AGENDA ITEM: 4C

TITLE:
Receive presentation from Cygnet Strategies regarding the Cultural Arts & Culinary District report.

STAFF REPRESENTATIVE:
Sarah O’Brien, Hospitality & Downtown Director

BACKGROUND/HISTORY:
What is the Bastrop Experience? Why would, or should, visitors come to Bastrop and then return time and time again?

It's simple. What makes Bastrop attractive as a place to live—historic architecture, small town charm, cultural landscapes, access to outdoor recreation, relaxed pace—also appeals to prospective visitors.

Helping attract potential visitors to experience these assets is why Visit Bastrop, the City's new destination marketing organization (DMO), was created. Enhancing, expanding and leveraging these assets in a way that draws tourists is a community-wide effort. One that requires balancing an attractive visitor experience with protecting quality of life for residents.

This project began in December 2016 and was designed to reignite the efforts and enthusiasm that once surrounded Bastrop’s Culinary District and Cultural District. The initial premise was that the lack of a strategic plan was holding both districts back from being successful. Staff also felt strongly that this project needed to help create a marketable downtown experience for the soon to be formed Destination Marketing Organization to promote.

Cygnet Strategies spent 11 months conducting extensive research including a survey, one-on-one and group interviews, secret shopper assessments, digital marketing assessments, and attending events. The firm also provided joint board training for the Museum and Visitor Center of Bastrop County, Bastrop Opera House, and Lost Pines Art League, individual follow-up meetings with each board, and customer service training for retailers, attractions, and restaurants.

Throughout the research two primary truths emerged:

1. There is no active commitment of time and/or resources by the private partners in either district.
2. Neither district is functional and neither has accomplished its goals.

For the culinary district to have been successful, the restaurant owners and managers needed to effectively and consistently partner with other downtown businesses, organizations, and various city departments. To date, this has not happened.

After approval by the City Council, the Cultural District started out with formal support resolutions from several arts organizations. These groups committed to various levels of support and assistance for the first three years. However, this support and assistance did not occur.
With the lack of commitment from private sector partners and the City’s lack of financial and staff resources, it no longer makes sense to keep the Culinary District or the Cultural District alive.

Dissolving the districts and narrowing the collective efforts to one goal—enhancing Bastrop’s tourism product to create the Bastrop Experience—will be more successful.

The Main Street Advisory Board and Bastrop Art in Public Places hosted a joint workshop in January to review the report with Cygnet Strategies.

POLICY EXPLANATION:
Several years ago, City Council took two steps in support of tourism development efforts. This report focuses on those steps. The first was in 2012, when the Council passed a resolution supporting a cultural district application to the Texas Commission on the Arts (TCA). The application resulted in Bastrop receiving their TCA designation in 2013, as a state cultural district. The second Council action occurred in 2013, when they passed a resolution establishing a downtown Culinary District.

Since then, efforts to support these designations have lacked several things—proper planning, community-wide support, focused leadership, and clear direction. Cygnet Strategies was hired by the City on December 6, 2016, to begin moving the districts forward with the development of complementary, implementable strategic plans.

Extensive research into the original visions for the districts, timelines of efforts since their establishment, interviews, secret shopper and digital assessments, and surveys provided insight into the past, current, and future challenges. As a tourism product, these districts—both individually and jointly—face challenges that need to be addressed.

This document is an honest assessment of current conditions with recommendations for defining the Bastrop Experience for visitors and residents. It provides recommended goals and strategies for moving forward. It also supports the City Council's recently adopted Mission and Vision and specifically addresses three of the City’s Focus Areas: Economic Vitality, Manage Growth, and Uniquely Bastrop.

Executive Summary

This project began in December 2016 and was designed to reignite the efforts and enthusiasm that once surrounded Bastrop's Culinary District and Cultural District. The initial premise was that the lack of a strategic plan was holding both districts back from being successful.

Cygnet Strategies spent 11 months conducting extensive research including a survey, one-on-one and group interviews, secret shopper assessments, digital marketing assessments, and attending events. The firm also provided joint board training for the Museum and Visitor Center of Bastrop County, Bastrop Opera House, and Lost Pines Art League, individual follow-up meetings with each board, and customer service training for retailers, attractions, and restaurants.

Throughout the research two primary truths emerged:

1. There is no active commitment of time and/or resources by the private partners in either district.
2. Neither district is functional and neither has accomplished its goals.

For the culinary district to have been successful, the restaurant owners and managers needed to effectively and consistently partner with other downtown businesses, organizations, and various city departments. To date, this has not happened.

After approval by the City Council, the Cultural District started out with formal support resolutions from several arts organizations. These groups committed to various levels of support and assistance for the first three years. However, this support and assistance did not occur.

With the lack of commitment from private sector partners and the City's lack of financial and staff resources, it no longer makes sense to keep the Culinary District or the Cultural District alive.

RECOMMENDATION: DISSOLVE THE DISTRICTS

Dissolving the districts and narrowing the collective efforts to one goal—enhancing Bastrop’s tourism product to create the Bastrop Experience—will be more successful.
What is the Bastrop Experience? It is a vision for what visitors and residents will experience. It is based upon cultural experiences for visitors that also appeal to residents and do not diminish quality of life.

Short term, there are four components to developing the Bastrop Experience.

(1) **Clarification of a downtown identity**

Bastrop is 30 minutes and a world away from Austin.

(2) **A collective vision so everyone knows what success looks like:**

Bastrop is a hearty, family breakfast in a bustling café.

Bastrop is browsing through eclectic shops on an historic Main Street where owners learn your name and invite you to come back.

Bastrop is a relaxing day on the Colorado followed by a wine tasting or a stop at the distillery and your choice of live music venues, each small enough to feel like you belong.

Bastrop is a farm-to-table cooking class or a day-long workshop exploring improv or caricatures.

Bastrop is evenings where the temperatures cool, just a bit, and you join others playing life-size board games or step up and perform at Open Mic Night on the porch.

Bastrop feels like Home and you can’t wait to come back.

(3) **Recommendations for getting started that create short-term success:**

1. Work with local businesses to establish a consistent schedule of entertainment that can be promoted by Visit Bastrop.
2. Hold activities that appeal to younger audiences.
3. Hold multi-generational activities downtown.
4. Look at ways to integrate the arts into existing events.
5. Develop an ongoing customer service training program for restaurant, retail, and hotel staff.
6. Establish a support infrastructure for individual artists and artisans.
7. Focus on restaurant/food-related events.
8. Create and maintain an up-to-date events calendar.
9. Improve connection between Downtown and the Colorado River.

(4) **Effective partnerships**

Without partnerships, little progress will be made. Without business owners, organizational boards of directors, and volunteers to take the lead, any assistance and support available from Bastrop Main Street, Bastrop EDC, Visit Bastrop, and Bastrop Art In Public Places is virtually useless.

PROJECT TIMELINE—PHASE 1

January 25 - February 19, 2017
An online survey was conducted to analyze how people are currently interacting with the districts and what they would like to experience in both the Culinary District and the Cultural District. The survey ran for 26 days and was publicized via:

- Postcards distributed at more than 25 locations
- Emails to Main Street businesses
- Emails to Chamber of Commerce members
- Link on Downtown Bastrop webpage
- Social media posts

An analysis of the survey results is incorporated throughout this plan with the responses to open-ended questions included in the Appendix.

January 28-31, 2017
Forty-six individuals—representing downtown business owners, arts organizations, restaurants, individual artists, and local residents involved with one or both of the districts—were contacted for one-on-one interviews. From this list, 26 individuals both scheduled and attended an interview. Interview questions were adapted based upon whether the person was affiliated with the Culinary District, the Cultural District, or both:

1. How does the district currently operate? What does it do? How is it benefiting you or your business?
2. What are specific ways you’d like to see the district benefit your business/organization/community? What tools/training do you and your staff need?
3. Have you participated in events, ads, trainings in the past? If not, why? If so, why?
4. Do you intend to actively participate in the district?
5. How much time would you be willing to commit to, on a monthly basis, to help with the district?
6. Whose responsibility is it to manage the district, develop and run events and market the district?
7. What growth would you like to see within the district?

January 30, 2017
Cygnet Strategies attended The Big Idea—Bastrop Main Street 10th Anniversary Celebration.
March 3-5, 2017
Meetings were held with representatives from the Bastrop Opera House, Lost Pines Art League, and the Museum & Visitor Center of Bastrop County to understand each organization’s perceived role within the Cultural District.

Cygnet Strategies attended the First Friday Art Walk and spoke with participating business owners and attendees.

A meeting was held on Sunday, March 5th at 2:30 PM to provide restaurant owners and managers an opportunity to review and discuss the relevant survey results. The day and time were specifically selected to avoid busy times and encourage attendance. 33 individuals were invited, less than 5 attended.

February-April, 2017
Based upon the survey responses, interviews, and meeting participation, it became clear that neither district was delivering on its promise. Enabling owners to elevate the experience they were providing was necessary. To help meet this need, Secret Shopper and Digital Marketing Assessments were performed for Main Street retailers, designated members of the Culinary and Cultural Districts, and assorted attractions.

Nearly 60 businesses were part of this effort with the digital assessments completed between February and early April and the secret shopper visits conducted between the end of March and early April.

After the assessments were completed, each business was contacted and provided with access to their confidential report. A general summary of all results was provided for distribution. A few businesses did not respond, despite multiple requests, and their reports remain available whenever the businesses are ready.

PROJECT TIMELINE—PHASE 2
July 10, 2017
In response to the demonstrated need for customer service training, two customer service workshops were provided, one for retail and attractions, and one specifically for restaurants. Topics included:

- Effective Communications
- Image is Everything
- Creative Greetings
- Asking your Customers the “Right” Questions
- Active Listening
- Proper Assistance
- Dealing with Difficult Situations
- Creating Lasting Impressions
- Giving a Little “Extra”
- Building Customer Loyalty
**September 19, 2017**
A joint board training (rescheduled from August 29th due to Hurricane Harvey) was provided to the Museum & Visitor Center of Bastrop County, Lost Pines Art League, and Bastrop Opera House. This training was designed to help support and enhance the boards' operations as nonprofits in today's economy. Topics included:

- Roles and Responsibilities
- Best Practices
- Committee Structuring
- Events and Fundraising
- Image and Reputation

**October 3-4, 2017**
As a follow-up to the September joint board training, individual meetings were held with the boards of directors of the Museum & Visitor Center of Bastrop County, Lost Pines Art League and Bastrop Opera House. These meetings were designed to address any additional questions and assist the boards with identifying short-term tasks that could be successfully completed and that would help strengthen the organizations and enable them to move towards sustainability.

Cygnet Strategies also attended the Bastrop Art In Public Places (BAIPP) meeting. BAIPP is the only city-appointed board dedicated to the arts and has been highly successful focusing on public art. However, there is an inherent need in the arts community for a broader and more encompassing vision.
The Bastrop Experience

Downtown restaurant and shop owners might be thrilled with thousands more visitors every day, but residents consider it too much of a good thing. Adding a few hundred visitors and increasing the number of residents shopping and dining downtown daily would be manageable growth and shouldn’t be detrimental to quality of life.

Keeping performance venues small and intimate, developing niche events that draw targeted demographics in manageable numbers, and enticing residents to spend their time and money in Bastrop will have a positive economic impact without negatively affecting the daily life of residents.

IDENTITY

Bastrop is 30 minutes and a world away from Austin.

This is not a brand, a slogan or a tagline. It is the essence of what residents described as why Bastrop matters, what makes it special.

VISION

Bastrop is a hearty, family breakfast in a bustling café.

Bastrop is browsing through eclectic shops on an historic Main Street where owners learn your name and invite you to come back.

Bastrop is a relaxing day on the Colorado followed by a wine tasting or a stop at the distillery and your choice of live music venues, each small enough to feel like you belong.

Bastrop is a farm-to-table cooking class or a day-long workshop exploring improv or caricatures.

Bastrop is evenings where the temperatures cool, just a bit, and you join others playing life-size board games or step up and perform at Open Mic Night on the porch.
Culinary District—Today

BACKGROUND

In 2013, the Bastrop City Council designated the Culinary District to be:

"promoted, advertised and marketed in a manner consistent with such designation with an emphasis on attracting and retaining businesses that are consistent with and complimentary to such designation."

The Council also endorsed the District’s goal of:

"developing culinary tourism, within the context of contributing to the overall goal of increased tourism and enhancing the frequency and experience of visitors in the City of Bastrop."

The District boundaries were drawn to generally encompass downtown (and adjacent areas) and all restaurants and related businesses were locally owned and operated.

In 2016, as part of a resolution designating the Bastrop Farmer’s Market, the Culinary District’s primary purpose was refined by the Council:

"to recruit, develop, retain, and support businesses that are related to cooking and food, growing food, packaging food, preserving food, and preparing and marketing food, including by way of example, restaurants, gourmet stores, coffee shops, tearooms, ice-cream parlors, cheese shops, kitchenware stores, kitchen furnishing and supplies, and dinner ware…"

This is an inspirational purpose that lacks only one thing—an emphasis on quality. A high quality product combined with exceptional customer service is the necessary foundation for a sustainable and successful culinary district.
Does Bastrop currently offer a high quality culinary product with exceptional customer service?

To answer this question, we looked at the results of the secret shopper assessments and the survey responses.

**SECRET SHOPPER RESULTS: FOOD QUALITY**

1. Impression of Menu Selection

---

Bastrop, Texas
These results indicate that the culinary experience throughout the district fails to meet expectations. About half of the restaurants are doing an excellent job in at least some areas, while the remainder are average or below. The overall experience does not deliver on the expectation of a Culinary District.

Since nearly all of the survey respondents live in Bastrop or Bastrop County, the information about frequency of dining in downtown is encouraging. Although you would expect those who are interested in and/or who frequently visit downtown to be more likely to complete the survey, the results ran contrary to the anecdotal information we received from business owners and other interviewees about the lack of support they receive from residents.
Another indication that people are interested in and concerned about the variety and caliber of the current restaurants in the District, is the answers to this question:

**WHERE DO YOU TAKE FRIENDS AND FAMILY FOR FOOD AND/OR DRINKS WHEN THEY VISIT?**

While nearly 80% of those surveyed eat downtown at least once a month, but more than a third (37%) take family and friends elsewhere—Austin, "not downtown", or somewhere outside of Bastrop. This is leakage that shouldn't be happening with a vibrant, successful culinary district and provides some support for the perception expressed by interviewees and owners that the District is not achieving its goals.

**DOES BASTROP CURRENTLY OFFER A HIGH QUALITY CULINARY PRODUCT WITH EXCEPTIONAL CUSTOMER SERVICE?**

Based upon the survey, secret shopper assessments, and interviews, the answer to the question is No.
Culinary District—The Future

When interviewees were asked to describe the Culinary District and how it operated, the question was met with silence. Some eventually answered a variation of: "It's about the restaurants and marketing them so people eat downtown." Even the restaurant owners were uncertain as to what was supposed to be happening, who was in charge, and how the District was (or could be) benefitting them.

The research indicates this fundamental disconnect has existed since the District was created in 2013. One reason could be that, except for some contracted social media marketing in the early stages, little has happened and without marketing, it will be difficult for recognition to begin among potential customers.

The more probable rationale is two-fold: (1) the existing culinary product has neither the breadth nor caliber to sustain a credible district; and (2) while there is some interest in having a district, there has been little on-going engagement among the owners and managers. Without these key components, no amount of marketing will create the experience visitors associate with a designated culinary district and its purpose will still remain unclear.

Now what?

Bastrop has three basic options related to the future of the Culinary District:

1. Do what you have been doing. Maintain the status quo.
2. Retain the Culinary District and expend resources to aggressively recruit appropriate businesses while creating exceptional culinary experiences. This requires additional staff, funding, and support of the restaurants. To date, many of Bastrop's restaurants have failed to demonstrate they have the resources to focus on an effort of this scale. Like many small businesses, their financial capital and labor resources are scarce.

3. **Dissolve the Culinary District and focus on an overall vision for downtown while continuing to provide support for the restaurants and culinary businesses.**
IF YOU MAINTAIN THE STATUS QUO
This has proven ineffective. It relies upon effective marketing of a mediocre culinary district as one of Bastrop’s attractions. Communities around the world spend billions each year marketing lackluster experiences and are left wondering why they aren’t successful.

IF YOU ALLOCATE ADDITIONAL RESOURCES
In a perfect world—where time, money and staff are available in vast quantities—this would be the best option. It may even appear to make sense for Main Street and BEDC to continue their efforts, however each of these entities has a much broader mission and vision. It would be impossible for them to add this to their responsibilities without additional staff and an increase in their budgets.

To effectively recruit the right new businesses, and continue to work with existing businesses to achieve and maintain exceptional products and service would take additional staff and resources that are not available. In addition to dedicated staff, the budget would need to include recruitment and retention incentives.

Most importantly, complete buy-in by existing restaurants is necessary. Past efforts at live training events (even training requested by the owners) have demonstrated that most restaurant owners and managers are too busy (or disinterested) to attend and fail to send their staff.

RECOMMENDED
BASTROP SHOULD DISSOLVE THE CULINARY DISTRICT
Bastrop’s Culinary District currently serves no function and lacks the support it needs to be successful. It is a designation originally intended to define a marketable product and, while there is a critical mass of culinary-related businesses, they are not of the caliber to support a culinary district.

Does this mean people are not coming to Bastrop for its restaurants? Of course not! Does this mean Bastrop should stop trying to improve its culinary product? Of course not!

It simply means that trying to develop and promote a true culinary district may not be appropriate in today’s competitive environment.

WHAT’S NEXT?
The Culinary District designation should be removed with little to no fanfare. There are many other ways to incorporate and leverage the existing and future restaurants and culinary businesses into an overall experience for residents and visitors.

The recommendations for creating an overall experience can be found in this document following the Cultural District discussion.
Cultural District—Today

BACKGROUND

The mission of the Texas Commission on the Arts (TCA) is: "to advance our state economically and culturally by investing in a creative Texas." In 2005, the Texas Legislature added the Cultural District program as another opportunity for TCA to fulfill its mission. This allowed TCA to develop an application and designation process and establish a grant program available exclusively to designated districts.

Bastrop's successful application was submitted in 2012 by Upstart, a local arts organization, and represented a collaboration between Upstart, the Bastrop Fine Arts Guild, the Bastrop County Historical Society, Bastrop Art in Public Places (BAIPP), the Bastrop Visitor Center, and the City of Bastrop Main Street Program. These organizations each passed resolutions to support and participate in the district for at least three years and in June, 2012, the City Council passed a resolution designating the Bastrop Cultural Arts District for a period of 10 years.

In the application, the stated goals were:

- To solidify partnerships between arts and cultural organizations.
- To promote the work of local artists.
- To enrich the lives of the local citizenry through exposure to art.
- To provide learning opportunities for local people and out-of-town visitors that includes contact with practicing artists from a variety of disciplines.
- To draw tourists to Bastrop as a cultural destination.

NOTE: TCA's designation is for a Cultural District, however, various local documents refer to Bastrop's district as a Cultural District and as a Cultural Arts District.
Is Bastrop's Cultural District achieving its goals and/or making measurable progress toward meeting the TCA's common success factors?

To answer this question, we considered the applicable survey responses, the secret shopper assessments, interview feedback, and performed additional research as necessary.

Upstart ceased to exist not long after the state designation was granted and since then there have been no cohesive, collaborative efforts by the Cultural District. These survey results demonstrate that despite the lack of effort, there has been participation and interest in a wide variety of arts and that residents have a strong interest in continuing to support the Arts.
The following lists outline the stated goals of the Cultural District as well as success indicators outlined by TCA. A check mark indicates the goal has been (or is being) met.

**CULTURAL DISTRICT GOALS**

- To solidify partnerships between arts and cultural organizations.
- To promote the work of local artists.
- ✔ To enrich the lives of the local citizenry through exposure to art.
- To provide learning opportunities for local people and out-of-town visitors that includes contact with practicing artists from a variety of disciplines.
- To draw tourists to Bastrop as a cultural destination.

**TCA INDICATORS FOR SUCCESS**

- The district has sustainable artistic live/work spaces that provide artists with a productive environment.
- A local developer has committed to the cultural district and understands the power of arts and culture in community and economic development.
- ✔ Anchor institutions and special events are in place and they are the cornerstones of the community and the district.
- ✔ Artists are partners, not products, and are valued as members of the community.
- ✔ Artist recruitment is an organized effort that shows how community is willing to welcome new artists and facilitate their establishment.
- ✔ Events and venues are accessible to ensure that participation is available to all of the community and visitors.
- ✔ Clear signage is in place so visitors in the community can recognize the boundaries.
- ✔ A user-friendly website with comprehensive information about the district is available for the community and for visitors.
- ✔ Marketing and promotion efforts are in place to attract visitors, potential residents and new businesses.
- ✔ Strong amenities such as restaurants, lodging, and recreation bolster the efforts of the cultural district.
Cultural District—The Future

During the research phase of this project, interviewees were asked to describe what they thought the Cultural District was, who individually was involved, what businesses and/or organizations were involved and how successful they thought it had been. Good news—these responses were better than those related to the Culinary District.

Most people had heard of the Cultural District and knew it involved the arts in some way. As they named organizations and businesses that were involved, they were also asked if they knew for sure that the entity was involved or whether they were guessing. Most people, including individuals involved with arts organizations, admitted that they were guessing and had no idea about the true status of the Cultural District.

Cultural districts are about more than the arts and building an audience for artists. They’re about your heritage, your traditions, your foods, your sense of place. It’s about infusing all of these aspects into every layer of your community. That’s a big job, especially for a community that doesn’t have a designated organization to focus its efforts on this. Bastrop’s existing organizations are focused on their own planning and management efforts and don’t have the resources to maintain a sole focus on the District.

Being honest about the caliber of the product you have is important, because there is always room for improvement. Bastrop has three primary cultural anchors—Lost Pines Art Center, Museum & Visitor Center of Bastrop County, Bastrop Opera House—and each needs to continue polishing and expanding its product so it becomes more of an experience while working toward sustainability. All three organizations are dependent on Hotel Occupancy Taxes (HOT). If there was a catastrophic event involving the Hyatt Lost Pines that resulted in a loss of HOT revenues, these organizations could cease to exist.

Visit Bastrop is positioned to actively market and promote enticing experiences. In today’s competitive tourism environment, organizations cannot continue to operate as they always have. They must redefine the user experience in creative and engaging ways.

Research proves tourist want experiences. Merely opening your doors to exhibits or promoting performances are no longer effective ways to maintain sustainability as an arts-related nonprofit. Here are some ideas on how Bastrop’s organizations could expand as richer experiences:
Bastrop's history is important to its residents and heritage tourism is a big draw for today's visitors. The museum's exhibits place history in a broader context, however, what if when people take the walking tour, they could have a richer experience? What if they could use their phones to listen to immersive stories from historic figures like Sarah Jenkins?

What if they could participate in a play in a weekend? The Bastrop Opera House could partner with BISD for an event where people were assigned parts and given scripts for a one act before they arrived. They do a read through on Friday, put together blocking, and more rehearsals on Saturday with a performance on Sunday.

Instead of using the Art of the Pines gallery only for paintings, what if LPAC hosted a dance event where participants worked to interpret various works of art? Think of the video and photo opportunities! #ArtBecomesDanceBecomesArt

What if instead of only focusing in the visual arts, BAIPP redefined their role and supported a broad array of the Arts? What if BAIPP worked toward a stronger, multi-dimensional public art installation that could help define the Bastrop Experience?

Many interviewees were embarrassed at their lack of concrete knowledge until they were reassured that they weren’t alone—no one actually knew the status of the District or even who was in charge. Several people thought that BAIPP was the Cultural District and a few provided feedback that BAIPP only focuses on sculptures and murals.

After four years, an understanding of the structure and activities of the Cultural District appears almost as elusive as that of the Culinary District.

Now what?

Bastrop has four basic options related to future of the Cultural District:

1. Bastrop could do nothing and maintain the status quo. This allows the arts in Bastrop to continue evolving organically but without a clear direction. At some point TCA will establish its criteria for renewal and Bastrop may or may not be redesignated.

2. You could simply allow the District to expire in 2023.

3. You could identify a new group to assume management of the District, however, this would require access to resources that are not currently available.

4. Bastrop should retain the Cultural District concept and incorporate it into a broader vision for the Bastrop Experience, but discontinue identifying it as a distinct entity. This step could require the development of a Cultural Arts Council and/or a Cultural Arts Master Plan.

**IF YOU MAINTAIN THE STATUS QUO**

This is the default option for the Cultural District. As the survey demonstrated, people are participating in and supporting the arts without any effort specific to promoting the District. Doing nothing additional is the easiest and most cost-effective approach, however, it does not allow for proactive management of growth.

Choosing this option would allow the District to technically continue as part of the TCA program. Once the reporting guidelines and/or re-designation process are developed, the District may or may not still qualify for the TCA designation.
IF YOU ALLOW IT TO EXPIRE
Allowing the District to simply expire is like Option 1 although, it includes a deliberate decision to no longer participate in the TCA program. The biggest downside to this decision is that Bastrop would no longer be eligible for grants specific to the program. (NOTE: The 85th Legislature removed funding for these grants from the budget and there is no guarantee as to when they may be funded again.)

IF YOU ALLOCATE ADDITIONAL RESOURCES TO HIRE OR CREATE NEW MANAGEMENT
During the interviews several people indicated that they believed BAIPP was the same as the Cultural District. Although BAIPP’s focus has been on the visual arts, further discussions with individuals involved in the arts community and/or BAIPP demonstrated that there was some support for BAIPP assuming the management role for the Cultural District.

BAIPP GOALS:

- Use the display of public Works of Art to further the Bastrop community’s sense of civic pride.
- Use the display of public Works of Art as an educational opportunity for the public as well as other artists in the community and beyond.
- Contribute to cultural tourism.
- Support cultural diversity through art.
- Make art accessible to all individuals, including those with special needs.
- Encourage early collaboration on civic projects with design professionals and artists.

While it’s true that most of the goals of the BAIPP Task Force are complementary to those of the Cultural District, this does not mean that BAIPP should, or is even qualified to, manage the District.

BAIPP’s focus is on visual Works of Art—“including, but not limited to sculpture, water feature, monument, mural, fresco, relief, painting, photograph, and glass installation”—while the Cultural District includes the creation and appreciation of visual art along with forms like the spoken word, theater, literature, dance, music, museums, film, and crafts.

In addition, BAIPP is a voluntary Task Force reporting to the City Council. It does not have staff, an operations budget, or the ability (or authority) to function in a management capacity.

Cultural Arts Council
If the City were to select this option—establishing new management—it would need to establish a staffed Cultural Arts Council within the city administration. This Council would provide continuity and consistency along with the level of professionalism necessary to successfully manage and grow a dynamic, sustainable Cultural District. Does the City of Bastrop have the necessary resources available?
RECOMMENDED

BASTROP SHOULD DISCONTINUE THE CULTURAL DISTRICT BUT RETAIN THE CONCEPT

Making the decision to eliminate the Cultural District after so much time and energy was put into the application process is not a decision to be taken lightly. But it is the appropriate decision if resources are not available to dedicate to Option 3.

The primary benefits of being a state cultural district are (1) being listed on the TCA website; and (2) eligibility for grants set aside for designated cultural districts. If ongoing eligibility for future grants, if and when the Legislature chooses to fund the program, remains important that designation should be maintained.

Incorporating all forms of cultural arts into a broader based effort to enhance quality of life for residents and attract visitors may be a better use of time and money. However, consideration should still be given to expanding BAIPP’s role in the arts community.

WHAT’S NEXT?

The recommendations provided in this plan can be implemented whether or not the Cultural District officially continues to exist. However, simply reestablishing the City’s commitment and vision will not create a successful district. Dedicated staff and financial resources within the context of a Cultural Arts Council will also be required.
Recommendations

LAYING THE FOUNDATION FOR THE BASTROP EXPERIENCE
The recommendations outlined below are designed to keep Bastrop moving forward in terms of strengthening its experience. These are intended to complement existing efforts by community organizations and individual businesses.

By working on these recommendations Bastrop can define its visitor experience, deliver on its promise, and see results in revenue growth for retailers, restaurants, and attractions while also increasing the number of residents and visitors participating in cultural activities.

1. Work with local businesses to establish a consistent schedule of entertainment that can be promoted by Visit Bastrop.
2. Hold activities that appeal to younger audiences.
3. Hold multi-generational activities downtown.
4. Look at ways to integrate the arts into existing events.
5. Develop an ongoing customer service training program for restaurant, retail, and hotel staff.
6. Establish a support infrastructure for individual artists and artisans.
7. Focus on restaurant/food-related events.
8. Create and maintain an up-to-date events calendar.
9. Improve connection between Downtown and the Colorado River.

RECOMMENDATION #1: ESTABLISH A CONSISTENT SCHEDULE OF DOWNTOWN ENTERTAINMENT
By 2019, there should be some form of entertainment in multiple venues every Thursday night, Friday night, Saturday night, and Sunday afternoon.

Building the expectation that there WILL be something happening in Bastrop, creates a thought habit for residents and visitors. "Hmmm, I wonder what's happening in Bastrop this weekend." This begins to keep you top-of-mind when they're looking for what you have to offer.

Remember, once this promise is made, you must deliver. It doesn't have to be lavish or expensive. It just needs to be interesting and something different from what visitors can get closer to home. It also needs to be worth the effort for residents to come downtown.

Ideas include:

- Live music in all genres performed by anything from one person to a symphony (and don’t forget a place to dance)
- Poetry Slams
- Spoken word—reader’s theater, book readings
- Comedy shows
- Open Mic Night
- Karaoke
- Trivia night
RECOMMENDATION #2: HOLD ACTIVITIES THAT APPEAL TO YOUNGER AUDIENCES

Sometimes attracting teens and younger generations is simply a matter of marketing spin—helping them to see how the event or activity is relevant to their interests. In addition, it’s important to plan activities designed specifically for them. Connect with BISD and set up a Youth Advisory group that helps take the lead on this.

Getting this age group to connect with and feel pride in ownership for downtown is an important component for sustainability. Event and activity ideas include:

- Weekly or monthly life-size games
- Temporary or permanent mural projects (maybe even their own graffiti wall or art alley)
- Pop up shops and activities
- Battle of the bands for local talent
- Great race or scavenger hunt activities where they can create teams and win prizes
- Exhibits or productions of student written/produced works
- Partner with Austin’s "Totally Cool, Totally Art" program to create a satellite program through Bastrop Parks & Recreation

RECOMMENDATION #3: HOLD MULTI-GENERATIONAL ACTIVITIES DOWNTOWN

Multi-generational groups spend more money and, as visitors, stay the longest. Activities are often designed to be family-friendly with the general understanding that this means one or more parent and their children under 12. There are many other family groups that would be a good market for Bastrop.

Think about parents and their adult children or grandparents and grandchildren without the parents. While the needs and interests of these groups may appear different, often the same event with variations on participation can be effective.

Ideas include:

- Board game nights that rotate to different restaurants on a Monday or Tuesday when business is slow
- Community reading events with the library like The Big Read
- Great race or scavenger hunt activities aren’t just for teenagers, they’re ideal for this type of group too
- Dress up date nights for parents/children, parents/adult children, grandparents/grandchildren, youth/seniors
RECOMMENDATION #4: INTEGRATE THE ARTS INTO EXISTING EVENTS

Ramp up existing events by adding arts components and remember that it doesn't always have to be the visual arts. Examples include:

First Friday Art Walk
Find ways for each month to be different from the previous one to encourage people to keep attending:

- Bring the Art Center downtown with activities for families or individuals where they create a different type of art each month
- Go Old School, use an empty storefront and teach kids of all ages how to make shadow puppets
- Hang a sheet, post a question and let people write or draw their answers
- Create a First Saturday event at the Art Center to fill out the weekend and encourage overnight stays
- Close Main Street and add pop-up creative play areas
- Add pop-up galleries for youth displays and sales
- Quick draw caricatures
- Take a Selfie with a piece of Public Art promotion #BAIPPsselfie

Table on Main
Engage different artists or groups of youth/seniors to design and create centerpieces or have a vegetable sculpture competition.

Pine Street Market Days
Add a booth where shoppers can create their own masterpiece (this could change every month).

Live music is important for this type of event. It helps draw people to see what's going on.

Consider adding food trucks.

Veteran’s Day Car Show
Run a competition where people build a model car out of cardboard or even cake. Change the material to be used each year.
RECOMMENDATION #5: ONGOING CUSTOMER SERVICE TRAINING

Exceptional customer service sets any community apart from its competition. Bastrop has some attractions, restaurants, and shops where customers feel welcome and important. However, there are others where customers are treated like an imposition or ignored until it is convenient. This can be fixed!

- Create a mechanism for ongoing customer service training as part of setting the tone for an exceptional "Bastrop Experience"
- Develop a reward program for staff caught going above and beyond
- Establish a Bastrop Friendly certification program for businesses

RECOMMENDATION #6: ESTABLISH A SUPPORT INFRASTRUCTURE FOR INDIVIDUAL ARTISTS AND ARTISANS

These strategies take more effort, but over time they will help establish Bastrop as an artist-friendly community for both professionals and hobbyists. They will also be part of a strong foundation as Bastrop moves forward in its quest to attract new residents and new businesses.

**Arts database**

Build upon the public art database by adding information about performance spaces (size, cost, contact information) and available artist live/work space. Keep it updated and publicize its existence.

**Artist survey**

Conduct a survey to find out who the artists are that actually live in and around Bastrop, what their field is, what their interests are, what their needs are, and how they might like to be involved.

**Art Ombudsman**

Appoint an ombudsman to help artists navigate city bureaucracy, identify where people can have pop up events and activities, and work to minimize the permitting process.

**Roundtables**

Host quarterly roundtables, with different themes, for collaboration among individuals and organizations. Don't forget to involve the crafters and DIYers.

**Housing**

The lack of affordable housing close to downtown or elsewhere in Bastrop creates staff recruitment issues for restaurants and shops and makes it more difficult for young artists, musicians, and others to locate in the area.

