TITLE:
A proclamation of the City Council of the City of Bastrop, Texas, recognizing the month of February as Black History Month.

AGENDA ITEM SUBMITTED BY:
Ann Franklin, City Secretary

ATTACHMENTS:
• Black History Month Proclamation
WHEREAS, The origins of Black History Month can be traced to the scholar Dr. Carter G. Woodson, who created the Association for the Study of African American Life and History in 1915, because African-Americans have played a central role in our nation's history, but for too long, historians ignored or glossed over their contributions and the injustices they have suffered; and

WHEREAS, in 1926, Dr. Woodson also known as “Father of Black History” conceived a yearly celebration to help rectify the omission of African-Americans from history books, and was made official by Presidential designation in 1976; and

WHEREAS, Today, the observance of Black History Month throughout the United States stands as testament to the success of Woodson’s project and an example of how we can work together to make the teaching of history more honest; and

WHEREAS, the theme of 2022 Black History Month is “Black Health and Wellness”; and

WHEREAS, African Americans have served in all of America’s wars, from the American Revolution to present day. For example, during World War II, more than 2.5 million black men registered for the draft and experienced discrimination and segregation, yet served in every branch of the armed forces: 167,000 served in the Navy with the first thirteen African-American naval officers commissioned in 1944; 17,000 served in the Marine Corps with the first African American commissioned in 1945; 5,000 served in the Coast Guard with the first African-American commissioned in 1943; and 909,000 served in the Army; and

WHEREAS, More than 12,000 black men who served in the segregated 92nd Division received citations or were decorated for “extraordinary heroism” on the battlefield. Perhaps more famously, the Tuskegee Airmen also became legendary for their heroic feats, and in total received a Distinguished Unit Citation, several silver stars, 150 distinguished flying crosses, fourteen bronze stars, and 744 air medals; and

WHEREAS, World War II was a watershed for race relations within the Armed Forces, and it marked the beginning of the end for racial separation within Military units. In 1948 with the demand for civil rights mounting, President Harry S. Truman ordered desegregation of the Armed Services and equality of treatment and opportunity without regard to race, color, religion or national origin; and
WHEREAS, reform was slow and it was not until 1953 that segregation officially ended when the Secretary of Defense announced that the last all-black unit has been abolished; and

WHEREAS, forty years after military segregation ended, the Chairman of the Joint Chiefs of Staff, the highest military position in the Department of Defense, oversaw Operational Desert Storm in Iraq. He was an African-American named Colin L. Powell; and

WHEREAS, in honor of Black History Month the Bastrop Opera House is hosting the musical Crowns, by Regina Taylor which is the first all Black musical at the Bastrop Opera House. This is a moving and celebratory musical play in which hats become a springboard for an exploration of Black history.

NOW, THEREFORE, I, Connie Schroeder, Mayor of the City of Bastrop, do hereby recognize the month of February 2022 as:

Black History Month

And, along with the members of City Council, encourage all residents, business owners, schools, churches, and visitors to join the City of Bastrop in celebrating Black History Month with appropriate programs, ceremonies, and activities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Official Seal of the City of Bastrop, Texas to be affixed this 8th day of February, 2022.

Explanation of proposed 2022 Amendments to the Bastrop Home Rule Charter

Introduction

The City of Bastrop’s Home-Rule Charter is a foundational governmental document. Much like a municipality’s constitution, the Charter is both the legal source of authority and a limit on the City’s authority. Along with state law, it establishes the essential framework for the local government.

The Charter was last amended by the voters at an election held on in 2016. State law prevents charters from being amended more frequently than every two years. Bastrop’s Charter states that it should be evaluated at least every six years. Accordingly, the City Council of the City of Bastrop wishes to order a Special Election for the purpose of submitting to the voters certain amendments to the Charter. The City Council ordered an election to be held on May 7, 2022. Early voting starts on Monday, April 25, 2022.

The proposed Charter amendments will be adopted if approved by a majority of the qualified voters at an election held for that purpose. All registered voters of the City will be entitled to cast a vote.

At the Special Election voters can vote FOR or AGAINST each of the individual amendments to the Charter. Below are the individual propositions and brief explanations of why they are offered for consideration. Most propositions may be characterized as non-substantive clean-up edits. This is educational material, only. The City of Bastrop as an organization offers these propositions for consideration but does not advocate for or against passage of these items.

