2 currently owns and operates an existing water plant (Water Plant No. 1) on approximately 0.83 acres at 113 Tahitian Drive. The existing plant site has existing ground storage tanks, pump station and hydropneumatic tanks. BCWCID #2 proposes to install a new approximate 500,000 gallon water standpipe to better serve its customer base.

The existing site is zoned Commercial – 2 (C-2) per the City of Bastrop zoning map. The C-2 zoning only allows for heights up to 35 feet. Per section 43.4 B., a conditional use permit can be applied for to allow for greater heights for improvements proposed by a utility company. The proposed water standpipe is a proposed bolted steel tank with an approximate eave height of 116 feet and total height of approximately 120 feet. Our proposed height is in excess of 35 feet and requires a conditional use permit approval.

Following are additional items of consideration for this request:

1. The water standpipe will be similar in size and scope as many other elevated style water tanks owned and operated by the City of Bastrop and Aqua Water Supply Corporation.

2. All adjacent land uses are non residential and/or zoned non residential and will not have a negative impact on light, air or shadowing of adjacent properties.

3. Reference the attached picture for the style of standpipe tank proposed.

4. The tank is being located on an existing water plant site and is an appropriate location for the intended use. The tank site was selected due to the fact that it is at the highest
elevation in the system which is necessary to optimize storage capacity and fire protection.

Based on the properties location, existing land use of a water plant site, adjacent zoning districts, adjacent uses, and the need to improve the water system, we feel the conditional use permit is a reasonable request. We look forward to working with you and your staff on this request. Please call me at 979-968-6474 if you need any further information or have any questions.

Very truly yours,

STAFF REPORT

MEETING DATE: May 8, 2018

AGENDA ITEM: 9C

TITLE:
Consider action to approve the first reading of Ordinance No. 2018-06 of the City Council of the City of Bastrop, Texas amending the Code of Ordinances, Chapter 2 Titled “ANIMAL CONTROL,” Article 2.01 Titled “GENERAL PROVISIONS,” Section 2.01.001 Titled “DEFINITIONS”; repealing the provision that established a sanctuary for chickens that are not owned and located in the vicinity of Farm Street and all prior ordinances that are in conflict herewith; as attached in Exhibit A; and providing for findings of fact, enactment, effective date, repealer severability, and proper notice and meeting; and move to include on the May 22, 2018 agenda for a second reading.

STAFF REPRESENTATIVE:
James Altgelt, Interim Public Safety Director

BACKGROUND/HISTORY:
On June 9, 2009, the City Council received compelling input and comment from members of the Bastrop community. The community expressed concern about the protection of certain chickens that resided, at-large on property adjoining Farm Street between the railroad tracks and State Highway 95. It was further identified that the public viewed that these at-large chickens generally enhanced the quality of life in the City of Bastrop and the chickens did not pose a health risk, were not a nuisance to humans, nor were they likely to propagate in excessive numbers.

On June 23, 2009, the City Council determined that it was necessary for the protection and enhancement of the general welfare of the citizens of Bastrop to amend the City Code, related to Animal Control, and provided for an exception for certain Poultry and Fowl that resided, at-large, in certain areas of the City from certain nuisance and enforcement provisions of the code. The adoption of Ordinance No. 2009-13 took place which created what has become to be known as the “Chicken Sanctuary”. This was an area described as the vicinity of Farm Street for a distance of approximately 1,500 feet, between Highway 95 to the railroad tracks near Fayette Street. All chickens that were not owned by an individual and that generally ran at-large in this area were considered to be “protected animals.”

Over the passage of time, some of these at-large chickens appear to have migrated out of the “Chicken Sanctuary” to other parts of the City. The presence of these at-large chickens throughout the City have caused concern among some of the members of the Bastrop community to the point that necessitated a public hearing conducted on November 29th, 2017. During this hearing the City Council received input from the citizens regarding the number of at-large chickens within the city limits to include the “Chicken Sanctuary.” Some of the input consisted of different strategies to resolve the at-large chicken problem.
On March 27, 2018, the City Council received an update concerning the at-large chickens. Upon conclusion of this update, the City Council unanimously opined that the removal of the “Chicken Sanctuary” would be in the best interest of the city.

**POLICY EXPLANATION:**
This ordinance, if passed, will eliminate the terminology “Chickens that are not owned by an individual and that generally run at large in the vicinity of Farm Street for a distance of approximately one thousand five hundred (1,500) feet, between Highway 95 to the railroad tracks near Fayette Street” from the definition of “Protected animals” as defined by Chapter 2 – ANIMAL CONTROL, Article 2.01 – GENERAL PROVISIONS, Sec. 2.01.001. This will effectively end the existence of what we have come to know as the “Chicken Sanctuary.”

At the March 27th Council meeting a discussion was facilitated by the City Attorney the proposed Ethics Ordinance. His presentation:
1. Educated the Council on the importance of how a quality Ethics ordinance should be structured.
2. Educated the Council on the important elements that should be contained in a quality Ethics ordinance.
3. Discussed the draft ordinance, sought input to ensure it meets the Council’s expectations, and to understand additional issues that need to be addressed in an Ethics Ordinance specifically written for the City of Bastrop.

