RECREATION

Youth Water Safety Program

Registration is now open.

Each session will be 4 classes, Tuesday through Friday. Session #1 is at 9am each day. Session #2 will be at 10am each day. Registration per week is required. Drop ins are not permitted. The water safety program is for children ages 3 to 10 years old.

On the first day, the children will be tested and divided based on skill level. Instructors will teach each group progressively based on that skill level.

Sessions have been posted and are available for registration online and on the PushPress App. Registration is required on Tuesdays only. Tuesday's registration will cover the rest of the week. But remember, you must register for each week you want your child to participate.

Weeks of:

June 21

June 27

July 5

July 12

July 19

For more information on registration contact 512-332-8805. Registration is required because class size is limited.