Propositions

Prop A: Shall Section 2.03 of the Charter be amended to conform with state law by removing reference to the City’s power to annex territory without consent of the inhabitants?

Explanation: Legislative changes to Texas statutory law have made it difficult to annex property without the consent of the property owners. See Texas Local Government Code Chapter 43.

Amended Text: If approved, the section will read (in relevant part):

Section 2.03 - Annexation
The Council shall have the power by ordinance to fix the boundary limits of the City
to provide for the alteration and the extension of said boundary limits, and the annexation of additional territory lying adjacent to the City, in compliance with state law with or without the consent of the territory and inhabitants annexed. During the annexation process, the Council shall provide an opportunity for all interested persons to be heard at public hearing(s), in conformance with state law….

**Prop. B:** Shall Section 3.06(6) of the Charter be amended to conform with state law creating a vacancy on the city council when a council member announces their candidacy for certain elected offices and the unexpired term of the council member exceeds one year and thirty days?

*Explanation:* The Texas Constitution has a provision commonly referred to as the *Resign to Run* rule, which automatically creates a vacancies in certain elected offices if the incumbent announces they are seeking another elected office. The *Resign to Run* rule applies (in relevant part) when certain candidates for other offices have 1 year and 30 days left on their current term. The current Charter provision only references the 1 year mark, but omits the additional 30 days.

*Amended Text:* If approved, the section will read (in relevant part):

Section 3.06 - Vacancies, Forfeiture of Office and Filling of Vacancies. The office of a Council Member shall become vacant upon the member's death, resignation, removal from or forfeiture of that office. A Council Member shall forfeit that office if the Council Member: … (6) announces his/her candidacy, or shall in fact become a candidate, in any General, Special or Primary Election, for any office of profit or trust under the laws of the State of Texas or the United States other than the office then held, at any time when the unexpired term of the Council Member then held shall exceed one (1) year and 30 days, such announcement or such candidacy shall constitute an automatic resignation of the Council position then held, as set forth in Article XVI, Sec. 65(b) of the Texas Constitution.

**Prop. C:** Shall Section 3.15(b) of the Charter be amended to authorize the city council to waive by an affirmative vote of four (4) or more Council Members the requirement that an ordinance be read in two separate meetings?

*Explanation:* State law does not require that all ordinances be read at two separate meetings before being adopted. However, the current Charter does. There are occasions when it would be expeditious and advantageous to dispense with the second reading (e.g., at the end of the year and during holiday seasons). This amendment allows waiver of the two-reading requirement if the waiver is approved by a super-majority vote of the City Council.

*Amended Text:* If approved, the section will read (in relevant part):

Section 3.15 - Ordinances in General.
(b) Procedure. An ordinance may be introduced and acted upon at any regular or special meeting of the Council. No ordinance shall be passed, except in cases of emergency, until the descriptive caption of the ordinance shall have been read in two separate meetings of the Council.

The requirement for considering ordinances and reading the descriptive caption thereof at two (2) separate meetings may be dispensed with: (1) where an ordinance relating to the immediate preservation of the public peace, health or safety is adopted as an emergency measure by a majority vote of the Council Members and such emergency ordinance shall take effect immediately upon its adoption and execution without a second consideration; or (2) when a majority vote of four or more Council Members determines through a separate motion that the first reading is sufficient for adequate consideration of the ordinance.

**Prop. D:** Shall Section 3.16 of the Charter be amended to reflect the fact that codes of technical regulations are available to the public digitally and free of charge?

**Explanation:** Technical regulations such as the *Building Bastrop Block Technical Manual* are often necessary to implement city policies regarding building and construction. State law does not require such rules to be posted online. Whether to provide technical codes online is a local policy decision. With advances in technology, it is not always necessary or feasible to print and sell hardcopy versions of the City’s Code of Ordinances. Instead, the technical codes can now be accessed by the public at-will and without fees from the City’s home page.

**Amended Text:** If approved, the section will read (in relevant part):

Section 3.16 Codes of Technical Regulations.
The Council may adopt any standard code of technical regulations by reference thereto in an adopting ordinance. The procedures and requirements governing such an adopting ordinance shall be that prescribed for ordinances generally. A copy of each adopted code of technical regulations, as well as the adopting ordinance, shall be authenticated and recorded by the City Secretary pursuant to Section 3.17. Copies of any adopted code of technical regulations shall be made available by the City Secretary digitally without charge through the City’s website for purchase at a reasonable price.

**Prop. E:** Shall Section 3.17(b) of the Charter be amended to reflect the fact that ordinances are available to the public digitally and free of charge?

**Explanation:** Ordinances are municipal rules and regulations. State law does not require ordinances be compiled into a published collection called the Code of Ordinances (i.e., codified). Whether to codify ordinances is a local policy decision. State law does not mandate how Codes of Ordinances are published when codified. Bastrop has a Code of Ordinances. With advances in technology, it is no longer necessary or feasible to print expensive hardcopy versions of the City’s Code of
Ordinances. Instead, the ordinances can now be accessed by the public at-will and without fees from the City's home page.

Amended Text: If approved, the section will read (in relevant part):

Section 3.17 Authentication and Recording; Codification
(b) Codification. All City ordinances having the force of law shall be codified. The general codification shall be adopted by the Council by ordinance and shall be published online in loose-leaf form and shall include this Charter and any amendments thereto. The official copy of the City Code in the office of the City Secretary shall be kept up to date and properly indexed. It shall not be necessary to repeat in this codification any technical codes adopted by reference. Copies of the City Code shall be available to the public digitally without charge through the City’s website furnished to City offices, placed in libraries and public offices for free public reference and made otherwise available for purchase by the public at a reasonable price fixed by the Council. Amendments to the City Code shall also be made available for purchase by the public as they become available.

Prop. F: Shall Section 5.02 of the Charter be amended to conform with state law by stating that the term of office of municipal court judges shall be provided for by ordinance?

Explanation: State law states that the city council shall provide by ordinance for the term of office of its municipal judges. The term must be for a definite term of two or four years. Tex. Gov't Code § 30.00006(d). The Bastrop Code of Ordinances provides for a two-year term. The current Charter provision states that the term is three years.

Amended Text: If approved, the section will read (in relevant part):

Section 5.02 - Judge of the Municipal Court.
The Municipal Court shall be presided over by a Judge(s). The Judge(s) shall be nominated by the Mayor and appointed by the Council for a term provided by ordinance of three (3) years to run concurrently with the term of the office of the Mayor, or for the portion of such unexpired term as may remain at the time of the appointment.

Prop. G: Shall Section 10.04 of the Charter be amended to conform with state law by requiring petitions calling for initiative or referendum elections to comply with the Texas Election Code?

Explanation: Texas Election Code Ch. 277 states that once petitions can’t be amended or supplemented (with certain exceptions) after they are filed. The current language is inconsistent with state law.

Amended Text: If approved, the section will read (in relevant part):
Section 10.04 Filing, Examination and Certification of Petitions
All papers comprising a petition for initiative or referendum shall be assembled and filed with the City Secretary as one instrument…. A petition may be amended or supplemented in compliance with the Texas Election Code at any time within ten (10) days after a notice of insufficiency has been sent by the City Secretary, by filing a supplementary petition. In such event, the same procedures shall then be followed by the City Secretary and Council as in the case of the original petition for the same purpose.

Prop. H: Shall Section 10.08 of the Charter be amended to conform with state law by requiring petitions calling for recall elections to comply with the Texas Election Code?

Explanation: Texas Election Code Ch. 277 states petitions can’t be amended or supplemented (with certain exceptions) after they are filed. The current language is inconsistent with state law.

Amended Text: If approved, the section will read (in relevant part):

Section 10.08 - Recall Election.
All papers comprising a recall petition shall be assembled and filed with the City Secretary. Within thirty (30) days after the petition is filed, the City Secretary shall determine its sufficiency and, if found to be sufficient, shall certify this fact to the Council at its next regular meeting. A petition may be amended or supplemented in compliance with the Texas Election Code. If a recall petition is found to be insufficient, it may be amended within ten (10) days after notice of such insufficiency by the City Secretary, by filing a supplementary petition.

Prop. I: Shall Section 12.01 of the Charter be amended to establish 7 as the minimum number of Planning and Zoning commissioners?