At the April 10th Council meeting, a discussion was facilitated by the City Attorney regarding Draft C of the Ethics Ordinance, which contained feedback from the March 27th Council briefing as well as emails from citizens.

POLICY EXPLANATION:
At the April 24th Council meeting, City Attorney Bojorquez discussed the changes to the Ethics Ordinance. Public comment was taken. Council instructed staff to place the Ethics Ordinance on the May 8th agenda for first reading. City Attorney Bojorquez specified an effective date of
September 1, 2018 for this Ordinance. This will allow Council to recruit and nominate a 5-member board, create a training program, and the City Attorney to prepare Procedural Rules and Forms.

Clerical and administrative steps shall be taken to identify and manage confidential information in accordance with this Article. The confidentiality created by this Article includes the fact that a Complaint was submitted and the contents of that Complaint. It shall be a violation of this Article for a City Official to publicly disclose information relating to the filing or processing of a Complaint, except as required for the performance of official duties or as required by law. (a) Referral to Chairperson. Accepted Complaint(s) shall be referred to the Chairperson of the Board of Ethics within five (5) business days of being determined administratively complete.

(b) Assignment of Panel. Within five (5) business days of receiving an Accepted Complaint, the Chairperson of the Board of Ethics shall assign the Complaint to a Panel for Preliminary Assessment. The Chairperson shall order a meeting of the Panel, which shall be conducted in compliance with the Texas Open Meetings Act. Each Panel shall select a Presiding Officer to conduct Panel deliberations.

(c) Panel Determination. Within ten (10) business days of being assigned an Accepted Complaint, the Panel shall review the Complaint on its face and determine whether the Complaint is:

(1) **Actionable**: the allegations and evidence contained in the Complaint, if true, would constitute a violation of this Article.

(2) **Baseless**: the allegations and evidence contained in the Complaint, if true, would not constitute a violation of this Article.

(B) an Accepted Complaint was erroneously dismissed as Baseless by a Panel; and/or

(C) an Accepted Complaint is Frivolous.

(3) **Sworn Testimony:** All witness testimony provided to the Board of Ethics shall be under oath.

(4) **Burden of Proof:** Because the burden of showing that a violation of this Article occurred is placed on the Complainant, it is the Complainant that has the obligation to put forth evidence, including testimony, supporting the Complaint. The Complainant is required to testify at the hearing. A Complainant’s failure to testify at a hearing shall be grounds for dismissal of a Complaint.

(5) **Representation:** The Accused shall have a right to present a defense. Both the Complainant and the Accuser have a right to be represented by legal counsel.

(d) **Open Meetings.** All meetings and hearings of the Board of Ethics, including Panel deliberations, shall be conducted pursuant to the Texas Open Meetings Act. The Board of Ethics may convene in Executive Session (i.e., conduct a closed meeting) as allowed by the Act. All final actions of the Board of Ethics shall take place in open session.

(e) **Postponement in Certain Instances.**

(1) **Board:** Proceedings may be postponed upon majority vote by the members of the Board of Ethics.

(3) **Criminal Proceedings:** If a Complaint alleges facts that are involved in a criminal investigation or a criminal proceeding before a grand jury or the courts, the Board of Ethics may, when a majority of its members deem appropriate, postpone any hearing or any appeal concerning the Complaint until after the criminal investigation or criminal proceedings are terminated.

(f) **Discovery.** The Rules of Procedure enacted under this Code may provide for basic, limited discovery among the Complainant and the Accused for purposes of facilitating the exchange of relevant documentation, clarifying the evidence, and developing the record. The Board of Ethics shall have sole discretion in resolving any discovery disputes.

(g) **Dispute Resolution.** The Board of Ethics may, in its sole discretion, attempt to negotiate or mediate an equitable resolution of any Compliant. If the Board of Ethics...
and the Accused are unable to negotiate or mediate a final resolution of the matter, the
Board of Ethics may, at its discretion, convene a hearing.

1.15.18 Disposition

(a) Dismissal. If the Board of Ethics determines by simple majority vote (of those present
and voting) at the conclusion of a hearing by simple majority vote of its members that
a Complaint should be dismissed, it may do so upon finding:

(1) the Complaint is Baseless;

(2) the alleged violation did not occur;

(3) the Accused reasonably relied in good faith upon an Advisory Opinion, as
provided in this Article; or

(4) the Complainant failed to testify at the hearing.

(b) Sanctions. If the Board of Ethics determines by simple majority vote at the conclusion
of a hearing that a violation has occurred, it may within ten (10) business days impose
or recommend any of the following sanctions:

(1) Letter of Notification. If the violation is clearly unintentional, or when the
Accused's action was made in reliance on a written Advisory Opinion. A letter
of notification shall advise the Accused of any steps to be taken to avoid future
violations.