Begin developing options for addressing this need. As the population shift continues from Austin, this will become a greater issue.

**City Council**

Establish a culture month and a culinary month each year and highlight the month with pop-up activities and events.

Consider using a cultural opening for meetings. This could be a short poem, a very short essay, interpretive dance, or music.
RECOMMENDATION #7: FOCUS ON RESTAURANT/FOOD-RELATED EVENTS

Visitors are no longer content to simply see things. They want to be active, they like hands-on, they need to have an experience. They want to help prepare the meal and then sit around a common table and share it. They want to learn about the food they’re eating and where it came from. They want to know the story.

The common interest in food runs across generations. Think about what people post on Facebook or Instagram – pictures of food. They talk about great meals or share photos of their gardens. Did you know there are more than 248 million Instagram photos tagged #food?

If you search Instagram for #Bastrop, #bastroptx or photos with Bastrop as a location you don’t see many food or drink photos. The ones that do exist are being posted by the businesses themselves or they are photos of food people have prepared in their own homes. This means people are not having an "experience" at Bastrop's restaurants, they're simply eating a meal. That’s not enough to drive visitation based on culinary options.

Menu Options

Restaurants don't need to change their entire menus but they might want to consider reviewing the survey comments at the end of this document. Several comments mention a desire for heathier, farm-to-table offerings.

Community Kitchen

Is there a location where you can establish a community kitchen to host cooking classes and where small businesses can reserve time to create products to sell?

Restaurant Week

Pick the slowest time of the year and start a restaurant week. Just be sure to check with Austin and surrounding communities so that you’re not competing with their events.

Taste of Bastrop

Find another community event to partner with and, instead of food trucks, provide A Taste of Bastrop with local restaurants featuring their specialties.

RECOMMENDATION #8: CREATE AND MAINTAIN AN UP-TO-DATE EVENT CALENDAR

Getting accurate information in a timely manner can be a challenge when updating an events calendar. But the calendar is critical and if it isn't accurate or available several months in advance, you’re missing out on a portion of your market.

Establish requirements for the Museum & Visitor Center of Bastrop County, Bastrop Opera House, Lost Pines Art Center, and anyone else receiving HOT funding, that to receive any funds they must submit an annual calendar of events with their application.

Of course, smaller activities or one offs do come up. Organizations should take advantage of these but basic annual events, and as many other events as possible, must be put on the calendar as a minimum requirement for funding. Without timely marketing, the potential impact anticipated from using HOT funds is lost.
**RECOMMENDATION #9: IMPROVE CONNECTION BETWEEN DOWNTOWN AND THE COLORADO RIVER.**

Downtown access to the Colorado is an underutilized asset for Bastrop. Cross promoting water sports is important as part of enticing people to stay longer or come back. Many visitors, and even probably some residents, have no idea they can get out on the river so easily just off Main Street.

Calling more attention to the back porches and back decks on buildings along Alley B can help as well. Pay attention to the view shed. Do you need murals? Do you need trash bin enclosures?

Finding businesses in The Crossing can be difficult for visitors because of lack of signage and no easy or appealing pedestrian access to the area. Customers either walk in the street alongside the Museum & Visitor Center then across the parking lot and Alley B, or they enter through the parking lot off of Chestnut. As the downtown master plan process moves forward, keep this on the list of issues to be addressed.

The June Hill Pape Riverwalk is more than a greenway or walking trail. It’s a potential venue for pop-up activities like:

- Plein air painting
- Music
- Library story time
- Games

**About the Cultural Heritage Trail:**

The development of the master plan for the Cultural Heritage Trail is thorough and would prove to be a great addition to Bastrop. However, the proposal has received challenging feedback regarding the budget and location.

One of the rationales behind the project is that it would bring both residents and visitors to the river in an underutilized area of town. While this may be true, and it may also be true that some out-of-towners would choose to visit the Trail, it is physically removed from anywhere for visitors to spend money. This makes it an infrastructure cost for the City without offsetting revenues.

With the location of the Trail in Bob Bryant Park, additional traffic caused by any potential visitors could significantly alter the quality of life for residents and the desirability of the neighborhood as a place to live.

For now, a better use of these funds might be to complete the downtown trail expansion, complete the trail to the state park and then enhance these trails with public art. Adding connectivity and biking opportunities will create a richer overall experience for residents and visitors.

WHAT OTHER TYPE OF RESTAURANTS OR FOOD/DRINK-RELATED BUSINESSES WOULD YOU LIKE TO SEE IN BASTROP?

Ethnic restaurants, such as Korean, Ethiopian and Japanese restaurants. Healthy restaurants with whole foods and nice setting for community gathering.

Mongolian type grill (more healthy options) and a Chipotle.

Jason’s Deli, Chuys, Rosas, Chinese food

I believe the loss of Baxters on Main is a tragedy and sure hope we get another quality restaurant like it.

More fresh local dining options. Enough of chain restaurants and Mexican.

Local Crafted Brew pub, wine bar, Chuy’s Mexican Food, Seafood, Sushi

Good Thai, sit down

Seafood

I would really like to see Bastrop have a food trailer area - As of right now no food trucks are allowed in the city limits, but I can see this being a great way for new businesses to thrive.

Olive Garden, Target, Sams or Costco

I really miss Baxters on Main and think we need another fine dining choice, other than Piney Creek for dinner downtown.

Really not a BBQ specialized place downtown, also a craft brewery type pub, not a sports bar we already have an excellent one, also need more places that serve breakfast on Sunday, long wait at Maxines

Pancake Houses and other breakfast locations, mid-priced family restaurants (no more fast food, step-up restaurant such as a “steak N Shake”...only an example. How about a German restaurant?

German restaurants. No more mexican food. Ihop or dennys would be great

Upscale steak and/or seafood

Another upscale restaurant would be nice Another live music venue

IHop, Red Lobster, Outback

Would LOVE a German restaurant! Also a soup and salad restaurant would be nice to have, i.e. healthy choices.

BUFFALO WILD WINGS SPORTS BAR TEXAS ROAD HOUSE JIMMY JOHNS

WHAT OTHER TYPE OF RESTAURANTS OR FOOD/DRINK-RELATED BUSINESSES WOULD YOU LIKE TO SEE IN BASTROP?

soup and salad, or sandwich place

Jason’s Deli

Asian/Asian-fusion, Italian, Coffee bar (coffee shop by day- bar/live music at night - Reference: Halcyon in Austin)

Pei Wei, Olive Garden

Dennys and burger king and ihop

I’d like to see an independent grocery, that carries fresh, local foodstuffs, and caters to a more gourmet, upscale market. The addition of a good indie grocery would be a great motivator for people to come downtown. I’d also like to see a downtown coffee roaster. There are some places in Downtown Bastrop that provide coffee drinks - but a serious coffee place would be great. And finally, another brewery would be perfect for Bastrop, given the artisan nature of the town, the rustic atmosphere, Bastrop’s reputation for having a lot of grit and the number of tourists who’d love to come in and spend a full day. It’s just ideal.

mid-point restaurants with varied menus like you find in Austin. Also, more Asian fare.

Target

Ihop

IHOP!!!

Italian, Seafood

Asian Food Brewery Charcuterie/Delicatessen

higher quality and more trendy. Less fried and unhealthy options

Greek, Lebanese, boiled and grilled seafood

cafeteria, soup and salad bar

Something other than Mexican food. I like it, but there’s too much. Need some variety. Good Chinese, Greek, Korean, etc.

1st a place to fill beer growlers. 2nd Mediterranean / Greek food

Sea Food

Vietnamese, Thai, Italian

I didn’t know Viejo’s had movie screenings once a month until I found out by chance. One last thing I would love is an entertainment venue that was interactive. Music festivals
More public events at the Performing Arts Center
More weekend events. Have the restaurants all open more regularly.
More in the farmers market. I have several people ask about it. I tell them it’s worth checking out.
Cooking classes, seminars, meet ups
Live classical music - chamber music such as string trios or quartets
Parking first.
Food and beer or wine festival  Book fair  Storytelling festival  Historic walking tour  River festival
More historic, especially early settlers and native american
Community theatre (non-musical with open auditions), stand up comedy
River related
Upgraded movie theatre, comedy club or comedy nites, craft beer event, live music event, local-oriented food, beverage and arts event.
Unknown
Live music venue not associated with a restaurant/bar.
Lectures, maybe at the library or museum, about art or history or other interesting topics; more offerings at the opera house; culinary events with food trailers and wine tasting
More live music venues
Restaurant with good food at decent price
move the Halloween back to downtown instead of the park
more for all ages and not just on holidays
Outdoor activities and kid friendly events for all ages.
Battle of the Bands contests, a music festival
Kids museum
MORE ART RELATED MERCHANTS
Parks and sports fields

WHAT ADDITIONAL MUSEUMS, ARTS, ENTERTAINMENT, ACTIVITIES OR EVENTS WOULD YOU LIKE TO SEE IN BASTROP?

It would be nice to see exhibits that actually come through Bastrop that are related to Texas culture as well as the different cultures that have contributed to Texas history. More activities for youth that doesn’t necessarily fall into youth development, but would enrich them and expose them to different things. A children’s hands on museum would be great.
I’m open to suggestions and ideas. Have none of my own right now.
A GOOD YMCA! We need more family activities! So upset that we no longer have a bounce house place. There’s almost ZERO places for children to play indoors. It’s very frustrating that with the growth of Bastrop, the need for more schools (read: LOTS OF KIDS) that there hasn’t been any indoor play places or activities added to our community.
Children’s museum or maybe a nice botanical garden to go walk through on a nice day. An Alamo Draughtouse would be awesome! I would also love to see more gym options (i.e. Planet Fitness). Live music is always fun.
Running Trails - expand Fisherman’s Park for runners but not on concrete (bad for joints) since trails limited at Bastrop State Park.
Use the Wilhelm and ADVERTISE for small classical concerts, jazz and ballet
Oktoberfest! Lots of Germans in the area. A home brew competition would be FUN. A children’s museum! PLEASE! With activities similar to the Thinkery in Austin (obviously on a smaller scale). We love the library- maybe they have ideas to contribute toward that.
none, there is not enough parking to allow for more events or restaurants, or buildings
Wine festival on the river (like Greune). Tom Clayton and I have discussed this possibility several times.
Antique Stores
Rock climbing, trampoline park, etc.
Definitely more live music
spring festivals wildflower
More activities that would draw people along the Colorado River
*Recycling Events to help clean up Bastrop.  *A focus on the Lost Pines as a street art festival.
More activities that would draw people along the Colorado River
Concerts in the park

WHAT TYPES OF NEW BUSINESSES IN DOWNTOWN WOULD ENCOURAGE YOU TO SPEND MORE TIME THERE?

I had a shop downtown and know that it is better to have many “even if they sell the same” than to not have enough.

Better service, Bastrop has always been, slow to indifferent service. If they don’t know you they will get around to you sometime. Clean the tables and common areas quickly, poor management. Change a menu or products occasionally. If you have worked there for ten years know what you are selling. Act like you want my business and are happy I’m spending money in your establishment.

Places that you can sit around and hang out at maybe even without having to buy anything

More Farm to Table. I see a need for higher-end shops in downtown to bring more traffic from Lost Pines.

Need more of a variety of stores, like Fredricksberg.

although Bastrop Brewhouse ran itself into the ground, I still see a need for a good brewing culture in Bastrop. I am always about culinary classes.

A great health food type store so I don’t have to go to Central Market or Whole Foods in Austin! Bastrop HEB is improving, but not enough.

Activities that you can participate in or learn something would be interesting to have, like short lessons you can go to

Specialty food stores and culinary class offerings would be particularly interesting to my family.

It seems like downtown Bastrop already has some of the above mentioned, but it just needs better business hours. We mived here from St Louis, MO, and now we don’t even get home from work until 5, if not 6pm. If we go out for dinner, which we do often, most of the little shops are closed by the time we take a walk around downtown after dinner (7pm-ish). While I’d love to stop in some, we are stuck with window shopping.

More affordable(for retailers) spaces! Brew pubs, wineries, distilleries mixed with restaurants and retail. Parking and lodging that fits/mixes with the historic construction of the downtown area or in easy walking distance to downtown/historic district

I’d love more options and activities.

We have too many knickknack shops. I walk by them and always wonder how they stay in business because most of the things in those shops don’t appeal to the majority of people. Some specialty stores in different categories besides home decorations would be nice.

My husband and I normally eat out 1-2 meals a day on the weekends and we live a bike ride away from downtown, so enjoy riding our bikes into town for lunch or breakfast.

Parking is a problem to do anything downtown. Especially if you are handicapped.

Casual dining with gluten free, healthy options. If you’ve not been to the wine bar in Smithville, go! Something like that would be nice.

Not interested in more high brow restaurants or bars. More free meeting space is needed. Places for showers or other small events that are cheap to rent or free to use.

WHAT TYPES OF NEW BUSINESSES IN DOWNTOWN WOULD ENCOURAGE YOU TO SPEND MORE TIME THERE?

We need any type of business that will attract people downtown. Family type activities

Would like more diverse options

A coffee shop that did a singles night out would be a great and safe environment to meet new people. Bastrop has nothing for singles to mingle.

Add a women’s boutique, children’s boutique or toy shop, Hallmark type store.

More variety.

We need a little more variety in the shops that we have. Right now they are very heavily weighted to art. We need shops that offer items that people purchase on a regular basis, especially if we want our residents to shop. I buy art on occasion but I buy clothing, food items, household items, pet items on a weekly or monthly basis. We try and dine downtown every weekend and would like to have music consistently in a variety of places. A place to dance would also be nice.

A deli/market such as Boerne Epicure Gourmet Market would be fabulous!

Need a bigger variety of restaurants, more farm to table. Coffee shop downtown would be neat.

Whole Foods store Cajun or seafood restaurant

Downtown focuses on tourist. Bring locals and they will bring visitors.

I think more shops would be helpful, including some on side streets. There is a variety of pleasant shops on Main but more parking is required for expansion

A good BBQ place, maybe a branch of an established name like Smitty’s or Franklin, or recruit an upstart through a cook off contest.

Bakery similar to Johnson’s with lunches and cakes, cookies, etc. Coffee shop like Blessed Bee. A cookie delivery service like Tiff’s treats in Austin.

While most of the above businesses currently exist in downtown Bastrop, from a business owner perspective, it is difficult for any business to survive in downtown Bastrop without the volume of people visiting downtown, especially during the week. Parking downtown seems to be an issue when there are events.

I go where and when I wanna go, and don’t need any special incentives.

I would like to see more to do downtown but before that is feasible, they need to address the traffic and parking issues. Not enough parking to address the downtown traffic.

I miss the failed Bastrop Brewhouse.

anything family freindly

More selection in coffee shops where seating is available, same with eating, and clothing

A kid friendly brewery with playground would be fun, if that’s legal. Any restaurant with a playground for kids would be great. Downtown doesn’t feel kid friendly.

**WHAT TYPES OF NEW BUSINESSES IN DOWNTOWN WOULD ENCOURAGE YOU TO SPEND MORE TIME THERE?**

- Your focus on downtown Bastrop excludes a lot of eateries, and other places the "community" of Bastrop has to offer. Broaden your focus.

- Food is always good. I'm a cook, so a Mediterranean or oriental food shop would be nice. HEB doesn't carry gochugang sauce.

- I like coffee shops where I can linger and get online on my computer. I would spend more time downtown if there was a coffee shop and/or bakery where one could do that.

- I live in Houston but visit often with family and love it there.

- Would be nice to have more clothing stores.

- With all the new homes coming in, old town needs to step it up! I live in Houston but visit often with family and love it there.

- We need more businesses to entertain men while their women shop. We need more boutiques with a unique flair to entice people to spend more time shopping. I would love to see more variety in the choices of restaurants.

- With all the new homes coming in, old town needs to step it up! I live in Houston but visit often with family and love it there.

- We need some healthier options downtown. Culinary classes are a great idea. Farm to table events would be fun too.

- While we have lots of dining choices, some are not that tasty & rely on calorie-laden items. Customer Service is sorely lacking in many.

**WHAT TYPES OF NEW BUSINESSES IN DOWNTOWN WOULD ENCOURAGE YOU TO SPEND MORE TIME THERE?**

- something that would be like the emporium but bigger.

- There are plenty of places to eat downtown but they all serve about the same thing. Italian, French, Asian etc would be a nice change.

- Full Bakery would be nice, love the idea of culinary classes.

- An even bigger variety of restaurants/social gathering locations, and more clothing shops!

- Would love to attend cooking classes.

- More dinner options, better bar than Old Town, better quality food at dinner options, incl. 2 Mexican restaurants. Gourmet grocery store with prepared food for dinners.

MEETING DATE: February 13, 2018

AGENDA ITEM: 4D

TITLE:
A proclamation of the City Council of the City of Bastrop, Texas, recognizing the month of February as Black History Month.

STAFF REPRESENTATIVE:
Lynda Humble, City Manager
WHEREAS, The origins of Black History Month can be traced to the scholar Dr. Carter G. Woodson, who created the Association for the Study of African American Life and History in 1915, because African-Americans have played a central role in our nation's history, but for too long, historians ignored or glossed over their contributions and the injustices they have suffered; and

WHEREAS, in 1926, Dr. Woodson conceived a yearly celebration to help rectify the omission of African-Americans from history books, and was made official by Presidential designation in 1976; and

WHEREAS, Today, the observance of Black History Month throughout the United States stands as testament to the success of Woodson's project and an example of how we can work together to make the teaching of history more honest; and

WHEREAS, the theme of 2018 Black History Month is “African Americans in Times of War,” and marks the 100th anniversary of World War I armistice, serving as a solemn reminder of the bonds of patriotism; and

WHEREAS, President Donald J. Trump stated in his February 2018 Proclamation that “for far too long, African Americans bravely fought and died in the name of freedom, while at the same time struggling to attain equality, respect, and the full privileges of citizenship”; and

WHEREAS, African Americans have served in all of America’s wars, from the American Revolution to present day. For example, during World War II, more than 2.5 million black men registered for the draft and experienced discrimination and segregation, yet served in every branch of the armed forces: 167,000 served in the Navy with the first thirteen African-American naval officers commissioned in 1944; 17,000 served in the Marine Corps with the first African American commissioned in 1945; 5,000 served in the Coast Guard with the first African-American commissioned in 1943; and 909,000 served in the Army; and

WHEREAS, More than 12,000 black men who served in the segregated 92nd Division received citations or were decorated for "extraordinary heroism" on the battlefield. Perhaps more famously, the Tuskegee Airmen also became legendary for their heroic feats, and in total received a Distinguished Unit Citation, several silver stars, 150 distinguished flying crosses, fourteen bronze stars, and 744 air medals; and
WHEREAS, World War II was a watershed for race relations within the Armed Forces, and it marked the beginning of the end for racial separation within Military units. In 1948 with the demand for civil rights mounting, President Harry S. Truman ordered desegregation of the Armed Services and equality of treatment and opportunity without regard to race, color, religion or national origin; and

WHEREAS, reform was slow and it was not until 1953 that segregation officially ended when the Secretary of Defense announced that the last all-black unit has been abolished; and

WHEREAS, forty years after military segregation ended, the Chairman of the Joint Chiefs of Staff, the highest military position in the Department of Defense, oversaw Operational Desert Storm in Iraq. He was an African-American named Colin L. Powell.

NOW, THEREFORE, I, Connie Schroeder, Mayor of the City of Bastrop, do hereby recognize the month of February 2018 as:

Black History Month

And, along with the members of City Council, encourage all residents, business owners, schools, churches, and visitors to join the City of Bastrop in celebrating Black History Month with appropriate programs, ceremonies, and activities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Official Seal of the City of Bastrop, Texas to be affixed this 13th day of February, 2018.

TITLE:
Discuss the findings of the Retail Coach study of the impact on Bastrop's sales tax revenue of the mixed-use development set for construction at SH 71 and SH 130.

STAFF REPRESENTATIVE:
Shawn Kirkpatrick, Executive Director, Bastrop Economic Development Corporation

BACKGROUND/HISTORY:
EDC staff will be presenting updated sales tax data compiled over the last several months for the City Council, EDC Board and community. The EDC engaged The Retail Coach to provide an Impact Analysis of the threats to the Bastrop Retail Trade Area. This presentation will outline the western threats from the Highway 71/130 (Velocity Crossing) developments and smaller threats to the east of our Retail Trade Area, such as Brenham. The Impact Analysis shows that 60 months from the time the first tenant opens at Velocity Crossing, the City of Bastrop and EDC, respectively, will see an estimated $1.9 million and $900 thousand reduction in local sales and use tax, thus reducing the City’s collections to $2.5 million and EDC’s collections to $1.3 million.

The City Manager will additionally participate in the presentation.

AGENDA ITEM: 5B

TITLE:
Discuss The Small Business Revolution – Main Street Series: Top 5 Winners Announced on February 13, 2018 at 5:45 a.m. CST; Voting Begins Immediately; Series Winner Announced on February 27, 2018 – What is Bastrop’s Status?

STAFF REPRESENTATIVE:
Lynda Humble, City Manager
Sarah O’Brien, Hospitality & Downtown Director

BACKGROUND/HISTORY:
Deluxe Corporation has been a proud champion of small business since 1915. To commemorate their 100th anniversary, they created the Small Business Revolution series as a way to celebrate the small businesses that drive our economy and bring communities together, while creating a movement of support. Deluxe Corporation believes that small businesses are the future of the American economy. This company learned that nowhere are small businesses more under siege than in small towns. This series is designed to help small businesses, and in turn, help small towns reignite the spark that drives them and keeps people coming back.

Each season of the series is centered around one town and six of its small businesses, where Deluxe Corporation invests $500,000 and documents the transformation in an original series. Season 1 featured Wabash, Indiana in the Midwest. Season 2 featured Bristol Borough, Pennsylvania, a historic East Coast river town.

POLICY EXPLANATION:
The City of Bastrop was selected as one of ten towns nationwide and the only Texas community competing to win the opportunity to host Series 3 out of thousands of nominations. The top ten communities are:

- Aberdeen, SD
- Alton, IL
- Americus, GA
- Amesbury, MA
- BASTROP, TX
- Brainerd, MN
- Exeter, NH
- Florence, OR
- Martinez, CA
- Siloam Springs, AR

During the month of January, Deluxe Corporation representatives are visiting all top ten (10) cities with the goal of narrowing their selection to five (5). The City of Bastrop hosted the Deluxe team on January 7-8, 2018. The top five (5) will be announced on Tuesday, February 13th at 5:45 a.m. The winner will be selected solely on who receives the most votes through a one-week daily voting process. There were more than 1,000,000 votes cast in Season 2, whose winner was Bristol Borough, PA.
Staff will provide an update on Bastrop’s status at this Council Meeting. If selected for the Top 5, we will discuss voting procedures.

The winner will be named on February 27, 2018. This is the same day as our Council Meeting. All top 5 communities are asked to host a watch party, which may conflict with our regularly scheduled Council Meeting time. If Bastrop is in the Top 5, a Council Meeting will be held on February 27th, but the time may be different. Because of the need to publish a Notice of Public Hearing in the Bastrop Advertiser on Tuesday, February 6, 2018 for the February 27, 2018 meeting, three (3) notices were published at 10:00 a.m., 2:00 p.m., and 6:30 p.m. Once a time is set, two (2) of the three (3) meeting notices will be cancelled.

Comprehensive Plan Recap

What is it (and why is it important)?
Visionary policy document that guides long-term decision-making by City staff and officials on topics such as capital expenditures, staffing, and operations.

What does a Comprehensive Plan Do?
• Facilitates orderly growth and development;
• Identifies what is shaping the community;
• Builds consensus and commitment between elected/appointed officials, City staff, and citizens;
• Provides a list of implementation actions.

**Welcome!**

Thank you for coming to the first open public house meeting of the **BASTROP COMPREHENSIVE PLAN UPDATE & TRANSPORTATION MASTER PLAN**.

Your feedback is very important to assist City officials, staff, and your fellow community members in determining the best future for Bastrop.

This is an open house format, so there is no “official” start or end (or presentation). You can provide your feedback as you walk around to each table. City staff and representatives from Halff Associates; Alliance Transportation Group; Angelou Economics; and Brinkley, Sargent, Wiginton; will be available to answer any questions and help facilitate the feedback process.

**Thanks again!**
Appendix B

Capital Improvement Program Template
What is a Capital Improvement Program (CIP)?

• Multi-Year plan that identifies and prioritizes projects related to public facilities and services
• Upgrade, replace, increase capacity, extend service life of infrastructure.
• Water, Wastewater, Streets, Drainage, Parks, Facilities, etc.

“The expensive stuff that needs to last a long time!”
CIP Goals

• Comprehensive process that involves all departments
• Objective, Data-Driven decision-making
• Prioritize projects based on Community Goals and Objectives
• Quantify costs, benefits of each project
• Incorporate into annual budgeting process
CIP Projects - Initial Ranking Process

• Staff compiled initial list of projects (previous studies, Comp Plan recommendations, public input)

• Divided into 4 Project Categories
  • Facilities, Quality of Life, Transportation, Utilities

• Information Sheet for each project
CIP Project Ranking
10 Categories, 2 Groups

Community
- Public Health & Safety
- Economic Development
- Land Development / Growth
- Community Reinvestment
- Quality of Life

Organizational
- Impact on Operational Budget
- Cost Sharing
- Regulatory Compliance
- Leveraging
- Environmental Enhancement
CIP Project Ranking Process

• Each of the 10 categories were scored based on importance by staff and the Steering Committee
• Each group was scored separately
• Scores were then averaged
• Higher-scoring criteria received greater weighting in overall score

BASTROP COMPREHENSIVE PLAN UPDATE

C.I.P. RANKING EXERCISE

Please help us determine which criteria should be weighted most heavily during the Capital Improvements Programs scoring exercise.

Please score the following criteria on a scale of 1-5 based on their importance to you, with one (1) being MOST important and five (5) being LEAST important. Please score Community Goals and Operational Goals separately.

COMMUNITY GOALS

☐ Public Health and Safety. The project will directly or indirectly improve public health and safety – either by reducing a known/existing health or safety hazard, or mitigating a potential hazard that may negatively impact the general public if not addressed.

☐ Economic Development. The project will increase the marketability and/or development potential of one or more properties. The project may support one or more economic development goals and objectives referenced in the comprehensive plan, redevelopment plan, or other relevant City-adopted planning document.

☐ Land Development and Growth. The project is consistent with and will promote the recommended development patterns contained in the Bastrop Comprehensive Plan – particularly the recommendations contained in the Bastrop Growth Program and Bastrop Future Land Use Plan.

☐ Community Reinvestment. The project improves the living standards in existing residential neighborhoods, or reinvestment potential within established commercial areas – particularly those areas that exhibit conditions of blight. The project’s impact is associated with a tax increment reinvestment zone, neighborhood improvement district, or other public reinvestment tool.

☐ Quality of Life. The project will improve Bastrop residents’ quality of life by enhancing community aesthetics, promoting local heritage, preserving historic resources, providing recreational opportunities, promoting healthy lifestyles, and/or conserving natural resources.

OPERATIONAL GOALS

☐ Impact on Operational Budget. The project will add to the City’s annual maintenance and operations costs. The project will require new personnel to operate and/or new equipment or other expenditures to maintain. Conversely, the project will reduce long-term municipal operational costs through savings in staff time, energy efficiency, etc. The project may have the opportunity to generate revenues.

☐ Cost Sharing. The project can/will be fully or partially funded through non-municipal sources such as private development funds, grants, agency donations, and other external sources. Completion of the project may involve direct participation by other partners in the form of labor and/or materials.

☐ Regulatory Compliance. The project assists the City in meeting a federal, state, or other regulatory mandate.

☐ Leveraging. The project may be coupled with other projects due to timing and/or location. Other projects are dependent on completion of the listed project.

☐ Environmental Enhancement. The project improves natural habitat or ecology that may have been negatively impacted by prior human activity or a natural event. Environmental enhancements may be directly enjoyed by Bastrop residents through access and passive recreational activities.

- **Environmental Enhancement.** The project improves natural habitat or ecology that may have been negatively impacted by prior human activity or a natural event. Environmental enhancements may be directly enjoyed by Bastrop residents through access and passive recreational activities.
#1 Public Health and Safety

The project will directly or indirectly improve public health and safety - either by reducing a known/existing health or safety hazard, or mitigating a potential hazard that may negatively impact the general public if not addressed.

1. Does the project directly impact the public health and safety of Bastrop residents? To what degree?
2. Does the project indirectly enhance community-wide health or safety?
3. Does the project pro-actively mitigate a hazardous condition? Will it promote community resiliency in the event of a disaster?
#2 Quality of Life

The project will improve Bastrop residents’ quality of life by enhancing community aesthetics, promoting local heritage, preserving historic resources, providing recreational opportunities, promoting healthy lifestyles, and/or conserving natural resources.

1. Does the project improve community aesthetics or otherwise assist in development/maintaining a preferred community image?

2. Does the project enable or support the preservation of a cultural, historical, or natural resources?

3. Does the project provide greater citizen access to recreational opportunities that support healthy lifestyles?
1. Does the project have the potential to promote economic development in a new area of town?

2. Does the project implement plans or policy documents adopted or endorsed by the City of Bastrop?

The project will increase the marketability and/or development potential of one or more properties. The project may support one or more economic development goals and objectives referenced in the comprehensive plan, redevelopment plan, or other relevant City-adopted planning document.
1. Will the cost of the project be split between the City of Bastrop and one or more other sources?

2. Is City financial commitment to the project required to utilize substantial funds from another source?

The project can/will be fully or partially funded through non-municipal sources such as private development funds, grants, agency donations, and other external sources. Completion of the project may involve direct participation by other partners in the form of labor and/or materials.
#5 Impact on Operational Budget

The project will add to the City’s annual maintenance and operations costs. The project will require new personnel to operate and/or new equipment or other expenditures to maintain. Conversely, the project will reduce long-term municipal operational costs through savings in staff time, energy efficiency, etc. The project may have the opportunity to generate revenue.

1. Does the project require additional personnel to operate?
2. Does the project create a significant increase in Bastrop's annual maintenance budget?
3. Will new equipment be required to support the long-term operation of the project?
4. Will the project result in operational efficiencies?
5. Will the project be used to generate revenue or the City? Will revenue generated mitigate annual operations costs?
The project may be coupled with other projects due to timing and/or location. Other projects are dependent on completion of the listed project (including a study).

1. May the project be constructed in conjunction with another CIP project?

2. Will completion of the project allow for other CIP projects to be initiated?
1. Does the project satisfy one (1) or more existing regulatory mandates?
2. Will the project impact foreseeable regulatory compliance issues?

The project assists the City in meeting a federal, state, or other regulatory mandate.
#8 Community Reinvestment

The project improves the living standards in existing residential neighborhoods, or reinvestment potential within established commercial areas – particularly those areas that exhibit conditions of blight. The project’s impact is associated with a tax increment reinvestment zone, neighborhood improvement district, or other public reinvestment tool.

1. Does the project create reinvestment in a previously developed portion of Bastrop?
2. Does the project support other public reinvestment activities within the vicinity.
3. Does a traditionally underserved area or population benefit from the project?
1. Does the project support the development of land uses that are recommended in one (1) or more City plans?

2. Does the project channel development activities to areas recommended by the Bastrop Growth Program?

The project is consistent with and will promote the recommended development patterns contained in the Bastrop Comprehensive Plan – particularly the recommendations contained in the Bastrop Growth Program and Bastrop Future Land Use Plan.
1. Does the project improve an environmental condition in or around Bastrop?
2. Does the project abate an environmental hazard?
3. Does the project improve wildlife habitat?

AGENDA ITEM: 5D

TITLE:
Discuss Capital Improvement Plan Community Survey.

STAFF REPRESENTATIVE:
Lynda Humble, City Manager

BACKGROUND/HISTORY:
As a part of this year's budget process, the City will develop a Five (5) Year Capital Improvement Program (CIP). To be included in the CIP, the project must cost $100,000 or more and have a lifespan of at least ten (10) years. On-going maintenance is not considered a CIP project. As a part of this process, Council will be asked to evaluate projects based on the Capital Improvement Scoring Criteria, as discussed in Item 5C.

POLICY EXPLANATION:
It is important to receive citizen feedback on the projects that they would like to see included in the Capital Improvement Program. Therefore, a survey will be posted on the City's website starting March 1st through March 30th. This survey will ask several questions. First, what is the capital need that the citizen believes is important? Next, why does the citizen believe it is important? A printable survey will be available should someone want to print it and mail in their response. Citizens will be asked to provide their address to ensure that only Bastrop residents, who ultimately will pay for these projects, are providing input.

At the close of the survey process, City Engineer Wesley Brandon will compile the data to present at the April 19th Workshop.

CITIZEN COMMENTS

At this time, three (3) minute comments will be taken from the audience on any topic. To address the Council, please submit a fully completed request card to the City Secretary prior to the beginning of the Citizens’ Comment portion of the Council meeting. In accordance with the Texas Open Meetings Act, if a citizen discusses any item not on the agenda, City Council cannot discuss issues raised or make any decision at this time. Instead, City Council is limited to making a statement of specific factual information or a recitation of existing policy in response to the inquiry. Issues may be referred to City Staff for research and possible future action.

To address the Council concerning any item on the agenda, please submit a fully completed request card to the City Secretary prior to the consideration of that item.

It is not the intention of the City of Bastrop to provide a public forum for the embarrassment or demeaning of any individual or group. Neither is it the intention of the Council to allow a member of the public to slur the performance, honesty and/or integrity of the Council, as a body, or any member or members of the Council individually or collectively, or members of the City’s staff. Accordingly, profane, insulting or threatening language directed toward the Council and/or any person in the Council’s presence will not be tolerated.

City Secretary Ann Franklin
MEETING DATE: February 13, 2018

TITLE:
Hold public hearing and consider action to approve the first reading of Ordinance No. 2018-02 of the City Council of the City of Bastrop, Texas, Granting a Conditional Use Permit to allow a Mini-Warehouse use for Lot 1 of the Beck, N.H.P., & Prokop Subdivision, Section 2, located at 510 West SH 71, within the city limits of Bastrop, Texas; as shown in “Exhibit A”; setting out conditions; repealing conflicting provisions; providing a severability clause; and establishing an effective date and move to include on the February 27, 2018, agenda for a second reading.

STAFF REPRESENTATIVE:
Jennifer C. Bills, AICP, Assistant Planning Director

ITEM DETAILS:
Site Address: 510 West SH 71
Total Acreage: 2.671 acres
Legal Description: Beck, NHP, & Prokop Subdivision, Section 2, Lot 1 (Attachment 5)
Property Owner: TXT Holdings – Bastrop, LTD.
Agent Contact: Christine Methvin/CBD, Inc.
Existing Use: Vacant/Undeveloped
Existing Zoning: Commercial-2 (C-2)
Future Land Use: General Commercial

BACKGROUND/HISTORY:
The applicant would like to construct a new mini-storage building on the currently undeveloped lot. The development would consist of a two-story, 97,200 square foot building, with 14 parking spaces and onsite detention pond. There is also an existing billboard on the site that will remain.

Site Layout
Attachment 2
The building will include exterior bay doors for the storage units and have an architectural tower element for visual interest. The exterior building material will be 100 percent masonry on the front and 50 percent on the sides and rear (excluding doors and windows).

PUBLIC COMMENTS:
Notifications were mailed to seven adjacent property owners on January 4, 2018. At the time of this report, two responses were received, one with no objection and one opposed to the CUP (Attachment 4).

POLICY EXPLANATION:
The purpose of conditional uses is to allow certain uses in districts that under most circumstances would not be compatible with other permitted uses, but may be compatible if certain conditions and development restrictions are met. A Conditional Use Permit (CUP) is adopted by ordinance, similar to a standard zoning request, with public hearings at the Planning & Zoning Commission and City Council meetings, as well as two ordinance readings at separate City Council meetings.

Compliance with 2036 Comprehensive Plan:
Future Land Use Plan – General Commercial: The General Commercial character area supports local and regional businesses that rely on heavy traffic volumes and the visibility that is associated with being located near major roadways. General Commercial developments typically involve varying development intensities, from smaller locally
owned shops to big box retailers. These areas are predominantly auto-oriented, with large accessory parking areas.

This Conditional Use Permit does not strictly comply with the Future Land Use Plan. Mini-warehouse uses generally generate low traffic volumes and do not require high levels of visibility that one would normally associate with properties with State Highway 71 frontage. While the use can be appropriate in the General Commercial area, locations off major thoroughfares may be better suited to this use.

The proposed use is generally compatible with the land use and base zoning district; however, a mini-warehouse use may not be the best use of this property from an economic and retail perspective.

Code of Ordinances Chapter 14 – Zoning
Per Section 33.2 Conditional Use Permit Regulations, the Planning & Zoning Commission and City Council may consider the following for approval of a requested CUP:

1. The use is harmonious and compatible with surrounding existing uses or proposed uses;

   The surrounding uses are a mix of small-scale retail service, medical office, and restaurant uses. Other adjacent tracts to the south are currently undeveloped, and future uses will be commercial. A mini-warehouse use is compatible with these uses.

2. The activities requested by the applicant are normally associated with the permitted uses in the base district;

   The activities associated with a self-storage facility include occasional car and truck traffic, and the storage of personal items on site. These are normally associated within the permitted Commercial 2 (C-2) district.

3. The nature of the use is reasonable;

   The mini-warehouse use of approximately 97,200 square feet is reasonable for this commercial area.

4. Any negative impact on the surrounding area has been mitigated;

   There are no anticipated negative impacts from this use on the surrounding area.

5. That any additional conditions specified ensure that the intent of the district purposes are being upheld.

   No additional conditions are recommended by staff.
Standard Conditional Use Permit Conditions

The conditions below are standard CUP requirements included in the Ordinance. The Planning & Zoning Commission and City Council can consider additional conditions to mitigate negative impacts or conflicts with the surrounding uses.

1. Construction shall be in conformance with all City of Bastrop regulations.
2. All necessary permits for the proposed development shall be acquired prior to occupying the building.
3. A Building Permit shall be applied for and secured within one year from the date the Conditional Use Permit is granted (second reading of the ordinance).
4. No building, premise, or land used under a Conditional Use Permit may be enlarged, modified, structurally altered, or otherwise significantly changed unless an amended Conditional Use Permit is granted for such enlargement, modification, structural alteration, or change.

FUNDING SOURCE: N/A

PLANNING & ZONING COMMISSION REPORT:
The P&Z held a public hearing on January 25, 2018 and recommended approval of the CUP to allow a Mini-Warehouse use by a vote of 8-0.

The Commission had a couple questions and comments regarding the appearance and height of the structure.

- What is the overall stories/height of the structure?
  The applicant clarified that there will be a partial second story and that there will be a tower element over the front office section to add visual appeal. The maximum height for the C-2 district is 35 feet.

- Does the conceptual rendering provided depict the actual appearance of the building?
  The applicant stated that the building will meet all exterior building material requirements of 100% masonry on the front and 50% on the side facades. The applicant cited recent projects in Round Rock and Westlake in which they worked within the requirements of the city to match the local architectural styles.

- Commission members requested that the finished project look better than the conceptual design.

- Will the driveway access be able to accommodate trucks that will utilize the storage?
  There is an existing driveway access that will be redesigned during the site plan review with necessary criteria to accommodate truck traffic.
LEGAL ANALYSIS:
If the City Council is not prepared to approve the CUP at this time, a motion can be made to refer the item back to the Planning & Zoning Commission for further deliberation to address possible Council concerns.

A denial of the CUP needs to be based on the criteria of the Code items included above and the Comprehensive Plan.

All conditions attached to the CUP should be designed to mitigate the adverse effects of the project on the area. The City can look at issues such as exterior design, lighting, landscaping, etc., to evaluate how the building fits into the space.

RECOMMENDATION:
Hold public hearing and consider action to approve the first reading of Ordinance No. 2018-02 of the City Council of the City of Bastrop, Texas, Granting a Conditional Use Permit to allow a Mini-Warehouse use for Lot 1 of the Beck, N.H.P., & Prokop Subdivision, Section 2, located at 510 West SH 71, within the city limits of Bastrop, Texas; as shown in “Exhibit A”; setting out conditions; repealing conflicting provisions; providing a severability clause; and establishing an effective date and move to include on the February 27, 2018, agenda for a second reading.

RE: Project Description Letter — Conditional Use Permit, Bastrop Self Storage
510 W. SH 71, Bastrop, TX, 78602

Date: 12/04/2017
CBD Project Number: 4960

Dear Mr. Brandon,

Please find attached a Conditional Use Permit application package for a Self-Storage site proposed at 510 W. SH 71 within the Bastrop City limits. The current lot of record is zoned C-2, Commercial District (Heavy), which allows for Self-Storage (mini-warehouse) use with a Conditional Use Permit per Bastrop Code of Ordinance, Chapter 14 Zoning, Section 36.10.

The proposed project contemplates construction of a two-story Self Storage facility constructed on an existing lot of record along the eastbound SH 71 Frontage Road. The cleared, vacant tract, improved with a Billboard and concrete driveway turnout, was previously utilized as a Self Storage Facility with the old improvements removed in early 2010. The proposed development consists of a two story 48,600 sf building (97,200 total building area), 14 parking spaces, associated sidewalks and driveways, and an appropriately sized detention pond. The site will have less than 65% impervious cover and will include a detention pond sized per code. Included within the application are conceptual building renderings. The submitted renderings are illustrative only and intend to indicate general design intent. The proposed building will comply with Exterior Construction requirements including 100% masonry (excluding doors, windows, glazing, siding per code) for the SH 71 frontage and 50% masonry (excluding doors, windows, glazing, siding and front elevation per code) for the remaining building facades. The building is currently contemplated to have an architectural tower element over the office area to assist in articulation and for visual interest. The tower element will be within the maximum 35’ height established by code.

The request for Conditional Use Permit for this site is made as the proposed site use is harmonious and compatible with the adjoining uses, is consistent with past and current proposed land uses, reflects a reasonable use of the property with impacts reasonably mitigated, and will provide a service that is needed. Without the approval of the CUP the proposed project cannot occur.

Attached is a completed application with associated documents. If additional information is required, please contact me at (512) 280-5160.

Sincerely,
Carlson, Brigance & Doering, Inc.

- Future Land Use
  - General Commercial

- Zoning
  - C-2, Commercial - 2
Public Comment

Seven notifications mailed to surrounding properties.

- One no objection.
- One opposed.
Conditional Use Permit Requirements

1. The use is harmonious and compatible with surrounding existing uses or proposed uses;

2. The activities requested by the applicant are normally associated with the permitted uses in the base district;

3. The nature of the use is reasonable;

4. Any negative impact on the surrounding area has been mitigated;

5. That any additional conditions specified ensure that the intent of the district purposes are being upheld.
Staff Analysis

- Use meets all of the CUP Requirements.

- Generally complies with the Future Land Use Plan.
  - General Commercial recommends uses with heavy traffic volumes and the need for high visibility.

- Use is compatible with Commercial – 2 base zoning.

- May not be the best use from an economic and retail perspective.

- City Council can add conditions that would mitigate a negative impact of the mini-storage use to insure the intent of the base district is being upheld.
Standard Conditions

1. Construction shall be in conformance with all City of Bastrop regulations.

2. All necessary permits for the proposed development shall be acquired prior to occupying the building.

3. A Building Permit shall be applied for and secured within one year from the date the Conditional Use Permit is granted (second reading of the ordinance).

4. No building, premise, or land used under a Conditional Use Permit may be enlarged, modified, structurally altered, or otherwise significantly changed unless an amended Conditional Use Permit is granted for such enlargement, modification, structural alteration, or change.

- No additional conditions are proposed by staff.
Planning & Zoning Commission Recommendation

• P&Z held a public hearing on January 25, 2018 and voted 8-0 to recommend approval of the Conditional Use Permit.

• Comments and concerns:
  • Appearance – will meet all exterior building and site plan requirements.
  
  • Driveway access – existing driveway, will be redesigned during site plant review.
Council Action

• A denial of the CUP needs to be based on Code requirements.

• Council can motion to send the item back to P&Z for further deliberation to address concerns.

• Additional conditions to mitigate any adverse effects can be added.
  • Exterior design, lighting, landscaping, etc.

MEETING DATE: February, 13, 2018
AGENDA ITEM: 9B

TITLE:
Consider action to approve Resolution No. R-2018-09 of the City Council of the City of Bastrop, Texas approving the Bylaws of the Youth Advisory Council; as attached in Exhibit A; providing for a repealing clause; and establishing an effective date.

STAFF REPRESENTATIVE:
Trey Job, Managing Director of Public Works & Leisure Services

BACKGROUND/HISTORY:
Mrs. Megan Brandon, a 9th Grade Social Studies Research Methods Teacher at Colorado River Collegiate Academy, has four (4) classes working with a program called Generation Citizens. St. Edwards and University of Texas college students serve as democracy coaches. Generation Citizens is an action-civics curriculum where students select a community issue, research it, and come up with a potential solution. These students are some of the first in the state and central U.S. to take part in this program. To date, this program has only been available in Boston, New York, San Francisco, and Connecticut.

Mrs. Brandon’s third period class identified few opportunities for youth activities and leadership in Bastrop. Their identified solution to help solve this issue is a Youth Advisory Council, which they presented to Council for consideration on May 9, 2017. City Council was supportive of this concept.

