RECREATION

PICKLEBALL CLINIC

Pickleball is THE fastest growing sport in the United States. Its popularity is unmatched across all age groups because it's a game that is easy to learn and everyone can enjoy playing after very little coaching and practice.

Pickleball borrows a little something from Ping Pong, Tennis, Racquetball and Badminton, so it will quickly feel familiar for many starting out. Learning Pickleball is not nearly as physically demanding as tennis, but more of a workout than recreational Ping Pong. Equipment (paddles, balls and courts) are provided by the Bastrop City Recreation Program.

Ages 12 and up welcome. It is a youth and adult program. Registration required.

Starting May 10th

Monday and Wednesday

4:30-5:30pm

Location is at the Tennis courts at Fisherman's Park.

Fees are included in the monthly membership fees of the Bastrop City Rec Program.

For more information call 512-332-8805 or 512-332-8825