Explanation: State law does not specify the membership of a Planning and Zoning Commission; thus, it is a matter of local preference. The current size of the P&Z under the Charter is 9. The City has sometimes found it difficult to recruit 9 members, and to then meet the quorum requirement of having 5 in attendance to conduct meetings. This amendment establishes the minimum number of commissioners as 7 and allows the City Council to set the actual size of the P&Z by ordinance.

Amended Text: If approved, the section will read (in relevant part):

Section 12.01 - Planning and Zoning Commission.
There shall be established a Planning and Zoning Commission which the membership shall be established by ordinance providing for a minimum of seven (7) shall be consist of nine (9) residents, serving staggered three-year terms.
Any vacancy on the Commission shall be filled by the Council for the remainder of the unexpired term in question. Members of the Commission shall serve without compensation and may be removed by the Council at its sole discretion. The Commission shall annually elect a Chair and a Vice Chair from among its membership. A majority of members shall constitute a quorum. The Commission shall keep minutes of its proceedings and such minutes shall be of public record.

**Prop. J:** Shall Sections 14.03 and 14.04 of the Charter be repealed in their entirety as outdated, transitional provisions that are now irrelevant?

**Explanation:** These provisions are surplus language included as part of the 2010 Charter amendments as an explanation regarding the implementation of that collection of modifications, which included increasing terms of office from 2 to 3 years. They no longer have any relevance to the current Charter and will not affect any future amendments.

Section 14.03—Submission of Charter Amendment to Election.
The City Council, in preparing these Charter Amendments, finds and declares that it is impracticable to segregate each subject so that the voter may vote "yes" or "no" on the same, for the reason that the Charter is so constructed that in order to enable it to properly function it is necessary that it should be amended as set forth on the seven (7) separate ballots presented. For this reason, the City Council directs that the ballot provisions related to these Charter Amendments be voted upon as set forth on the seven (7) ballot propositions presented, and that these amendments shall be submitted to the qualified voters of the City at an election to be held on the 2nd day of November, 2010. The various Charter Amendments approved by a majority of the qualified voters, voting at this election, shall become the Amended Charter of the City of Bastrop on the date the Council enters an order in the records of the City declaring that the various approved Charter Amendments are adopted and the Home Rule Charter is, thus, Amended to include the ballot changes approved by the voters of the City of Bastrop. No amendments to the Charter are intended nor shall same be made other than those specifically approved by the voters in the upcoming election, and as noted herein.

Section 14.04—Transitional Elections/Staggered Terms.
In order to provide for a smooth transition from the former two-year terms for all Council Members to the three-year staggered terms set forth in Charter Section 3.02, the following transitional election rules shall be applied.

(1) Staggering Terms. At the first Council meeting following the approval by the electorate of three-year terms of office pursuant to the Amended Charter, then sitting Council Members, including the Mayor, shall draw lots to determine which Council places and/or Mayoral position shall be subject to a transitional length term of office, in order to provide for staggering of terms, the objective being that as stated in Section 3.02; specifically that each year, two (2) Council places, including the Mayoral position, shall be up for election for 3-year terms of office.
(2) Implementation of Staggered Terms. No City Council Member shall be required to draw lots that would result in a transitional term of less than two years or exceeding four years to accomplish the staggering of terms as set forth herein.

(3) Deadline for Accomplishing Staggering Terms. The City Council shall accomplish staggering the terms of office for all Council Member places and the Mayoral position on or before the General Election that will occur in 2015.

Prop. K: Shall the Charter be amended throughout to replace gender-specific language with gender-neutral terminology?

Explanation: The Charter is replete with gender-specific terms, including:

- his,
- his or her,
- his/her,
- him,
- him/her

Amended Text: If approved, the gender-specific wording listed above will be replaced with they, their, or theirs, as appropriate in context.

Conclusion

This explanation is provided by the City of Bastrop as educational material, only. While the City Council voted in favor of calling the Special Election to place these propositions before the voters, the City of Bastrop as an entity does not advocate for or against passage of any particular item.

TITLE:
Consider action to approve Resolution No. R-2022-26 of the City Council of the City of Bastrop, Texas enacting a policy regarding the Bastrop Economic Development Corporation.

AGENDA ITEM SUBMITTED BY:
Paul A. Hofmann, City Manager

BACKGROUND/HISTORY:
The City Council is requested to consider a resolution providing policy direction to the Bastrop Economic Development Corporation. The draft policy was developed with the assistance of Joe Esch of Esch Development Services in accordance with a workplan presented to the City Council on July 12, 2021. The attached memorandum from the City Manager chronicles the process and describes the draft policy resolution.

FISCAL IMPACT:
Not applicable

RECOMMENDATION:

ATTACHMENTS:
Memorandum from the City Manager
Draft Policy Resolution No. 2022-26
TO: Honorable Mayor and Members of the City Council
FROM: Paul A. Hofmann, City Manager
DATE: February 3, 2022
SUBJECT: Proposed Policy Direction to the Bastrop Economic Development Corporation

=======================================================================

During the February 8, 2022, City Council meeting, we will present to the City Council a resolution to adopt policy direction to the Bastrop Economic Development Corporation (BEDC). The City Council will also be asked to consider a proposed service agreement with the BEDC which would outline the services provided by the City of Bastrop relative to economic development and the funding provided for those services.

The City Manager recommends approval of the policy resolution and the support services agreement.

Background

The City Council and the BEDC met in joint session on July 12, 2021. A significant area of discussion was how to align the City Council’s Focus Areas and priorities with the strategic objectives of the BEDC. A question raised by the BEDC Interim Director during the discussion was, "[w]hat is the City’s vision?"

On September 10, 2021, the Mayor, City Manager, BEDC Chair, BEDC Interim Director, and attorneys for both entities met to discuss the next steps following the July 12 joint session. During this meeting, BEDC attorney Charlie Zech suggested (correctly) that the City of Bastrop had not recently provided sufficient policy direction to the BEDC.

The City of Bastrop took this suggestion seriously. The City Manager entered a contract with Joe Esch of Esch Development Services to facilitate the creation of clear and concise economic development policy direction from the City Council.

Policy Development Workplan

The scope of Mr. Esch’s work and a workplan was presented to the City Council on October 12, 2021. The desired outcome was described as the creation of a clear and concise policy directive regarding:

- Alignment of the purpose of the BEDC with the City of Bastrop
- Role of the BEDC in support of the city’s economic development efforts
- Operational relationship between the BEDC and the City
- Roles and responsibilities of the board and staff of the BEDC

The workplan included:

- A presentation to the BEDC to inform them of the plan to develop the policy direction (held on November 15, 2021)
- In-person interviews with Board Members, Council Members, the Interim Director, and the Assistant City Manager for Community Development
- A facilitated Council workshop (held on December 13, 2021)
- An update to the BEDC following the Council workshop (held on January 24, 2022)
Council consideration of the policy direction (on the February 8, 2022 City Council agenda)

December 13 City Council Workshop
Topics covered during the December 13 workshop were:

- The need for clear understanding of roles between the City Council, BEDC, and staff
- The importance of alignment with the Council’s Focus Areas, especially “Manage Growth”
- A common definition of economic development, which involves the use of public resources in conjunction with private development, with the ultimate outcome of public benefit
- The consultant’s observations, including insight from the interviews
- An outline of policy recommendations

January 24 BEDC Meeting
Mr. Esch attended the January 24 meeting of the BEDC with the intention of presenting the results of the Council workshop.

Feedback received from some board members and staff during January 24 meeting included:

- Concern that the interviews did not include BEDC staff other than the Interim Director, as previously requested by a board member
- Concern that a standard set of interview questions was not used
- A Return on Investment (ROI) analysis process was already in place
- Communication at the staff level is already happening
- The City has issues with fiduciary responsibility
- The City took illegal and inappropriate steps toward awarding a professional services contract

Response to January 24 BEDC Meeting Feedback
The issue of whom to include in the interviews was addressed in the contracted scope of services provided by Mr. Esch. The interviews were intended to receive input on the current level of policy alignment and understanding among policy makers. The interviews didn’t include staff members other than the BEDC Interim Director and the City’s Assistant City Manager for Community Development.

The request to interview other staff members, and a suggestion that the BEDC be more actively involved in policy development, was discussed, and fully addressed by the City Manager during the November 15 discussion with the BEDC.

Mr. Esch used a standard set of questions. Those questions were not shared with the interviewees beforehand. Mr. Esch did vary the questions asked in response to how each conversation progressed.

There has been no evidence of an established approach to conducting a ROI analysis on BEDC projects, even though Mr. Esch requested such evidence in writing. More to the point, there is no evidence that the Board has ever established clear objectives or standards that would be the foundation of a ROI analysis.

It is true to say staff-level communication is happening, especially after that was a point of discussion at the July 2021 joint meeting. The recommended policy will provide needed structure and documentation of staff level work toward successful outcomes.
The statements about the city’s management of finances stem from the funding of the Main Street Program. The FY 2022 Budget, as approved by the BEDC calls for $50,000 in Type B Sales Tax being allocated to the Main Street Program. The BEDC approved a funding agreement that outlined the parameters of this funding amount. I have not brought that funding agreement to the City Council, as I recommend the issue should be addressed in the policy resolution on the February 8 Agenda. In the meantime, the City implemented two monthly transfers from EDC budget to the City, in equal amounts of 1/12 of the $50,000. This approach has been standard practice for several years, but not consistent with the BEDC’s most recent requirements per their proposed funding agreement. Once concerns were brought to our attention, we reversed the transfers. Prior to the January 24 meeting, CFO Waldron met with Board Member Gossett to explain why the transfers happened and the steps taken to correct it.

I do not agree with any assertion that this is an example of fiduciary irresponsibility on the part of the City. The recommended policy will tie the annual use of Type B Sales Tax funding for the Main Street Program to the approval of the budget.

Recommended Policy and Service Agreement

It is unfortunate that some members of the BEDC board are displeased with the approach the City has taken to developing the policy direction, and potentially the recommended policy itself. Therefore, while respecting the opinions of board members, I recommend the attach policy resolution and support services agreement be approved by Council on February 8.

The recommended policy accomplishes our original intended purpose to communicate to the BEDC the City’s vision in the area of economic development. The policy:

- Recognizes the role and responsibilities of the City and the City Council
- Respects the role of the BEDC
- Expects multi-year strategic plans and annual business plans from the BEDC
- Expects the creation and implementation of a BEDC board policy on measurable goals as well as a consistent ROI analysis on projects in support of those goals
- Requires staff level coordination and inclusion of the City in all projects and Non-Disclosure Agreements as is provided for in the International Economic Development Council’s Code of Ethics
- Expects appropriate documentation of processes
- Provides for joint meetings and information sharing
- Outlines services provided by the City, where the City has in-place systems for providing those services, including capital project management, as the City has a unique responsibility for the infrastructure assets owned and maintained in perpetuity by the City.

The policy establishes an expectation of collaboration and provides the structure for that collaboration. The policy recognizes there are roles in which the BEDC should be in the lead, for example concerning the management of the Business and Industrial Park.

There are services that the City is uniquely able to efficiently provide, such as finance, information technology, and human resources. The policy and the support services agreement would add capital project management to that list of services. The City has project management procedures in place that ensure consistent approaches to project budgeting, scheduling, contract administration, construction management, and reporting. These procedures would enhance communication in those instances where the BEDC is the project owner.
Moving Forward

Economic Vitality is one, but only one of Council’s Focus Areas. The City’s approach to maintaining economic vitality is broader than the using of Type B Sales Tax funding and the offering of incentives to prospective developers. Managing Growth, another important Focus Area, is strategically connected to economic vitality. In fact, one could legitimately argue each of Council’s Focus Areas relate to the community’s economic well-being.

The nine Focus Areas are an example of how effective policymaking works. The adoption of these Focus Areas is a task unique to the City Council. While Council can and should seek input from various sources, Council can’t give away the responsibility of setting policy. This fundamental truth applies to the relationship between the City Council and each of its appointed boards. In this relationship, only Council has the broad perspective of the elected representatives of the City.

Moving forward, we realize that the adoption of the policy resolution, while a critically important foundation, does not automatically achieve alignment. However, the draft policy moves us forward toward a path for success in our efforts toward Managing Growth. The city staff team has worked, and will continue to work, to approach the relationship with the BEDC with respect and professionalism. We will avoid unnecessary and public arguments, we understand the limits of our authority, we value teamwork and good communication, and we don’t care who gets the credit because our mission is to humbly serve. We will also hold ourselves accountable for the processes we manage because accountability is the key to building trust and creating value for our City of Bastrop residents.