(2) Letter of Admonition. If the Board of Ethics finds that the violation is minor
and may have been unintentional, but calls for a more substantial response than
a letter of notification.

(3) Letter of Reprimand. If the Board of Ethics finds that the violation:

(A) was minor and was committed knowingly, intentionally or in disregard
of this Article; or

(B) was serious and may have been unintentional.

(4) Recommendation of Suspension. If the Board of Ethics finds that a violation
was committed by a member of the Board of Ethics, Planning & Zoning
Commission, Zoning Board of Adjustment, Bastrop Economic Development
Corporation’s Board of Directors, or a Department Director, and it:

(A) was serious and was committed knowingly, intentionally or in disregard of
this Article or a state conflict of interest law; or

(B) was minor but similar to a previous violation by the Person, and was
committed knowingly, intentionally or in disregard of this Article.

The final authority to impose a suspension rests with the City Council.
(5) **Ineligibility.** If the Board of Ethics finds that a Vendor has violated this Article, the Board may recommend to the City Manager that the Vendor be deemed ineligible to enter into a City contract or other arrangement for goods, services, or real property, for a period of one (1) year.

Notice of all sanctions imposed by the Board of Ethics shall be transmitted to the Accused, Complainant, City Secretary, City Attorney, and City Council.

e) **Frivolous.**

(1) **Prohibition.** It is a violation of this Article for a Person to submit a Frivolous Complaint.

(2) **Super-Majority Vote.** If the Board of Ethics determines at the conclusion of a hearing by a vote of two-thirds (2/3) of its Members that a Complaint was Frivolous, the Board may impose a sanction as provided by Section 3-122(b).

(3) **Factors.** In making a determination on frivolity, the Board of Ethics shall consider the following factors:

(A) the timing of the sworn Complaint with respect to when the facts supporting the alleged violation became known or should have become known to the Complainant, and with respect to the date of any pending election in which the Accused is a Candidate or is involved with a candidacy, if any;

(B) the nature and type of any publicity surrounding the filing of the sworn Complaint, and the degree of participation by the Complainant in publicizing the fact that a Complaint was filed;

(C) the existence and nature of any relationship between the Accused and the Complainant before the Complaint was filed;

(D) if the Accused is a Candidate for Election to Office, the existence and nature of any relationship between the Complainant and any Candidate or group opposing the Accused;

(E) any evidence that the Complainant knew or reasonably should have known that the allegations in the Complaint were groundless; and

(F) any evidence of the Complainant's motives in filing the Complaint.

(4) **External Remedies.** Complainants who submit Frivolous Complaints are hereby notified that their actions may subject them to criminal prosecution for perjury (criminal prosecution), or civil liability for the torts of defamation or abuse of process.

1.15.19 **Reconsideration**

The Complainant or Accused may request the Board of Ethics to reconsider its decision. The request must be filed with the City Secretary within five (5) business days of receiving the final
opinion of the Board of Ethics. The request for reconsideration shall be sent to the Chairperson of
the Board of Ethics and the non-filing party (Complainant or Accused). If the Chairperson finds,
in the Chairperson’s sole discretion, that the request includes new evidence that was not submitted
at a prior hearing, and that the new evidence bears directly on the Board of Ethics’s previous
determination, the Chairperson shall schedule a hearing on the request for reconsideration to occur
within thirty (30) business days after filing with the City Secretary. Absent new evidence, the
Chairperson shall unilaterally dismiss the request for reconsideration and provide notice to the
Parties.

MEETING DATE: May 8, 2018

TITLE:
Consider action to approve the first reading of Ordinance No. 2018-09 amending the Code of Ordinances Chapter 7, titled “Municipal Court” Article 7.01 titled “General Provisions” to establish a municipal court of record; to provide for purpose, jurisdiction, and definitions; to provide for the appointment of the Municipal Court judges; to provide for the appointment of a court clerk; repealing all prior ordinances and actions in conflict herewith; providing for an effective date; and move to include on the May 22, 2018 City Council Agenda for a second reading.

STAFF REPRESENTATIVE:
Lynda K. Humble, City Manager
Alan Bojorquez, City Attorney

BACKGROUND/HISTORY:
The City of Bastrop Municipal Court is not a court of record, which allows defendants to appeal municipal court rulings to County Court. By doing so, defendants are automatically granted a new trial, which is prosecuted by the County District Attorney’s Office. County prosecutors have their own caseload to handle and city case appeals tend not to be priorities. It also requires all evidence and witnesses to be presented again.

When Municipal Courts become a Court of Record, an appeal is no longer granted a new trial, but rather a review of the recorded evidence. Recording court proceedings can be accomplished by purchasing audio equipment. The City of Bastrop meets all of the other requirements to become a Court of Record.

POLICY EXPLANATION:
Chapter 30 of the Texas Government Code authorizes the City Council to establish a Municipal Court of Record. Being a Municipal Court of Records will provide a more efficient disposition of cases arising in Bastrop for both the State of Texas and the defendant.