POLICY EXPLANATION:
An Ordinance establishing the YAC was approved by the Council on January 9, 2018. This 12-member board will serve as a conduit to the youth of the Bastrop community. City Council is being asked to approve bylaws for the YAC, which Mrs. Brandon’s class has been working diligently to create. These bylaws will establish the terms of membership, residency requirements, terms, attendance, officers, and number of members. The Bylaws also determine the terms of office, and what constitutes a quorum. The officers’ duties are also explained in detail.

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF BASTROP, TEXAS
APPROVING THE BYLAWS OF THE YOUTH ADVISORY COUNCIL; AS
ATTACHED IN EXHIBIT A; PROVIDING FOR A REPEALING CLAUSE; AND
ESTABLISHING AN EFFECTIVE DATE.

WHEREAS, The City Council has appointed the City Manager as the Chief Administrative
Officer of the City; and

WHEREAS, The City Manager is responsible for the proper administration of all affairs of
the City; and

WHEREAS, The City of Bastrop has an interest in supporting opportunities for youth
activities and leadership in Bastrop and Bastrop County; and

WHEREAS, The City of Bastrop has recognized the need to promote an action-civics
curriculum where students select a community issue, research it, and come up with a potential
solution; and

WHEREAS, the City Council finds that a very significant public interest is served by
development and support of the Youth Advisory Council, which was created January 9, 2018; and

WHEREAS, the purpose of the Youth Advisory Council is to provide Bastrop youth with
an active role in addressing community issues, serve as a voice for youth in all aspects of the
community, and learn about local government; and

WHEREAS, more specifically, the Youth Advisory Council will promote interest, receive
input from the youth of the Bastrop Community to develop, promote, and sustain programs and
activities for the youth of the City of Bastrop and the surrounding communities within the Bastrop
Independent School District; and

WHEREAS, the Youth Advisory Council shall study, investigate, and research what other
communities are doing to have the young adults become an integral part in the development of
the community; and

WHEREAS, the Youth Advisory Council will strive within their capabilities to further the
development of our community.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF
BASTROP, TEXAS:

Section 1: That the City Council hereby authorizes approval of the Bylaws of the Youth
Advisory Council, as attached in Exhibit A.

Section 2: All orders, ordinances, and resolutions, or parts thereof, which are in conflict or
inconsistent with any provision of this Resolution are hereby repealed to the extent of such
conflict, and the provisions of this Resolution shall be and remain controlling as to the matters
resolved herein.

1
Section 3: That this Resolution shall take effect immediately upon its passage, and it is so resolved.

DULY RESOLVED AND ADOPTED by the City Council of the City of Bastrop this 13th day of February, 2018.

Meeting Information

Members are expected to commit and attend at least 80% of the scheduled monthly YAC meetings and participate in many of the additional service opportunities provided. Please note the meeting dates and times will be sent out via email. Each YAC member is required to inform the Staff Liaison if he or she will not be attending a meeting. Notice of each meeting will be emailed to the student at least one (1) week prior to the meeting, making it essential that students are checking and responding to all YAC emails.

Importance of Attendance

Attendance at monthly YAC meetings is critical to the success of Bastrop’s Youth Advisory Council and to ensuring that each meeting has a reflective representation of the teen community in Bastrop. Because enrollment is limited, attendance becomes even more crucial. Due to the importance of attendance, members are asked to sign a commitment form acknowledging the following:

- Failure to attend and participate in less than 80% of meetings and events may result in immediate dismissal from the YAC.
- School activities are an acceptable absence excuse. Members are required to contact the Staff Liaison or District Liaison to inform them of a school activity that would prevent attendance at a YAC meeting or event. Failure to notify the Staff Liaison or District Liaison will result in an unexcused absence.
- Family emergencies are acceptable absence excuse but verification by a parent may be requested.

Central Texas Clean Air Coalition
of the
Capital Area Council of Governments

Article I – Name, Purpose, Responsibilities

The Central Texas Clean Air Coalition, herein after known as the “CLEAN AIR COALITION”, is a voluntary, unincorporated association which became linked with the Capital Area Council of Governments (CAPCOG) by a resolution that was adopted November 13, 2002.

The purpose of the CLEAN AIR COALITION is:

- To develop, adopt and implement a clean air plan to achieve and maintain compliance with federal ground-level ozone standards for the counties of Bastrop, Caldwell, Hays, Travis and Williamson;
- To establish and monitor a regional effort toward the improvement of air quality;
- To develop policies and strategies that will provide guidance for each of its independent governing bodies about actions that will achieve clean air in Central Texas;
- To work cooperatively to achieve clean air standards that will protect public health and yet allow local governments the flexibility to select measures best-suited to each community’s needs and resources; and
- To provide CAPCOG executive committee with recommendations for administering funding provided by local sources for the purpose of supporting the regional air quality plan or program implementation, assessment, and improvement activities in Central Texas.

Article II – Membership

Members

CLEAN AIR COALITION members are organizations that support the regional effort toward improvement of air quality in the Austin-Round Rock MSA.

Membership Categories

There are two categories of membership for the CLEAN AIR COALITION: general members and supporting members.

General members shall be local governments or Independent School Districts within the Austin-Round Rock Metropolitan Statistical Area (MSA). The governing boards of general members must ratify the current clean air plan, commit to implementing selected emission reduction measures.

Supporting members shall act within their individual organizations to support the purpose of the CLEAN AIR COALITION and report their actions to the CLEAN AIR COALITION or CAPCOG liaison upon request.
Supporting members are not required to appoint a representative to the CLEAN AIR COALITION meetings and are not allowed to vote.

While organizations other than local governments or school districts in the Austin-Round Rock MSA may be supporting members, only local governments or independent school districts in the Austin-Round Rock MSA may participate in the CLEAN AIR COALITION under.

Changes in Membership Categories
Members may change their membership category if they meet eligibility requirements and are endorsed by a majority vote of the CLEAN AIR COALITION.

Representatives
Representatives to the CLEAN AIR COALITION will include elected officials appointed by governing bodies for the general members of the CLEAN AIR COALITION. Each general member’s governing body appoints by resolution one elected official to serve on the Coalition and shall provide written notification to the CAPCOG staff liaison.

Terms
1. The term of appointment for a member of the CLEAN AIR COALITION shall begin on the date of appointment by the member’s governing body, and will terminate December 31st in odd numbered years.
2. There is no limit to the number of times that a member may be re-appointed. In the case of a vacancy, the CAPCOG staff liaison shall notify the member’s governing body and that body shall appoint a replacement.

Vacancy
A vacancy occurs when:

1. A member dies;
2. A member’s term expires and the member is not reappointed;
3. A member is no longer an elected official;
4. A member resigns; or
5. A member is removed.

Attendance
1. Members are expected to attend all meetings; attendance records will be maintained.
2. If within one calendar year a member misses (and does not send a representative) two (2) consecutive meetings the member’s governing body will be notified in writing. The member’s governing body will have the option of replacing the member, if appropriate.
3. A voting member of the CLEAN AIR COALITION may designate a proxy to attend regular and special meetings in that member’s place. The proxy’s attendance will be credited for the
member's annual attendance but will not be counted toward the quorum. The designated proxy will not be eligible to vote, but may participate in discussion as needed to communicate the support, concerns, or questions of the organization being represented.

**New Members**
Membership may be expanded by majority vote of the CLEAN AIR COALITION. If new members are eligible for more than one membership category, new members may choose the membership category they wish to participate under.

**Article III - Officers**

**Election**
Election of a Chair and up to two (2) Vice-Chairs will occur at the first meeting of each odd-numbered calendar year, with the following representation:

- At least one (1) officer from a local governing bodies in Travis County;
- At least one (1) officer from a local governing body in either Williamson or Hays Counties; and
- Up to one (1) additional officer from a local governing body in any of the MSA counties.

**Terms**
1. Officers serve two-year terms.
2. Officers may serve a maximum of two (2) consecutive terms.

**Vacancy**
In the event an Officer is unable to fulfill his/her term, the remaining Officers move up to fill open positions. The CLEAN AIR COALITION may elect a replacement, at a regular or specially called meeting, to ensure a full complement of Officers for the remainder of the unexpired term.

**Duties**
1. The Chair shall preside at all meetings of the CLEAN AIR COALITION.
2. Vice-Chairs shall perform all the duties of the Chair in the case of absence or disability and such other duties as may arise, from time to time, when required or requested by the CLEAN AIR COALITION.
3. In case the Chair and Vice-Chairs are absent or unable to perform their duties, the CLEAN AIR COALITION may appoint a Chair pro tem.

**Other Officers**
The CLEAN AIR COALITION may elect other Officers from time to time to carry out its responsibilities. This may be done by a simple majority vote of the CLEAN AIR COALITION members at any regularly scheduled meeting where a quorum is present.
Article IV - Meetings

Regular Meetings
1. The CLEAN AIR COALITION shall meet on a day, time and place specified by the Chair of the CLEAN AIR COALITION.
2. Written notice, including an agenda, of each regular meeting shall be prepared by the CLEAN AIR COALITION liaison and mailed, or electronically transmitted, or hand-delivered to each CLEAN AIR COALITION member at least five (5) business days before the meeting date.
3. The Chair has the discretion to allow meetings to be conducted via teleconference or video conference.

Special Meetings
1. The CLEAN AIR COALITION shall meet specially, if called by the CLEAN AIR COALITION Chair or requested in writing by at least one-third of the membership, excluding vacancies, of the CLEAN AIR COALITION.
2. A request by the membership for a special meeting must be in writing, addressed to the Chair, and describing the purpose or purposes of the meeting. Only that business reasonably related to the purpose or purposes described in the request may be conducted at a special meeting.
3. Notice of any special meeting shall be given at least 72 hours prior to the special meeting.

Quorum and Action
1. Members or designated representatives present from a majority of the Counties in the Austin-Round Rock MSA constitute a quorum for conducting CLEAN AIR COALITION business.
2. A majority vote of the members or designated representatives present at an established quorum meeting is necessary for action by the CLEAN AIR COALITION for the entire meeting.

Open Meetings and Records
1. All meetings of the CLEAN AIR COALITION shall be open to the public. It is the intention of the CLEAN AIR COALITION that meetings be open to the public.
2. Minutes or meeting notes of the CLEAN AIR COALITION meetings, documents distributed and other records will be kept at CAPCOG. The CAPCOG liaison shall be the recording clerk. The recording clerk shall keep recordings of all CLEAN AIR COALITION meetings for a period of one (1) year after each meeting; print copies of summary minutes for each meeting shall be permanently maintained on file. These materials are available for public view, at the CAPCOG offices, upon receipt of a written request by the interested party.
3. Except where these bylaws require otherwise, Robert’s Rules of Order shall govern the conduct of CLEAN AIR COALITION meetings.
Professional Conduct
CLEAN AIR COALITION members should maintain objectivity and professionalism when carrying out business of the CLEAN AIR COALITION.

Sub-Committees:
The CLEAN AIR COALITION may create ad hoc committees or technical sub-committees as deemed appropriate.

Article V – Amendments by the Clean Air Coalition

Authority of the CLEAN AIR COALITION
CLEAN AIR COALITION may amend these bylaws at a regular or specially called meeting. The written text of a proposed amendment must be included with the notice of the meeting at which the amendment will be considered.

Effective Date
An Amendment to the bylaws takes effect when approved by the CLEAN AIR COALITION unless the amendment specifies a later effective date. Copies of amended bylaws will be distributed to CLEAN AIR COALITION members by the CAPCOG liaison.
