

City of Bastrop, Texas

Infill Development New Residential Construction Checklist (Single-Family and Two-Family Dwellings)

Planning Department • 1311 Chestnut Street • 512-322-8840

All applications must be submitted through MyGov (<https://web.mygov.us>). Red fields are required.

PROJECT NAME:

APPLICANT(S):

Process Overview:

1. Pre-Application Meeting as need or directed by Staff. Submit request at https://public.mygov.us/bastrop_tx
 - a. Discuss your project with staff prior to submitting an application. Staff can help identify opportunities and constraints on the proposed project, as well as provide more information on the process and procedures.
2. Complete Application and upload required documentation at <https://web.mygov.us>
3. Application review, with comments issued as needed
 - a. Applications are only accepted for review on Mondays by 4pm. Applications may be submitted any time, but review will not begin until the following Monday at 4pm.
 - i. If there are items required, we cannot accept the application for review until all items have been addressed.
 - b. After application has been accepted, review can take approximately 14 working days. This process can take longer depending on the complexity of the project and Staff workload.
 - c. Applicant resubmits Items Required with corrections/changes based on review comments.
4. Staff Approval or Denial of online application
5. Applicant pays all utility fees and ensures a Certificate of Liability Insurance is on file with the Planning Department
6. Permit issued through the MyGov portal
 - a. Inspections are scheduled by applicant via MyGov by 3pm for the next business day. If inspection fails, a reinspect fee must be paid prior to the next requested inspection.
7. Once construction is complete, final inspections have passed, and all required materials are on file with the Building Department (see below for a comprehensive list of required materials) a Certificate of Occupancy can be requested

General Information:

- All trade attachment permits are separate permits and will only be issued after the building permit is released.
 - Plumbing, Electric, Mechanical, Irrigation. Trade permits must be accepted and paid prior to the first inspection. No inspections will be performed until all Plumbing, Electrical, and Mechanical permits have been issued.
- All residential construction plans must be from a design professional, such as an engineer or architect.
- The contractor performing the work must pull the permit.
 - Exception to above: If the property owner is doing the work themselves and the property is classified as their homestead, the permit may be pulled by the property owner after they apply for a Homestead Credential in MyGov.
- If there is a Planning Application (plat, site plan, public improvement plan, warrant, floodplains, zone change, etc.) under review, the building permit will not be accepted for review until the Planning Application is approved.

***All plans must meet all City of Bastrop Codes and Standards, such as the Bastrop Building Block (B³) Code (where applicable), Pattern Book, Construction Standards, 2018 ICC Codes, etc.**

Submittal Package Checklist Items		
Applicant	Check all boxes in the Applicant column before submitting project application and documents. All checklist items must be included in the submittal, or it will not be accepted for review. If an item does not apply to your project, mark the item as N/A.	
	1.	Completed Permit Application, including Completed Checklist and required documentation https://web.mygov.us
	2.	Project Description letter (description of the scope of work being performed). All the material specifics and construction details need to be include in the plans
	3.	Plot plan showing the existing and proposed impervious cover and the total size of the lot. The plot plan must show finished floor elevation (6" above top of curb or 2' above floodplain elevation), utility meter/panel locations, top of curb height, zoning district, drainage flow directions, driveway locations, impervious cover percentage, build-to line/setback, easements, etc. See knowledge item on Sample Plot Plan.
	4.	Proof of platted lot or a Lot of Record Verification Letter.
	5.	*Location of all existing buildings, structures, fences, flatwork (patios, driveways, sidewalks, etc.), and other improvements on site. Include the distances between each site feature. If not applicable, check this box:
	6.	Proof of Ownership, or Agent Authorization Letter signed by Property Owner and Application Agent.
	7.	Ensure compliance with the Chapter 6 - Private Realm Development Standards of the Bastrop Building Block (B ³) Code.
	8.	Detailed Building Plans uploaded into MyGov. See Requirements below.

	9.	Engineered and stamped foundation plans.
	10.	REScheck per the 2018 IECC – see Dept. of Energy resource page here .
	11.	Manual J
	12.	Permit Fee (invoice will be sent after application is accepted for review).
	13.	BP&L Electrical Needs Checklist. If not served by BP&L, check this box:
	14.	City of Bastrop Tap and Impact Fee Sheet. If not served by City of Bastrop, check this box:
	15.	Floodplain Elevation Certificate. If not located in a designated floodplain, check this box:
	16.	Copy of Approved Certificate of Appropriateness. If not a Historic Landmark or in the Iredell Historic District, check this box:
