Residential Electrical Permit Checklist

**Trade Permit Process Overview**

1. Complete Trade Credentials and upload required insurance/license documents at https://web.mygov.us
2. Complete Trade Application information fields and upload required documents at https://web.mygov.us for the permit
3. Staff Approval or Denial of request
   a. If denied, please see the Items Required for the reasons for the denial within permit on MyGov
4. Applicant pays any/all fees for the permit
5. Permit will be issued after approval and all fees are paid
6. Inspections are requested by contractors as progress is made towards the final inspection. Inspections are scheduled by the applicant via MyGov by 3pm for the next business day. If inspection fails, a reinspect fee must be paid prior to the next requested inspection.
